Patton Surges Forward In Big Offensive

Advance 10 Miles On Broad Front And Take Many Towns

By WILLIAM FRYE

London, Nov. 10 (AP)—Lt. Gen. George S. Patton's Third Army shook its mud shackles and surged forward in a full blown offensive today, capturing Chateau-Salins along with dozens of other towns and villages. A total advance of 10 miles was made at places in the three-day drive along a 55-mile arc around Metz.

Artillery pounded on both sides of the Maas (Meuse) in Holland as the enemy displayed nervousness at the possibility of a new offensive into northern Holland.

Lt. Gen. Courtney H. Hodges' U. S. First Army prodded the Germans with local attacks in the Hurtgen and Schmidt areas southeast of Aachen.

Within 12 Miles Of Main Highway

Lt. Gen. George S. Patton's tank-led offensive southeast of Metz plunged three miles beyond Delme today, gaining momentum and taking shape as a northeastward power drive to cut in behind the fortress city, last major stronghold remaining to the Germans in northeastern France.

Delme lies 18 miles southeast of Metz. The thrust placed Fourth Armored Division tanks within 12 miles of the main highway running eastward from Metz to Saarbrucken.

Immediately south of Delme the 80th Infantry Division captured the four-mile-long Delme ridge, a 1,200-foot mass on which the Germans had gun emplacements, a field dispatch said.

Patton's forces cut across a lateral highway on each side of the city of Chateau Salins, near the lower end of the forward-rolling 25-mile front below Metz, and captured the city, a field dispatch said.

Deepen Bridgeheads

North of Metz two new bridgeheads across the Moselle river were deepened. The offensive surged forward on a bomb-blasted 55-mile front in the wake of a tactical attack yesterday by 1,300 U. S. heavy bombers. The bridgeheads were in the area northeast of Thionville.

Infantry moved in behind the air assault and rolled forward yesterday through nine towns and villages. West of Chateau Salins they were in the Bois d'Aulnois, north of the Gremecy forest, and driving forward beyond Viviers, two miles east of Delme.

Northeast of Pont-a-Mousson another drive had passed through Cheminot, 10 miles south of Metz, and was rolling up new gains beyond the town.

Field dispatches reported indications that the enemy still was off balance from the attack, launched at dawn two days ago, and from the demoralizing and destructive effect of 4,000 tons of anti-personnel bombs dropped yesterday by more than 1,300 American heavy bombers.

Use 7 Divisions

Lt. Gen. George S. Patton, Jr., now has sent seven divisions into action—one of them the Fourth Armored Division. A dispatch from Paris said there no longer was any attempt at Supreme Headquarters to minimize the force of the onslaught, although its full scope still cannot be measured.

The scale of the attack already unfolded, however, made it plain that the Germans could not dream of any winter lull in which the Allied armies, drawn up for 500 miles through France, western Germany and Holland, would be weather-bound or shackled by supply difficulties.

There was nothing in yesterday's extravagant use of air power—the mightiest ground support effort since the St. Lo breakthrough in Normandy—to indicate that mass bombing is only a fair weather weapon. The big bombers went to their targets through icing clouds and bombed through rainstorms. Snow fell on the battlefields.

Germans Hold Ridge

A dispatch from Associated Press War Correspondent Lewis Hawkins said that Major Gen. John Wood's tanks passed along roads overlooked by Germans holding the 1,260-foot high Cote de Delme ridge three miles northwest of the captured village of Oriocourt.

"With excellent observation from this four-mile-long pass, which dominates the rolling countryside for miles around and presumably is well sported with gun emplacements, it seemed incredible that our tanks were not pounded unmercifully," said Hawkins. "But in riding with them and watching them pass for a period of more than two hours we saw no concerted shelling."

Weather Forecast

Mostly cloudy, slightly colder tonight; Saturday partly cloudy and rather cold.

German Guns Zip Seat Of Yank's Pants Three Times

By HAL BOYLE

With American Troops in Germany, Nov. 2 (Delayed) (AP)—Battle briefs:

Three times the German artillery has taken the seat of his pants off Pfc. William G. Mashburb of Covington, Ky.—but thats all. He hasn't been nicked personally.

Bill lost his first trousers seat at Brest while bending over helping dig a command post. Later he lost another while taking cover in a sunken road. The third disappeared when he took his attention off the Nazi artillery to watch a strafing plane.

Now he's on his fourth pair of pants—and looking both ways every time he stands up.

BURIED TWICE

Equally lucky is Staff Sgt. Frank V. Leeper of Washington, Pa., who twice in one day almost lost the other end of his anatomy by being buried in a foxhole by shellbursts.

Getting buried once in a foxhole no longer is a novelty in the European war, but Leeper, also a Second Division doughboy, is one of the few to survive this as a double feature within 12 hours.

One afternoon a German shell crashed nearby, caving in his foxhole and covering him completely. That night he had just crawled thankfully into a new hole when another shell buried him up to his neck. His mates dug him out again.

4 WAS ENOUGH

A patient soldier is Pfc. Troy L. Doss of Warrior, Ala., and also a stubborn soldier.

A bullet nicked his trousers leg as he was digging a foxhole. He kept right on digging. A second shot grazed his legging. He looked around, then went back to his digging. A third shot nicked his finger. Stopping only long enough to be sure it wasn't more than a scratch, he resumed his digging, this time with some irritation.

Then a fourth shot tore through his overcoat. Doss sighed and gave up. He found a less exposed site for his foxhole.

EXPERIENCE

A maintenance crew led by Lt. Tolling J. Tilton of El Paso, Texas, was repairing a tank in the Siegfried line area when German artillery opened up.

Finding the turret and guns of the tank in good order, the repair crew decided to get a little battle experience. They opened up with return fire and knocked out one particularly annoying enemy gun.

MENU: VENISON

A deer that fled through the lines of the Second Infantry division didn't have a chance. It escaped a hail of rifle bullets from hungry GIs, then ran headlong into a German booby trap.

Venison was on the menu the next day.

WON BY DECOY

Pfc. Ernest Jenico of Wilkes-Barre, Pa., played a game of hide and seek for his life with several Germans—and won by being a decoy.

Cut off and surrounded while on patrol, he made a break toward his lines with the Jerries padding after him through the woods. Exhausted, he finally flopped under a fallen tree and prepared to fight it out.

But the unwary Germans lumbered on past him—right into the arms of an American outpost, and thence to a prisoner of war cage

MARKSMANSHIP

Mortar shells flushed two German snipers from a factory building and gave Staff Sgt. Francis Courville of Bark River, Michigan, a chance to demonstrate some fancy long range shooting.

He grabbed his rifle and took a careful bead on first one Jerry and then the other. He fired only two rounds and got both.

His buddies later paced off the distance and found it was more than 600 yards to where the two dead Germans lay sprawled.

Wears Ribbon Of "Unit Citation"

(Special to The Times)

With the 15th AAF in Italy—Sgt. Harry L. Bream, 19, son of Mrs. Blanche Bream, of Cashtown, who has been serving overseas for 17 months now wears the Blue ribbon denoting the unit citation which was awarded his outfit by the President.

The unit to which he belongs recently received a presidential citation "for outstanding performance of duty in armed conflict with the enemy." Sergeant Bream is serving as a radio operator with a 15th Army Air Force B-17 Flying Fortress unit in Italy.

The citation awarded this group read in part "By the courage, heroism and determination of the air crews, together with the professional skill and devotion to duty of the ground personnel, the officers and men of this unit have reflected great credit upon themselves and the armed forces of the United States of America."

S. SGT. W. SMITH IS MISSING ON ITALIAN FRONT

Staff Sgt. Winfield Smith, 21, only son of Mr. and Mrs. George W. Smith, 329 York street, has been missing in action in Italy since October 23, a War department telegram informed his parents Thursday night.

Sergeant Smith entered the Army February 9, 1943. He had been in Italy since February of this year, his parents believe. After entering the service, Sergeant Smith trained at Camp Howze and Fort Sam Houston, both in Texas, and then was transferred in December, 1943, to an east coast embarkation port from which he went overseas.

Sgt. Smith was first sent to North Africa and then to Italy with his infantry unit in February. The Smiths received their last letter from their son November 2. It was dated October 16.

The Gettysburg soldier attended Gettysburg high school and before entering the Army in February 1943 he worked at the Gettysburg Panel company.

His parents believe he was serving with the Fifth Army forces.

DRIVER HURT IN TRUCK ACCIDENT AT NOON TODAY

A large tractor-trailer truck carrying a load of government furniture left the Emmitsburg road south of Gettysburg about noon today when the steering apparatus failed and knocked down a large tree, the driver reported.

The driver, Ray L. Oswalt, Mansfield, Ohio, said the steering gear failed to work when he attempted to make a turn and the truck ran into a ditch by the road, knocked over a tree and finally came to rest in a field. He was dazed by the accident and was taken to the Warner hospital by Harry DeGroft, Littlestown R. D., a passing motorist.

Oswalt suffered a contused chest. Dr. Bruce N. Wolff reported this afternoon. X-rays had been taken but had not been developed by 1:30 o'clock so that the extent of any further injuries could not be determined.

The truck, owned by the Allied Van Lines, Delaware, Ohio, was transporting the government furniture from St. Louis, Mo., to Washington, D. C.

Oswalt said he had stopped outside of Gettysburg before the accident occurred to investigate the apparent failure of the steering apparatus, but had continued on his way after he thought he had corrected the trouble. The accident took place about two miles from the first stop, he stated. State police from the local substation were investigating this afternoon.

Banks And County Offices To Close Armistice Day

Court house offices and banks throughout the county will be closed Saturday in observance of Armistice Day. Other business places generally will be open.

Rural mail carriers will have a holiday but one morning city delivery will be made and the office will be open until noon on regular Saturday schedule.

While court house offices will be closed, the holiday will not interfere with the official count of the election returns in Adams county. The count began at noon today.

Truck Is Damaged In Morning Blaze

Damage estimated at "several hundred dollars" was caused this morning to a farm truck owned by the Baker brothers, Gettysburg R. 1, which caught fire along the Lincoln highway east of Gettysburg about 9:45 o'clock.

Firemen from the Gettysburg company found the truck had been driven into a side road near the C. Arthur Brame property about four miles east of town. The firemen used booster tanks to extinguish the blaze which had swept from the motor to the cab by the time they reached the truck.

The truck, a one and a half-ton flat bed farm model, was being used to haul lime. All of the motor wiring, the cab and the cushions were destroyed. Firemen said the fire probably resulted from defective wiring. Two fire engines and the service truck answered the alarm.

FIREMEN GATHER 9 TONS OF PAPER

Nine tons of scrap paper, about one-half ton of tin cans and a small quantity of scrap metal was collected in Gettysburg Thursday, Vernon Corle, chairman of the borough scrap committee, reported today.

Thursday's paper collection was one of the best in a long time, Mr. Corle reported, despite the fact that only eight members of the Gettysburg fire company assisted in the work which continued from 3 until 10 p. m.

Four trucks were used, two from the Gettysburg fire company, one from the Citizens Oil company and another owned by Morris Gitlin.

WILL PRESENT SEASON'S FIRST PLAY AT G.H.S.

Modern stage lighting equipment for the use of Gettysburg high school thespians will be bought with the proceeds of the first play of the season at the school, "What a Life," to be presented next Thursday and Friday evenings, November 16 and 17, in the school auditorium.

Student committees are assisting with arrangements for the production and the cast of new and veteran talent is holding regular rehearsals under the direction of Miss Ruth Scott of the faculty.

The comedy presents an entertaining series of episodes in the life of the Henry Aldrich family, favorites in Hollywood, on Broadway and on the air. The escapades, love affairs and "headaches" of high school age youngsters and the attendant complications for their parents and teachers furnish the amusing background for the comedy's plot.

Eddie Moser will appear in the principal role of Henry Aldrich. Other leading parts will be taken by Walter Keeney, Robert Saylor, Betty Collins, Doris Gitlin, Cornelius Knorr, Betty Teeter, Robert Wentz, Doris Ann Gaines, Nancy Amick, Gene Walker, Betty Lou Baughman, William Cromer, Charles Bushman, Mary Heintzelman and Marguerite Sprankle.

Cast in "extra" roles and not previously announced are the following: Ruth Shupe, Richard Chronister, Kathleen Plattenburg, Izene Baltzley, Ethel Mattingly, Mary Lou Kranies, David Woods and Raymond Bisbing.

The Mask and Wig dramatic club at the school is sponsoring the production.

NURSES' AIDES TELL OF WORK AT CAMP LEE

Members of the Red Cross Nurses' Aide Corps of Gettysburg heard of the shortage of nurses in Army hospitals and of the urgent need for the services of nurses' aides in the report given by Mrs. Victor Goodwin and Miss Dorothy Foth, members of the local corps, who served during the month of October at Camp Lee, Va.

Their reports followed the November business meeting at the Hotel Gettysburg.

Miss Foth and Mrs. Goodwin volunteered their services for the month and were on duty for 227 hours each. They served as Red Cross volunteers and were not paid. Camp Lee is located four miles from Petersburg, Va., and accommodates about 40,000 soldiers.

A summary of the reports given by Mrs. Goodwin and Miss Foth follows:

Constant Call For Aides

"The camp has a 1,500 bed hospital and the cases cared for there are such cases as might develop with any soldier while on duty at camp. These are not casualty cases from overseas as previously rumored.

"There have been only 20 nurses on duty at this hospital, hence there is a great need for nurses' aides at all times. Each ward can take care of about 40 patients, and to each ward there is assigned one nurse and a corps boy, and whenever possible to do so, nurses' aide. To date there have not been more than 20 nurses' aides residing on the post per month.

"There is a constant call for aides, as every couple of weeks about 20 nurses are shipped out for overseas duty, and the last few months the replacements have been considerably less, reducing the staff considerably. The schedule arranges for eight hours of duty a day, with a half day off during the week and a half day off Sunday, but many days the aides did not leave their wards on the scheduled hours.

Perform Many Duties

"The duties of the nurses' aides at the hospital start at 7 a. m. by giving bed baths, making beds, taking temperatures, pulse and respirations, charting same, applying hot compresses when needed, observing patients after operations, preparing and serving trays, feeding patients, massaging, assisting in operating rooms and physio-therapy, collect-

New Rocket Bombs Soar To Height Of 60 To 70 Miles

London, Nov. 10 (AP) — Prime Minister Churchill confirmed in the House of Commons today that the Germans have been using long-range rockets against England for the past few weeks.

He said casualties and damage so far have not been heavy.

Doubt was expressed that the Nazis can launch any sustained offensive with the rocket bombs.

The Germans announced two days ago they had been using the rockets, known as "V-2," against London.

The prime minister said the rockets had landed at widely scattered points in England.

No official statement about the attack had been issued before, Churchill said, in order not to give information to the enemy.

Churchill said the rockets contained approximately the same quantity of explosive as the flying bomb, which caused heavy damage in London during the summer, but that the rocket penetrated more deeply before exploding.

"We cannot be certain that the enemy will not be able to increase the range of the rockets," he said.

"There is however, no need to exaggerate the danger," he said. "The scale of the attacks has not hitherto been significant."

Churchill described the rocket bombardment as another attempt by the enemy to attack the morale of the civil population.

When the Iowa Seahawks' groun-

"Some of the rockets have been fired at us from the island of Walcheren (in southwest Holland) which is now in our hands," he said. "And other area from which rockets have or could at present be fired against this country will doubtless be overran by our forces in due course."

The prime minister said the rockets fly through the stratosphere going to a height of 60 or 70 miles.

Churchill pointed out that "no reliable or sufficient public warning can in present circumstances be given" against a rocket bomb attack. He declared that the speed attained by the missile, which has been described by neutral sources as a "flying telegraph pole" outstrips sound

35,000 Japs Join Forces On Leyte Island

By MURLIN SPENCER

General Douglas MacArthur's Headquarters, Philippines, Nov. 10 (AP)—(Via Army Radio)—Running a gauntlet of harassing American planes and PT-boats, 35,000 veteran Japanese troops have joined the sanguine battle for Leyte, Gen Douglas MacArthur disclosed today in an announcement which indicates the battle for the Philippines may be long and hard.

The disclosure that despite all American efforts the Japanese had succeeded in replacing their heavy losses suffered in 22 days of fighting is having a sobering effect on the optimism which followed the comparatively easy initial landing.

Determined Stand

Gen. MacArthur set forth the situation in a matter of fact manner. It is not viewed as pessimistic. He has at hand more than enough troops to handle the enemy forces now arrayed against him, but the general made it clear that the terrific advantage gained by the surprise landings on Leyte's east coast has about run its course.

The Japanese have been able to recover from the initial shock, but with only their west coast stronghold at Ormoc still remaining to them. But they recovered in time to make at least a determined stand for the remainder of Leyte.

Gen. MacArthur's communique today disclosed American troops broke a four-day stalemate in the battle for Ormoc "with substantial gains on a wide front." Ormoc is in flames as the result of artillery and aerial bombardment and its usefulness to the enemy as a supply base has been greatly reduced."

Yank Fliers Active

American planes, in the air again after being grounded by a 100-mile an hour typhoon, strafed and bombed Japanese installations and shipping, destroying two barges and a coastal ship and damaging other enemy craft.

Elements of the U. S. 96th infantry division, advancing east into the foothills of the range east of Ormoc, captured enemy strongpoints as patrols pushed deep into the hills.

The value which the Japanese place on this rain soaked island in the center of the Philippines group is shown further in the communique statement that "his 35th Army is being deployed to this front."

The Nipponese' first opportunity to land reinforcements came Oct. 25 when every American Naval and air unit available was engaged in crippling the large Japanese fleet which came out from the north and south. There was no time to watch for Japanese reinforcements when the entire Philippine campaign was at stake in one Naval battle.

Grasp Opportunity

They added to their reinforcements—in considerable numbers—Nov. 1. They took advantage of the fact our airfields on Leyte had not been developed sufficiently to base medium and heavy bombers and the planes available were not enough to stop them.

A few days later they took quick

E. Wisler with disorderly conduct in an information filed before Justice of the Peace Robert P. Snyder

Oswalt suffered a contused chest. Dr. Bruce N. Wolff reported this afternoon. X-rays had been taken but had not been developed by 1:30 o'clock so that the extent of any further injuries could not be determined.

The truck, owned by the Allied Van Lines, Delaware, Ohio, was transporting the govefnment furniture from St. Louis, Mo., to Washington, D. C.

Oswalt said he had stopped outside of Gettysburg before the accident occurred to investigate the apparent failure of the steering apparatus, but had continued on his way after he thought he had corrected the trouble. The accident took place about two miles from the first stop, he stated. State police from the local substation were investigating this afternoon.

Truck Is Damaged In Morning Blaze

Damage estimated at "several hundred dollars" was caused this morning to a farm truck owned by the Baker brothers, Gettysburg R. 1, which caught fire along the Lincoln highway east of Gettysburg about 9:45 o'clock.

Firemen from the Gettysburg company found the truck had been driven into a side road near the C. Arthur Brame property about four miles east of town. The firemen used booster tanks to extinguish the blaze which had swept from the motor to the cab by the time they reached the truck.

The truck, a one and a half-ton flat bed farm model, was being used to haul lime. All of the motor wiring, the cab and the cushions were destroyed. Firemen said the fire probably resulted from defective wiring. Two fire engines and the service truck answered the alarm.

FIREMEN GATHER 9 TONS OF PAPER

Nine tons of scrap paper, about one-half ton of tin cans and a small quantity of scrap metal was collected in Gettysburg Thursday, Vernon Corle, chairman of the borough scrap committee, reported today.

Thursday's paper collection was one of the best in a long time, Mr. Corle reported, despite the fact that only eight members of the Gettysburg fire company assisted in the work which continued from 3 until 10 p. m.

Four trucks were used, two from the Gettysburg fire company, one from the Citizens Oil company and another owned by Morris Gitlin.

WILL PRESENT SEASON'S FIRST PLAY AT G.H.S.

The comedy presents an entertaining series of episodes in the life of the Henry Aldrich family, favorites in Hollywood, on Broadway and on the air. Eddie Moser will appear in the principal role of Henry Aldrich. Other leading parts will be taken by Walter Keeney, Robert Saylor, Betty Collins, Doris Gitlin, Cornelius Knorr, Betty Teeter, Robert Wentz, Doris Ann Gaines, Nancy Amick, Gene Walker, Betty Lou Baughman, William Cromer, Charles Bushman, Mary Heintzelman and Marguerite Sprankle.

Cast in "extra" roles and not previously announced are the following: Ruth Shupe, Richard Chronister, Kathleen Plattenburg, Izene Baltzley, Ethel Mattingly, Mary Lou Kranias, David Woods and Raymond Bisbing.

NURSES' AIDES TELL OF WORK AT CAMP LEE

Members of the Red Cross Nurses' Aide Corps of Gettysburg heard of the shortage of nurses in Army hospitals and of the urgent need for the services of nurses' aides in the report given by Mrs. Victor Goodwin and Miss Dorothy Foth, members of the local corps, who served during the month of October at Camp Lee, Va.

Their reports followed the November business meeting at the Hotel Gettysburg.

Miss Foth and Mrs. Goodwin volunteered their services for the month and were on duty for 227 hours each. They served as Red Cross volunteers and were not paid. Camp Lee is located four miles from Petersburg, Va., and accommodates about 40,000 soldiers.

A summary of the reports given by Mrs. Goodwin and Miss Foth follows:

Constant Call For Aides

"The camp has a 1,500 bed hospital and the cases cared for there are such cases as might develop with any soldier while on duty at camp. These are not casualty cases from overseas as previously rumored.

"There have been only 80 nurses on duty at this hospital, hence there is a great need for nurses' aides at all times. Each ward can take care of about 40 patients, and to each ward there is assigned one nurse and a corps boy, and whenever possible to do so, nurses' aide. To date there have not been more than 20 nurses' aides residing on the post per month.

"There is a constant call for aides, as every couple of weeks about 20 nurses are shipped out for overseas duty, and the last few months the replacements have been considerably less, reducing the staff considerably. The schedule arranges for eight hours of duty a day, with a half day off during the week and a half day off Sunday, but many days the aides did not leave their wards on the scheduled hours.

Perform Many Duties

"The duties of the nurses' aides at the hospital start at 7 a. m. by giving bed baths, making beds, taking temperatures, pulse and respirations, charting same, applying hot compresses when needed, observing patients after operations, preparing and serving trays, feeding patients, massaging, assisting in operating rooms and physio-therapy, collect-

New Rocket Bombs Soar To Height Of 60 To 70 Miles

London, Nov. 10 (AP) — Prime Minister Churchill confirmed in the House of Commons today that the Germans have been using long-range rockets against England for the past few weeks.

He said casualties and damage so far have not been heavy.

Doubt was expressed that the Nazis can launch any sustained offensive with the rocket bombs.

The Germans announced two days ago they had been using the rockets, known as "V-2," against London.

The prime minister said the rockets had landed at widely scattered points in England.

No official statement about the attack had been issued before, Churchill said, in order not to give information to the enemy.

Churchill said the rockets contained approximately the same quantity of explosive as the flying bomb, which caused heavy damage in London during the summer, but that the rocket penetrated more deeply before exploding.

"We cannot be certain that the enemy will not be able to increase the range of the rockets," he said.

"There is however, no need to exaggerate the danger," he said. "The scale of the attacks has not hitherto been significant."

Churchill described the rocket bombardment as another attempt by the enemy to attack the morale of the civil population.

When the Iowa Seahawks troun-

"Some of the rockets have been fired at us from the island of Walcheren (in southwest Holland) which is now in our hands," he said. "And other area from which rockets have or could at present be fired against this country will doubtless be overrun by our forces in due course."

The prime minister said the rockets fly through the stratosphere going to a height of 60 or 70 miles.

Churchill pointed out that "no reliable or sufficient public warning can in present circumstances be given" against a rocket bomb attack. He declared that the speed attained by the missile, which has been described by neutral sources as a "flying telegraph pole," outstrips sound.

Advance 10 Miles On Broad Front And Take Many Towns

By WILLIAM FRYE

London, Nov. 10 (AP)—Lt. Gen. George S. Patton's Third Army shook its mud shackles and surged forward in a full blown offensive today, capturing Chateau-Salins along with dozens of other towns and villages. A total advance of 10 miles was made at places in the three-day drive along a 55-mile arc around Metz.

Artillery pounded on both sides of the Maas (Meuse) in Holland as the enemy displayed nervousness at the possibility of a new offensive into northern Holland.

Lt. Gen. Courtney H. Hodges' U. S. First Army prodded the Germans with local attacks in the Hurtgen and Schmidt areas southeast of Aachen.

Within 12 Miles Of Main Highway

Lt. Gen. George S. Patton's tank-led offensive southeast of Metz plunged three miles beyond Delme today, gaining momentum and taking shape as a northeastward power drive to cut in behind the fortress city, last major stronghold remaining to the Germans in northeastern France.

Delme lies 18 miles southeast of Metz. The thrust placed Fourth Armored Division tanks within 12 miles of the main highway running eastward from Metz to Saarbrucken.

Immediately south of Delme the 80th Infantry Division captured the four-mile-long Delme ridge, a 1,200-foot mass on which the Germans had gun emplacements, a field dispatch said.

Patton's forces cut across a lateral highway on each side of the city of Chateau Salins, near the lower end of the forward-rolling 25-mile front below Metz, and captured the city, a field dispatch said.

35,000 Japs Join Forces On Leyte Island

By MURLIN SPENCER

General Douglas MacArthur's Headquarters, Philippines, Nov. 10 (AP)—(Via Army Radio)—Running a gauntlet of harassing American planes and PT-boats, 35,000 veteran Japanese troops have joined the sanguine battle for Leyte, Gen. Douglas MacArthur disclosed today in an announcement which indicates the battle for the Philippines may be long and hard.

The disclosure that despite all American efforts the Japanese had succeeded in replacing their heavy losses suffered in 22 days of fighting is having a sobering effect on the optimism which followed the comparatively easy initial landing.

Determined Stand

Gen. MacArthur set forth the situation in a matter of fact manner. It is not viewed as pessimistic. He has at hand more than enough troops to handle the enemy forces now arrayed against him, but the general made it clear that the terrific advantage gained by the surprise landings on Leyte's east coast has about run its course.

The Japanese have been able to recover from the initial shock, but with only their west coast stronghold at Ormoc still remaining to them. But they recovered in time to make at least a determined stand for the remainder of Leyte.

Gen. MacArthur's communique today disclosed American troops broke a four-day stalemate in the battle for Ormoc "with substantial gains on a wide front." Ormoc is in flames as the result of artillery and aerial bombardment and its "usefulness to the enemy as a supply base has been greatly reduced."

Yank Fliers Active

American planes, in the air again after being grounded by a 100-mile-an hour typhoon, strafed and bombed Japanese installations and shipping, destroying two barges and a coastal ship and damaging other enemy craft.

Elements of the U. S. 96th infantry division, advancing east into the foothills of the range east of Ormoc, captured enemy strongpoints as patrols pushed deep into the hills.

The value which the Japanese place on this rain soaked island in the center of the Philippines group is shown further in the communique statement that "his 35th Army is being deployed to this front."

The Nipponese' first opportunity to land reinforcements came Oct. 25 when every American Naval and air unit available was engaged in crippling the large Japanese fleet which came out from the north and south. There was no time to watch for Japanese reinforcements when the entire Philippine campaign was at stake in one Naval battle.

Grasp Opportunity

They added to their reinforcements—in considerable numbers—Nov. 1. They took advantage of the fact our airfields on Leyte had not been developed sufficiently to base medium and heavy bombers and the planes available were not enough to stop them.

A few days later they took quick

Masters Recommend Two Divorces Here

Reports of two masters in divorce actions—both of which recommended the divorces—were on file this morning at the office of Prothonotary Arthur E. Shields at the court house.

John P. Butt, Esq., master in the case of Ruth Brothers Melhorn, New Oxford, versus John F. Melhorn, of Charleston, West Virginia, recommended that the court grant a decree on grounds of "willful and malicious desertion."

In the libel of William L. Rider, 64 Steinwehr avenue, now serving in the Army, versus Sarah Jeffcoat Rider, the master, Richard A. Brown, Esq., also recommended that the divorce be granted on grounds of desertion.

BABY BEEF CLUB GETS 10 CALVES

Ten purebred calves were distributed Thursday to members of the Adams county baby beef club, Assistant County Agricultural Extension Agent Archibald Hug reported this morning.

The calves will be fed by club members during the coming year for exhibition and sale next December 1945 at the Lancaster livestock show. Hug said the calves were purchased at the Lancaster stock yards by the leaders of the county club. The distribution was held at the Francis Murren farm at Brushtown.

Club members receiving calves included: Thomas Dunbar, Fairfield; Harry Musselman, Fairfield; Melvin Nace, Hanover R. 4; Thomas Murren, Hanover R. 4; Donald Walton, Hanover R. 4; Kenneth Walton, Hanover R. 4; Elmer Appler, Hanover R. 4; Kenneth Appler, Gettysburg R. 5; John Claybaugh, Jr., Littlestown; and Howard Myers, Littlestown.

Members of the county club will send the baby beeves which they raised during the past year to the Lancaster round-up December 12 for judging. Entries from seven counties will be included in the show and prizes will be awarded the champion beeves. The round-up will last from December 12 to 14.

Is Arrested For Church Disturbance

Taken into custody about 8 o'clock this morning as he played and sang at the keyboard of the organ in the gallery of St. Francis Xavier Catholic church, Logan Brent, 20, Gettysburg R. 3, was charged by Borough Officer L. E. Wisler with disorderly conduct in an information filed before Justice of the Peace Robert P. Snyder.

Before the officer reached the church, Logan is said to have distributed vestments about the church and disturbed some of the furnishings of the church altar. No damage was done, the Rev. Fr. Mark E. Stock, rector, said today.

Brent holds a discharge from the Coast Guard, Officer Wisler said. The youth is being held at the county jail while his case is checked by the service officer of the local American Legion post and a hearing is arranged.

FARM IS SOLD

Charles F. and Jessie M. Cashman of Taneytown, have sold their 153-acre farm in Cumberland township to Lara and Marie L. Johnson, Dundalk, Md. Possession will be given December 18. The sale was made through John C. Bream.

Genuine Kroehler, 3-piece living room suite $98.50. Leinhardt Brothers, Hanover.

Deepen Bridgeheads

North of Metz two new bridgeheads across the Moselle river were deepened. The offensive surged forward on a bomb-blasted 55-mile front in the wake of a tactical attack yesterday by 1,300 U. S. heavy bombers. The bridgeheads were in the area northeast of Thionville.

Infantry moved in behind the air assault and rolled forward yesterday through nine towns and villages. West of Chateau Salins they were in the Bois d'Aulnois, north of the Gremecy forest, and driving forward beyond Viviers, two miles east of Delme.

Northeast of Pont-a-Mousson another drive had passed through Cheminot, 10 miles south of Metz, and was rolling up new gains beyond the town.

Field dispatches reported indications that the enemy still was off balance from the attack, launched at dawn two days ago, and from the demoralizing and destructive effect of 4,000 tons of anti-personnel bombs dropped yesterday by more than 1,300 American heavy bombers.

Use 7 Divisions

Lt. Gen. George S. Patton, Jr., now has sent seven divisions into action—one of them the Fourth Armored Division. A dispatch from Paris said there no longer was any attempt at Supreme Headquarters to minimize the force of the onslaught, although its full scope still cannot be measured.

The scale of the attack already unfolded, however, made it plain that the Germans could not dream of any winter lull in which the Allied armies, drawn up for 500 miles through France, western Germany and Holland, would be weather-bound or shackled by supply difficulties.

There was nothing in yesterday's extravagant use of air power—the mightiest ground support effort since the St. Lo breakthrough in Normandy—to indicate that mass bombing is only a fair weather weapon. The big bombers went to their targets through icing clouds and bombed through rainstorms. Snow fell on the battlefields.

Germans Hold Ridge

A dispatch from Associated Press War Correspondent Lewis Hawkins said that Major Gen. John Wood's tanks passed along roads overlooked by Germans holding the 1,200-foot high Cote de Delme ridge three miles northwest of the captured village of Oriocourt.

"With excellent observation from this four-mile-long pass, which dominates the rolling countryside for miles around and presumably is well spotted with gun emplacements, it seemed incredible that our tanks were not pounded unmercifully," said Hawkins. "But in riding with them and watching them pass for a period of more than two hours we saw no concerted shelling."

Weather Forecast

Mostly cloudy, slightly colder tonight; Saturday partly cloudy and rather cold.

Good Evening

Now let's all settle down and dig in to help win this war . . . in a hurry.

Patton Surges Forward In Big Offensive

German Guns Zip Seat Of Yank's Pants Three Times

By HAL BOYLE

With American Troops in Germany, Nov. 2 (Delayed) (AP)—Battle briefs:

Three times the German artillery has taken the seat of his pants off Pfc. William G. Mashburb of Covington, Ky.—but thats all. He hasn't been nicked personally.

Bill lost his first trousers seat at Brest while bending over helping dig a command post. Later he lost another while taking cover in a sunken road. The third disappeared when he took his attention off the Nazi artillery to watch a strafing plane.

Now he's on his fourth pair of pants—and looking both ways every time he stands up.

BURIED TWICE

Equally lucky is Staff Sgt. Frank V. Leeper of Washington, Pa., who twice in one day almost lost the other end of his anatomy by being buried in a foxhole by shellbursts.

Getting buried once in a foxhole no longer is a novelty in the European war, but Leeper, also a Second Division doughboy, is one of the few to survive this as a double feature within 12 hours.

One afternoon a German shell crashed nearby, caving in his foxhole and covering him completely. That night he had just crawled thankfully into a new hole when another shell buried him up to his neck. His mates dug him out again.

4 WAS ENOUGH

A patient soldier is Pfc. Troy L. Doss of Warrior, Ala., and also a stubborn soldier.

A bullet nicked his trousers leg as he was digging a foxhole. He kept right on digging. A second shot grazed his legging. He looked around, then went back to his digging. A third shot nicked his finger. Stopping only long enough to be sure it wasn't more than a scratch, he resumed his digging, this time with some irritation.

Then a fourth shot tore through his overcoat. Doss sighed and gave up. He found a less exposed site for his foxhole.

EXPERIENCE

A maintenance crew led by Lt. Tolling J. Tilton of El Paso, Texas, was repairing a tank in the Siegfried line area when German artillery opened up.

Finding the turret and guns of the tank in good order, the repair crew decided to get a little battle experience. They opened up with return fire and knocked out one particularly annoying enemy gun.

MENU: VENISON

A deer that fled through the lines of the Second Infantry division didn't have a chance. It escaped a hail of rifle bullets from hungry GIs, then ran headlong into a German booby trap.

Venison was on the menu the next day.

WON BY DECOY

Pfc. Ernest Jenico of Wilkes-Barre, Pa., played a game of hide and seek for his life with several Germans—and won by being a decoy.

Cut off and surrounded while on patrol, he made a break toward his lines with the Jerries padding after him through the woods. Exhausted, he finally flopped under a fallen tree and prepared to fight it out.

But the unwary Germans lumbered on past him—right into the arms of an American outpost, and thence to a prisoner of war cage.

MARKSMANSHIP

Mortar shells flushed two German snipers from a factory building and gave Staff Sgt. Francis Courville of Bark River, Michigan, a chance to demonstrate some fancy long range shooting.

He grabbed his rifle and took a careful bead on first one Jerry and then the other. He fired only two rounds and got both.

His buddies later paced off the distance and found it was more than 600 yards to where the two dead Germans lay sprawled.

Wears Ribbon Of "Unit Citation"

(Special to The Times)

With the 15th AAF in Italy—Sgt. Harry L. Bream, 19, son of Mrs. Blanche Bream, of Cashtown, who has been serving overseas for 17 months now wears the Blue ribbon denoting the unit citation which was awarded his outfit by the President.

The unit to which he belongs recently received a presidential citation "for outstanding performance of duty in armed conflict with the enemy." Sergeant Bream is serving as a radio operator with a 15th Army Air Force B-17 Flying Fortress unit in Italy.

The citation awarded this group read in part "By the courage, heroism and determination of the air crews, together with the professional skill and devotion to duty of the ground personnel, the officers and men of this unit have reflected great credit upon themselves and the armed forces of the United States of America."

S. SGT. W. SMITH IS MISSING ON ITALIAN FRONT

Staff Sgt. Winfield Smith, 21, only son of Mr. and Mrs. George W. Smith, 329 York street, has been missing in action in Italy since October 23, a War department telegram informed his parents Thursday night.

Sergeant Smith entered the Army February 9, 1943. He had been in Italy since February of this year, his parents believe. After entering the service, Sergeant Smith trained at Camp Howze and Fort Sam Houston, both in Texas, and then was transferred in December, 1943, to an east coast embarkation port from which he went overseas.

Sgt. Smith was first sent to North Africa and then to Italy with his infantry unit in February. The Smiths received their last letter from their son November 2. It was dated October 16.

The Gettysburg soldier attended Gettysburg high school and before entering the Army in February 1943 he worked at the Gettysburg Panel company.

His parents believe he was serving with the Fifth Army forces.

DRIVER HURT IN TRUCK ACCIDENT AT NOON TODAY

A large tractor-trailer truck carrying a load of government furniture left the Emmitsburg road south of Gettysburg about noon today when the steering apparatus failed and knocked down a large tree, the driver reported.

The driver, Ray L. Oswalt, Mansfield, Ohio, said the steering gear failed to work when he attempted to make a turn and the truck ran into a ditch by the road, knocked over a tree and finally came to rest in a field. He was dazed by the accident and was taken to the Warner hospital by Harry DeGroft, Littlestown R. D., a passing motorist.

Oswalt suffered a contused chest, Dr. Bruce N. Wolff reported this afternoon. X-rays had been taken but had not been developed by 1:30 o'clock so that the extent of any further injuries could not be determined.

The truck, owned by the Allied Van Lines, Delaware, Ohio, was transporting the government furniture from St. Louis, Mo., to Washington, D. C.

Oswalt said he had stopped outside of Gettysburg before the accident occurred to investigate the apparent failure of the steering apparatus, but had continued on his way after he thought he had corrected the trouble. The accident took place about two miles from the first stop, he stated. State police from the local substation were investigating this afternoon.

Truck Is Damaged In Morning Blaze

Damage estimated at "several hundred dollars" was caused this morning to a farm truck owned by the Baker brothers, Gettysburg R. 1, which caught fire along the Lincoln highway east of Gettysburg about 9:45 o'clock.

Firemen from the Gettysburg company found the truck had been driven into a side road near the C. Arthur Brame property about four miles east of town. The firemen used booster tanks to extinguish the blaze which had swept from the motor to the cab by the time they reached the truck.

The truck, a one and a half-ton flat bed farm model, was being used to haul lime. All of the motor wiring, the cab and the cushions were destroyed. Firemen said the fire probably resulted from defective wiring. Two fire engines and the service truck answered the alarm.

FIREMEN GATHER 9 TONS OF PAPER

Nine tons of scrap paper, about one-half ton of tin cans and a small quantity of scrap metal was collected in Gettysburg Thursday, Vernon Corle, chairman of the borough scrap committee, reported today.

Thursday's paper collection was one of the best in a long time, Mr. Corle reported, despite the fact that only eight members of the Gettysburg fire company assisted in the work which continued from 3 until 10 p. m.

Four trucks were used, two from the Gettysburg fire company, one from the Citizens Oil company and another owned by Morris Gitlin.

NURSES' AIDES TELL OF WORK AT CAMP LEE

Members of the Red Cross Nurses' Aide Corps of Gettysburg heard of the shortage of nurses in Army hospitals and of the urgent need for the services of nurses' aides in the report given by Mrs. Victor Goodwin and Miss Dorothy Foth, members of the local corps, who served during the month of October at Camp Lee, Va.

Their reports followed the November business meeting at the Hotel Gettysburg.

Miss Foth and Mrs. Goodwin volunteered their services for the month and were on duty for 227 hours each. They served as Red Cross volunteers and were not paid. Camp Lee is located four miles from Petersburg, Va., and accommodates about 40,000 soldiers.

A summary of the reports given by Mrs. Goodwin and Miss Foth follows:

Constant Call For Aides

"The camp has a 1,500 bed hospital and the cases cared for there are such cases as might develop with any soldier while on duty at camp. These are not casualty cases from overseas as previously rumored.

"There have been only 80 nurses on duty at this hospital, hence there is a great need for nurses' aides at all times. Each ward can take care of about 40 patients, and to each ward there is assigned one nurse and a corps boy, and whenever possible to do so, nurses' aide. To date there have not been more than 20 nurses' aides residing on the post per month.

"There is a constant call for aides, as every couple of weeks about 20 nurses are shipped out for overseas duty, and the last few months the replacements have been considerably less, reducing the staff considerably. The schedule arranges for eight hours of duty a day, with a half day off during the week and a half day off Sunday, but many days the aides did not leave their wards on the scheduled hours.

Perform Many Duties

"The duties of the nurses' aides at the hospital start at 7 a. m. by giving bed baths, making beds, taking temperatures, pulse and respirations, charting same, applying hot compresses when needed, observing patients after operations, preparing and serving trays, feeding patients, massaging, assisting in operating rooms and physio-therapy, collect-

For the last 38 years of that period he was a flagman. Soon after this picture was taken a dozen fellow workers gave "Jim" a farewell party at the Reading station and presented him with a number of gifts.

EDUCATION FOR VETERANS WILL BE DISCUSSED

"Education for Returning Veterans" will be the topic for a discussion to be held by the Adams County Council of School Administrators next Wednesday evening at 8 o'clock in the meeting room at the Student Christian Association building at Gettysburg college.

Dr. J. Frank Faust, superintendent of schools in Chambersburg, will lead the discussion which will be carried on by a panel. Included in the panel will be Prof. Ralph Shocky, principal of the Chambersburg high school; Paul M. Rohrbaugh, commander of the Albert J. Lentz post of the American Legion; E. A. Kinsey, chairman of the Adams county Welfare committee; and a member of the Gettysburg Selective Service board.

Professor Keefauver will act as chairman of the meeting, the regular November assembly for the school administrators' group. Dr. Robert A. Bream, assistant superintendent of Adams county schools, said this morning in making the announcement of the meeting, that any county organization interested in the problem of education for returning veterans is invited to send a representative to the discussion.

The program was planned by the council's executive committee, the members of which are Prof. Charles R. Wolfe, registrar and dean of admissions at Gettysburg college; Prof. Guile W. Lefever, principal of Gettysburg high school; Prof. C. E. Bilheimer, director of physical education at the college; and Doctor Bream.

New Rocket Bombs Soar To Height Of 60 To 70 Miles

London, Nov. 10 (AP) — Prime Minister Churchill confirmed in the House of Commons today that the Germans have been using long-range rockets against England for the past few weeks.

He said casualties and damage so far have not been heavy.

Doubt was expressed that the Nazis can launch any sustained offensive with the rocket bombs.

The Germans announced two days ago they had been using the rockets, known as "V-2," against London.

The prime minister said the rockets had landed at widely scattered points in England.

No official statement about the attack had been issued before, Churchill said, in order not to give information to the enemy.

Churchill said the rockets contained approximately the same quantity of explosive as the flying bomb, which caused heavy damage in London during the summer, but that the rocket penetrated more deeply before exploding.

"We cannot be certain that the enemy will not be able to increase the range of the rockets," he said.

"There is however, no need to exaggerate the danger," he said. "The scale of the attacks has not hitherto been significant."

Churchill described the rocket bombardment as another attempt by the enemy to attack the morale of the civil population.

When the Iowa Seahawks trounced Illinois 35 to 0 in football at Iowa City, Ia., Saturday, Iowa fans were treated to a display of fireworks.

"Some of the rockets have been fired at us from the island of Walcheren (in southwest Holland) which is now in our hands," he said. "And other area from which rockets have or could at present be fired against this country will doubtless be overrun by our forces in due course."

The prime minister said the rockets fly through the stratosphere going to a height of 60 or 70 miles.

Churchill pointed out that "no reliable or sufficient public warning can in present circumstances be given" against a rocket bomb attack. He declared that the speed attained by the missile, which has been described by neutral sources as a "flying telegraph pole," outstrips sound.

Advance 10 Miles On Broad Front And Take Many Towns

By WILLIAM FRYE

London, Nov. 10 (AP)—Lt. Gen. George S. Patton's Third Army shook its mud shackles and surged forward in a full blown offensive today, capturing Chateau-Salins along with dozens of other towns and villages. A total advance of 10 miles was made at places in the three-day drive along a 55-mile arc around Metz.

Artillery pounded on both sides of the Maas (Meuse) in Holland as the enemy displayed nervousness at the possibility of a new offensive into northern Holland.

Lt. Gen. Courtney H. Hodges' U. S. First Army prodded the Germans with local attacks in the Hurtgen and Schmidt areas southeast of Aachen.

Within 12 Miles Of Main Highway

Lt. Gen. George S. Patton's tank-led offensive southeast of Metz plunged three miles beyond Delme today, gaining momentum and taking shape as a northeastward power drive to cut in behind the fortress city, last major stronghold remaining to the Germans in northeastern France.

Delme lies 18 miles southeast of Metz. The thrust placed Fourth Armored Division tanks within 12 miles of the main highway running eastward from Metz to Saarbrucken.

Immediately south of Delme the 80th Infantry Division captured the four-mile-long Delme ridge, a 1,200-foot mass on which the Germans had gun emplacements, a field dispatch said.

Patton's forces cut across a lateral highway on each side of the city of Chateau Salins, near the lower end of the forward-rolling 25-mile front below Metz, and captured the city, a field dispatch said.

Deepen Bridgeheads

North of Metz two new bridgeheads across the Moselle river were deepened. The offensive surged forward on a bomb-blasted 55-mile front in the wake of a tactical attack yesterday by 1,300 U. S. heavy bombers. The bridgeheads were in the area northeast of Thionville.

Infantry moved in behind the air assault and rolled forward yesterday through nine towns and villages. West of Chateau Salins they were in the Bois d'Aulnois, north of the Gremecy forest, and driving forward beyond Viviers, two miles east of Delme.

Northeast of Pont-a-Mousson another drive had passed through Cheminot, 10 miles south of Metz, and was rolling up new gains beyond the town.

Field dispatches reported indications that the enemy still was off balance from the attack, launched at dawn two days ago, and from the demoralizing and destructive effect of 4,000 tons of anti-personnel bombs dropped yesterday by more than 1,300 American heavy bombers.

Use 7 Divisions

Lt. Gen. George S. Patton, Jr., now has sent seven divisions into action—one of them the Fourth Armored Division. A dispatch from Paris said there no longer was any attempt at Supreme Headquarters to minimize the force of the onslaught, although its full scope still cannot be measured.

The scale of the attack already unfolded, however, made it plain that the Germans could not dream of any winter lull in which the Allied armies, drawn up for 500 miles through France, western Germany and Holland, would be weatherbound or shackled by supply difficulties.

There was nothing in yesterday's extravagant use of air power—the mightiest ground support effort since the St. Lo breakthrough in Normandy—to indicate that mass bombing is only a fair weather weapon. The big bombers went to their targets through icing clouds and bombed through rainstorms. Snow fell on the battlefields.

Germans Hold Ridge

A dispatch from Associated Press War Correspondent Lewis Hawkins said that Major Gen. John Wood's tanks passed along roads overlooked by Germans holding the 1,200-foot high Cote de Delme ridge three miles northwest of the captured village of Oriocourt.

"With excellent observation from this four-mile-long pass, which dominates the rolling countryside for miles around and presumably is well spotted with gun emplacements, it seemed incredible that our tanks were not pounded unmercifully," said Hawkins. "But in riding with them and watching them pass for a period of more than two hours we saw no concerted shelling."

35,000 Japs Join Forces On Leyte Island

By MURLIN SPENCER

General Douglas MacArthur's Headquarters, Philippines, Nov. 10 (AP)—(Via Army Radio)—Running a gauntlet of harassing American planes and PT-boats, 35,000 veteran Japanese troops have joined the sanguine battle for Leyte, Gen. Douglas MacArthur disclosed today in an announcement which indicates the battle for the Philippines may be long and hard.

The disclosure that despite all American efforts the Japanese had succeeded in replacing their heavy losses suffered in 22 days of fighting is having a sobering effect on the optimism which followed the comparatively easy initial landing.

Determined Stand

Gen. MacArthur set forth the situation in a matter of fact manner. It is not viewed as pessimistic. He has at hand more than enough troops to handle the enemy forces now arrayed against him, but the general made it clear that the terrific advantage gained by the surprise landings on Leyte's east coast has about run its course.

The Japanese have been able to recover from the initial shock, but with only their west coast stronghold at Ormoc still remaining to them. But they recovered in time to make at least a determined stand for the remainder of Leyte.

Gen. MacArthur's communique today disclosed American troops broke a four-day stalemate in the battle for Ormoc "with substantial gains on a wide front." Ormoc is in flames as the result of artillery and aerial bombardment and its "usefulness to the enemy as a supply base has been greatly reduced."

Yank Fliers Active

American planes, in the air again after being grounded by a 100-mile-an hour typhoon, strafed and bombed Japanese installations and shipping, destroying two barges and a coastal ship and damaging other enemy craft.

Elements of the U. S. 96th infantry division, advancing east into the foothills of the range east of Ormoc, captured enemy strongpoints as patrols pushed deep into the hills.

The value which the Japanese place on this rain soaked island in the center of the Philippines group is shown further in the communique statement that "his 35th Army is being deployed to this front."

The Nipponese' first opportunity to land reinforcements came Oct. 25 when every American Naval and air unit available was engaged in crippling the large Japanese fleet which came out from the north and south. There was no time to watch for Japanese reinforcements when the entire Philippine campaign was at stake in one Naval battle.

Grasp Opportunity

They added to their reinforcements—in considerable numbers—Nov. 1. They took advantage of the fact our airfields on Leyte had not been developed sufficiently to base medium and heavy bombers and the planes available were not enough to stop them.

A few days later they took quick

Is Arrested For Church Disturbance

Taken into custody about 8 o'clock this morning as he played and sang at the keyboard of the organ in the gallery of St. Francis Xavier Catholic church, Logan Brent, 20, Gettysburg R. 3, was charged by Borough Officer L. E. Wisler with disorderly conduct in an information filed before Justice of the Peace Robert P. Snyder.

Before the officer reached the church, Logan is said to have distributed vestments about the church and disturbed some of the furnishings of the church altar. No damage was done, the Rev. Fr. Mark E. Stock, rector, said today.

Brent holds a discharge from the Coast Guard, Officer Wisler said. The youth is being held at the county jail while his case is checked by the service officer of the local American Legion post and a hearing is arranged.

$200,000 Blaze Damages Mount At Emmitsburg

Fire, believed to have started when a large kettle of grease in the college kitchen became overheated, overflowed and ignited, caused damage estimated at $200,000 at Mt. St. Mary's college, one mile south of Emmitsburg, late Tuesday night and early Wednesday morning. The loss is fully covered by insurance, college authorities said.

The blaze was discovered by the two V-12 Naval Trainees who were on watch at the time. They notified Lieutenant N. D. Matthews, commanding officer and Lieutenant R. J. Richards, executive officer. The flames were leaping around the huge kitchen stove. Unable to extinguish the blaze the Naval officers summoned the Emmitsburg, Taneytown, Gettysburg, Fairfield, Frederick and Thurmont fire companies. Gettysburg firemen were called about midnight.

Firemen tapped the regular college water system and the large swimming pool on the campus and about three hours later brought the flames under control. No injuries were reported.

Spend Night In Gym

After the fire was brought under control the Naval Trainees, who were driven from their rooms, were housed in the gymnasium for the night.

The kitchen, main dining room, a general warehouse, dairy, refrigeration room and the three top floors of McCaffrey Hall, which houses the Naval Trainees, were destroyed. Considerable damage was also done to the canteen in the basement of the building. The flames spread rapidly through the ceilings and floors of the various sections destroyed.

A large stock of provisions in the warehouse was saved by volunteers who formed a "bucket-brigade."

Call Disaster Unit

St. Joseph's college authorities offered use of their facilities. A Red Cross disaster unit arrived Wednesday to assist in restoring normal life at the college. A mobile field kitchen from Camp Ritchie has been set up to provide mess facilities. Classes were suspended Wednesday and the Naval Trainee and civilian students were formed into details to clean up the debris. Another large dining room is available for a mess hall.

A Naval examining board under the command of Captain C. N. Hincamp, of the Fifth Naval District, Norfolk, Va., happened to be at the college when the fire broke out.

In the kitchen buildings destroyed were a bake shop, dairy, canning room and two refrigerator rooms. Pasteurizing of all milk and all baking is done at the institution.

Shut Off Current

A refrigerator room had been installed by the Navy at a cost of approximately $6,000 and was opened about a week ago. Rev. Fr. William F. Culhane, vice president and treasurer of the Mount, said that he believed the new refrigerator room and its equipment had not been damaged by the flames but that smoke and water may have caused some loss.

All lights were extinguished at the school when the main power switch was turned off about 1 o'clock a. m. Wednesday after firemen had requested the disconnection because of the danger from falling high tension wires.

209 V-12 Naval trainees, 30 civilian students and 75 seminarians are housed at the school. The seminarians are housed in a separate building some distance from McCaffrey hall. Fifteen nuns are housed in a separate section of the building.

The kitchen had been rebuilt and refurnished less than a year ago. Kitchen equipment lost in the fire included four large electric ranges, steam cookers, steam tables and other cafeteria supplies.

Library in Danger

McCaffrey hall housed the canteen in the basement. The dining room was on the first floor and sleeping dormitories were on the second and third floors. As firemen fought to keep the flames from the hall, streams of water were poured through the building from the kitchen and west hallway, and water damage alone in the hall will be extensive.

Although the various buildings in the main group at the college are connected, fire walls separate them. Bruté hall, in which the college's half-million dollar book and art collection is stored, adjoins the burned McCaffrey hall and concern was expressed by priests that the fire would spread into the library. The only apparant damage suffered by the 50,000 volumes, however, was a small amount from smoke.

Msgr. John L. Sheridan, is president of Mount St. Mary's which is the second oldest Catholic college in the United States. The school was founded in 1824 by Father McCaffrey and had its first and only se-

War Prisoner Hangs Self In Aspers Plant

The Third Service Command Public Relations Office, Baltimore, released to The Gettysburg Times at 11 o'clock last Friday mirning an account of the suicide of a German prisoner of war stationed at Gettysburg while working at the Adams Apple Products Corporation plant, Aspers, last Wednesday evening.

The Nazi who took his life by hanging himself from a rafter on the second floor of an apple shed at the Aspers plant has been identified as Private Georg Hartig, aged 38 years.

Hartig was one of a contingent of prisoners from the Gettysburg camp which was working at the Adams Apple plant helping with the processing of apples there.

Kept a close secret until Friday morning, inquires by The Gettysburg Times at the prison camp, the Public Relations Office at Indiantown Gap Military Reservation and the Third Service Command headquarters at Baltimore secured release of the story.

Orders Story Released

Details of the suicide were supplied by the P.R.O. at Indiantown Gap after the "go ahead" was secured from Third Service Command public relations officer.

The body was found about 6:40 p. m. in the plant after a search was instituted. The prisoner apparently had been dead only a short time when the body was discovered.

The Army announcement Friday morning stated that an investigating officer has been named and already is conducting a probe of the death, which, it was explained, is routine procedure in any Army death or accident. There may be additional information on the suicide at the conclusion of that investigation, it was stated.

The body was removed to the morgue at Indiantown Gap and will be interred in the post cemetery at Fort Meade, Md., an Associated Press dispatch from Harrisburg stated Friday afternoon.

Dr. C. G. Crist, who is contract surgeon for the prisoner of war camp here, was called into the case first in that capacity but later, as coroner of Adams county, issued a certificate attributing death to hanging and listed the case as a suicide.

The story of the suicide was so well guarded that few residents of Aspers, when questioned by The Gettysburg Times Friday morning, had heard more than vague rumors that "a German was found hanging at the Adams apple plant." There was no certainty that the man was dead, according to rumors there.

Glenn Taylor, manager at the Adams apple plant, told The Times this morning "I really don't think there's anything to the story," when he was asked for information about the hanging.

The prisoner of war camp along the Emmitsburg road will move into winter quarters at the site of Camp Sharpe, West Confederate avenue, on Sunday, Capt. Laurence Thomas, the commanding officer, said Friday

PFC. HUBBARD IS REPORTED AS MISSING ABROAD

Pfc. Robert H. Hubbard, 22, son of Mrs. Hulda Hubbard, Gettysburg, has been missing in action in France since October 19. Mrs. Hubbard was notified last Friday morning by War department telegram.

Private Hubbard entered the Army November 17, 1942. He was serving with the 79th infantry with the Third Army under the command of General Patton. After entry into the service, he trained at Camp Blanding, Florida; Nashville, Tennessee; a desert training center in California, and at Camp Phillips, Kansas.

From Kansas, Private Hubbard was sent to England last March. He went into France with the invasion forces and while in Cherbourg contracted spinal meningitis. He then was taken to a hospital in England where he recovered. He was returned to action the end of August.

Brothers in Service

The missing soldier attended Gettysburg schools and before entering the army was employed at the Gettysburg Tile works and the Oyler and Spangler fertilizer works.

There are two other Hubbard boys in the service. Cpl. Frederick I. Hubbard, 24, now is in England with a radar unit of the Army Air Corps. He has been in the Army since March 1, 1943, and has been in England over a year.

The second brother, Donald Hubbard, 19, who is a seaman, first class in the Seabees, the Naval construction battalion, has been in New Guinea since last February, having entered the Navy October 16, 1943.

LEMPESIS WINS 2 SERVICE BARS

George Lempesis, 28-year-old merchant seaman and former restaurant operator in Gettysburg, was awarded two service bars at the War Shipping Administration's Seaman's Service Awards Committee office in Washington, D. C., October 30.

The awards, the combat bar with a battle star and the Atlantic War Zone bar, were made before Lempesis returned to Gettysburg to spend a few more days of a month's furlough with his wife.

Lempesis returned home the beginning of October after a seven months' absence during which he participated in the second day of the invasion, and made several trips as cook on a merchant ship transporting troops and supplies from England to France before his ship was torpedoed and sunk.

Wounded

T. Sgt. Edgar L. Bowling, 23, son of Mr. and Mrs. Albert Bowling, Gettysburg R. 3, was seriously wounded in action in France, October 8, according to a War department telegram by his wife, who resides at Littlestown R. 1. He went overseas in July.

SGT. HARNESS DISCHARGED; 3 CAMPAIGNS

An honorable discharge from the United States Army was recorded on Monday at the court house for Sgt. James H. Harness, 28, son of Mr. and Mrs. Hunter Harness, of Gettysburg, and a veteran of three major campaigns in the Mediterranean area.

Sergeant Harness, who served as a technician fourth class and radio operator with a communications company, participated in the Moroccan campaign, the Tunisian campaign and the Italian campaign before being wounded in the leg and returned home for hospitalization.

A former linotype operator for The Gettysburg Times, Harness was inducted into the Army February 2, 1942. After basic training, he left the United States May 26, 1942, and arrived in the European theater of war June 11 of that year. He left the European theater July 18 of this year and arrived in the United States August 4.

Receives Purple Heart

He was awarded the Purple Heart medal for his battle wounds, the Good Conduct medal and the European Theater of Operations-Middle East campaign ribbon with three bronze battle stars for engagements. He was discharged last Thursday at the Tilton General hospital at Fort Dix, New Jersey.

A second discharge was recorded Saturday in the register and recorder's office for Donald E. Wright, 22, who served as a private with an infantry training regiment at Camp Blanding, Florida. He was inducted into the Army January 4 of this year at Harrisburg. A machine operator in civilian life, he served as a rifleman while in the Army. He is married. Wright was discharged November 1 from the separation center at Fort Dix.

SILVER ANNIVERSARY

Mr. and Mrs. Carl Martz, 147 East Water street, observed their twenty-fifth wedding anniversary Monday. Mrs. Martz is the former Miss Bertha Keller. Mr. Martz is employed at the People's Drug store, Baltimore street.

Sgt. Clyde Little On Italian Front

With the Fifth Army, Italy—T. Sgt. Clyde L. Little, son of Mr. and Mrs. Harry Little, Gettysburg, and grandson of the late Mr. and Mrs. John McIntire, of New Chester, serving with the 53rd Signal battalion now in its 27th month overseas, is fighting in the Gothic line on the Fifth Army front in Italy.

In recognition of its services in maintaining corps communications during four campaigns, Northern Algeria, Tunisia, Sicily and Italy, the unit received the Fifth Army plaque and clasps from II Corps Commander Major General Geoffrey Keys, who presented it for Lt. Gen. Mark W. Clark, commanding general of the Fifth Army.

The signalmen are now engaged in maintaining communications beyond Futa Pass.

BOMBER PILOT, HOME ON LEAVE; 6 DECORATIONS

Lt. Harvey W. Dickert, pilot of a B-17 bomber with an Eighth Army Air Force bombardment group is home for a 21-day leave after completing 35 missions during more than five months overseas.

Lieutenant Dickert, son of Mr. and Mrs. H. C. Dickert, of Gettysburg, was one of three crew members on the bomber. The other two were Lt. Raymond W. Spahr, son of Mr. and Mrs. Raymond Spahr, of Gettysburg, the navigator, and Lt. Vernon Keilholtz, of Emmitsburg, the co-pilot also home on leave. Lieutenant Spahr is expected home on leave in the near future.

Theirs was one of the most unique officer combinations on a bomber in the European area—two of the four officers, Dickert and Spahr were classmates in Gettysburg high school—and a third, Keilholtz, lives within 10 miles of the Gettysburg men. The bombardier is from the middle west.

The Gettysburg airman graduated from the local school in 1940. Both enlisted in the Air Corps and by one of the strange quirks of Army assignment were both placed in the same B-17 crew when it was formed at Salt Lake City, Utah, last winter.

Dickert enlisted in July, 1942, but wasn't called to active duty as a cadet for pilot training until January 17, 1943. His first 10 months in the Air Corps were spent at various fields in the west. He trained at Santa Ana, Santa Maria, and Chico, California; Yuma, Arizona, and Roswell, New Mexico.

Next he went to Salt Lake City for training and there met his crew members for the next 10 months. They trained at Salt Lake City, Sioux City Iowa; and finally went to Carney, Nebraska, where they "staged" preparatory to going to England.

Receives Decorations

The group went overseas in May of this year and took part in many of the post-invasion bombing raids on Germany and occupied Europe. For his part in the air battles, Lieutenant Dickert was awarded the Distinguished Flying Cross, the Air Medal with Four Oak Leaf Clusters, and is entitled to wear the European Theater of Operations Ribbon with two battle stars.

At the conclusion of his 21-day leave he will report to an Army Air Forces reassignment at Richmond, Virginia, probably to be assigned to duty as an instructor somewhere in the United States.

ASTU REMAINS UNTIL MARCH 12

The training program at Gettysburg college of the 3329th Service Unit (ASTU) scheduled to terminate on December 2 has been extended to March 12, it was announced today by Dr. Henry W. A Hanson, college president.

Doctor Hanson said that he had been advised by the War Department that the training program for the young unnormed students, 17 and 18 years of age, had been extended from December 2 to March 12, an extension of four months.

One hundred and forty-six young men, not eligible for the draft because of age, will be retained here to continue their combination academic instruction and military training under the command of Lt. Col. Frank Sharpless and his staff.

Congressman Chester H. Gross, of Manchester, York county, Republican candidate for re-election to Congress, soundly defeated his Democratic opponent, Jonah W. Gitt, also of York county, by 5,251 votes. The Republican incumbent swept to overwhelming victory in Adams and Franklin counties and chased his Democratic opponent on the home stretch in York county, losing that county by 2,119 votes.

In Adams county Gross went into the lead with the first returns and was never threatened. The same prevailed in Franklin county. In York county the vote was close throughout the night, Gitt eventually emerging with a shallow majority as strong Democratic precincts turned in large votes.

Gross carried 32 of the 42 precincts in Adams county. He swept the four precincts of Gettysburg and carried Littlestown handsomely. He lost the Democratic stronghold in McSherrystown by 119 votes.

Adams county's 42 precincts gave Gross 8,087 against 5,477 for Gitt, a majority of 2,610. Franklin county added to this substantial lead by turning in 12,700 votes for the Republican Congressman against 7,940 for the Democratic candidate, a majority of 4,760.

This will be Gross' third term in Congress. He was first elected in 1938, defeating Harry L. Haines, but regained his seat in 1942, again defeating Mr. Haines.

Going to the polls nearly 14,000 strong on Tuesday, Adams countians gave the entire Republican ticket pluralities of from 2,300 to 2,800 votes over their Democratic opponents.

With the total vote approximating the expected 80 per cent, voters in this county gave Governor Dewey a lead of 2,854 over President Roosevelt, the largest majority a Republican opponent of Mr. Roosevelt ever received in this county. The vote was 8,314 for Dewey to 5,469 for Roosevelt.

While the entire Republican slate was given a wide margin in the county balloting, Assemblyman Francis Worley of Latimore township was returned to office in the General Assembly for a second term by the largest plurality given any candidate in the county on Tuesday.

Many "Straight" Tickets

He defeated George E. Little, Straban township Democrat, by a margin of 2,905 votes. Worley received 8,103 votes and Little, 5,197.

The county gave substantial leads to Congressman Chester H. Gross and State Senator Paul M. Crider in their successful campaigns for re-election.

"Straight" tickets were in the great majority in all districts as few voters "split" their ballots. In some districts fewer than a half dozen split tickets were cast.

GOP Won 33 Precincts

Governor Dewey carried 33 of the county's 42 voting districts, including several such as Union township that are normally Democratic districts.

In the voting for state senator in the Adams-Franklin district, Senator Crider won by an unofficial majority of 7,025 over Lawrence C. Zeger, the Democratic nominee. The vote for the two-county district follows:

Adams	7,855	5,476
Franklin	12,562	7,916
Totals	20,417	13,392

Gettysburg Board First

Although the final results of Adams county's voting were not certain until after midnight, the trend was apparent early and Republican candidates never lost the early lead they took as the first districts reported.

Fairfield apparently was the first district to complete its count and that borough's vote was telephoned to the court house at 9:30 p. m. The first district, however, to bring its returns to the commissioners' office was the second precinct of the first ward of Gettysburg. That board turned in its ballot box and tally sheets at 9:55 o'clock. The first district of Mt. Pleasant township followed quickly.

More than half the districts had reported by midnight and at 12:30 a. m. 35 of the 42 districts had reported. Franklin township continued to hold the doubtful distinction of being the last district in the county to make its returns. That board reached the court house at 2:20 a. m.

Voting was heavy throughout most sections of the county. Littlestown borough reported 20 more votes cast than in 1940, taking into account the military ballots received from boys of that town up to election day.

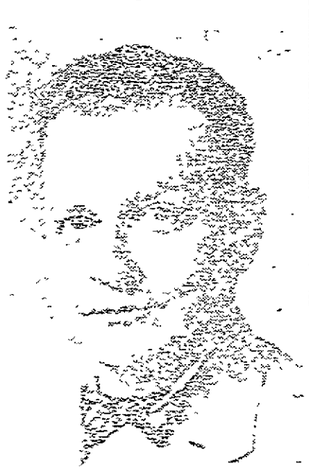

In the second ward of Gettysburg, nearly 90 per cent of the registered voters went to the polls.

Governor Dewey carried Adams county by more than double the margin given Wendell Willkie four years ago. Willkie carried the county by 1,253 votes over Roosevelt. In 1940 Roosevelt carried the county over Landon by a margin of 23 votes.

ALLIES NOT TO RESORT TO NEW TERROR BOMBS

By DEWITT MACKENZIE
Associated Press War Analyst

Resumption of the indiscriminate bombing of civilians in Britain by the Hitlerites—this time with the new long-range rocket, as announced by Prime Minister Churchill today—has brought to my desk from a distinguished reader the advocacy of retaliation in kind on German civilians.

Well, it's easy to understand the urge to retaliate against such diabolical practices. That's human nature. However, we must answer the question of whether it would be justifiable. Our reader justified it with the claim that brute force is the only thing the Prussian mentality can understand.

Attacks Morale

The German purpose in inflicting such a horror is, as Mr. Churchill says, to attack civilian morale—and it's solely for that purpose. The Nazis haven't invented any method of controlling these new weapons so that they can be confined to military objectives. These great sixty foot, fifteen ton rockets are shot sixty or seventy miles into the air, to land willy-nilly. The same lack of control characterized the rocket's predecessor, the robot bomb.

To be sure, both the rocket and the robot can be directed approximately at a target the size of London but, while there are legitimate military objectives in the metropolis, that doesn't excuse bombardment of non-military sections for the express purpose of killing noncombattants. It would be quite as justifiable to employ poison gas—and a good sight more humane.

This new attack comes after several weeks of relief from the frightful assaults with the robots. Fortunately Mr. Churchill was able to say that the scale of the rocket attacks "has not hitherto been significant" and that there is no need to exaggerate the danger. Unfortunately, that couldn't be said of the robot, which is also known as the "V-1" ("V for vengeance), the flying bomb and the buzz bomb.

80-Day Assault

I've just viewed a new film ("V-1," a British Ministry of Information short which will be released through RKO in America soon) that graphically depicts actual scenes from the robot warfare against civilians. It's a thrilling but shocking story.

The German attack lasted eighty days, from mid-June until the end of August. It was centered in southern England and London bore the brunt of it. More than 21,000 people were killed or injured. Over 1,104,000 houses were destroyed or damaged. The Boche launched some 8,070 robots, and about 2,300 got through to the London region.

But the British stood up to this new terror, as they did against the awful German air bombardment early in the war. They weakened not one whit. Forty-six per cent of the robots were brought down by the combined efforts of guns, fighter planes and balloons. And finally the raids were halted through intense bombardment of the Nazi launching sites and experimental stations by the United States and British Air Forces.

No Retaliation

Now the Nazis are at it again with their new V-2 weapon. Should the Allies try to halt this by retaliating on German civilians? Since it's the British who are being bombed, I'll let the answer come from one of them—Brigadier General Horace Sewell, the military commentator. He says:

"The Allies' sole aim at present is to win the war as quickly as possible by defeating the German forces on the ground and in the air. Destruction of German industries, organizations, system of communications and military installations is an essential step in bringing about the military defeat of Germany, but indiscriminate raids on German cities for the sole purpose of lowering the morale of the civilian population is not justifiable and therefore will not be adopted by any of the United Nations."

Winner Of Nobel Prize Lacks Plans

Pittsburgh, Nov. 10 (AP) — Surprised and pleased Dr. Otto Stern, winner of the delayed Nobel prize for Physics for 1943, which carried with it approximately $29,000 cash, said today he would "wait until after the war before making plans."

The amiable 56-year-old doctor said the 1944 Nobel prize winner for physics, Isidor Iiaac Rabi, of Columbia university, New York, worked in his laboratory in Hamburg, Germany, in 1928.

Dr. Stern, who was driven from his native Germany by the Nazis in 1933, came to this country after a visit to Germany by Dr. Thomas Baker, last president of Carnegie Institute of Technology.

Dr. Stern joined the Carnegie faculty along with an associate, Dr. I. Immanuel Esterman. He had resigned his position at the University of Hamburg in protest over the dismissal of Dr. Esterman.

Detroit, Nov. 10 (AP)—An ultimatum to cigaret wholesalers and jobbers to "clean up the cigaret situation" or face a thorough investigation of what is happening to the city's supply was issued today by the district office of Price Administration.

EXTRA GAS FOR COMMERCIAL USE

R. M. Hoffman, chairman of the local War Price and Rationing Board, today clarified the conditions under which operators of commercial vehicles may apply for additional gasoline gallonage, under the authorization of the Office of Defense Transportation, which became effective October 16, 1944.

Mr. Hoffman explained that Local Boards may now allocate temporary allotments of gasoline to commercial motor vehicles because of seasonal conditions or emergencies but only the needs of a nonrecurring nature in the current quarter. If an applicant returns the following quarter for an additional allotment for similar reasons, the Board will carefully analyze the request since it is likely to indicate a recurring need. If the Board finds that the request constitutes a recurring need the applicant will be given form CWN-1 and advised to file it with his ODT District Office.

"In some cases" Mr. Hoffman said, "the first request made by the applicant to the board for additional transport rations may indicate a recurring need. Such applicants will also be referred to their ODT District Office."

Cologne, Frankfurt Hit By 1,350 Planes

London, Nov. 10 (AP)—Some 1,350 American planes attacked the Cologne and Frankfurt regions today, bombing jet plane bases, transport facilities and industrial plants.

Flights of 750 Flying Fortresses and Liberators, escorted by 600 fighters, fanned out in several directions and struck most heavily at Cologne, upon which great ruin already has been visited. The city of 768,000, 40 miles northwest of American-held Aachen, is the site of vast rail yards and such war factories as the Henschel tank works and the Bettenhausen ordnance plant.

Frankfurt is one of Germany's major rail centers and likewise the home of sprawling war industries.

THREE NATIONS ON CONTINENT LOSE CABINETS

(By The Associated Press)

Switzerland joined Iran and Finland today among nations undergoing cabinet crises and the Germans in effect admitted trouble in their relations with Spain and Portugal with the statement that the Nazi envoys to the Iberian peninsula might be changed.

Dr. Marcel Pilet-Golaz, former president of the Swiss Republic, resigned as his nation's foreign minister. Berlin made the most of this and of the fall of the Iranian government of Premier Mohamed Maraghei Saed, trying to show that both were brought about by Soviet pressure.

The resignation of Saed and his Iranian cabinet, who have been criticized by the Russians for refusal to grant oil concessions to the Soviet Union, was viewed by DNB as prompted by Moscow's refusal to negotiate further with Saed's government.

Other Upsets

The Turkish home radio said the resignation of Saed took place yesterday and was accepted by the 25-year-old ruler of Iran, Mohammed Reza Pahlevi.

Hans Heinrich Dieckhof, German ambassador to Madrid, left the Spanish capital in September, and there was speculation that Hitler's utility man, Franz von Papen, might succeed to the post.

Dr. Oswald Baron von Hoyningen-Huene, minister to Lisbon, flew to Berlin Sept. 11, when reports were current in Portugal that other high Nazi officials accredited to the Portuguese capital also had been recalled.

The Finnish radio said today that party groups of the Finnish Diet met last night to discuss a "government crisis."

LATIN AMERICA BACKS CAUSE OF SMALL NATIONS

By FLORA LEWIS

Washington, Nov. 10 (AP)—Latin American countries began airing today an insistence that smaller nations receive more guarantees in the world peace organization.

First to be heard from was Uruguay, which urged revival of the League of Nations where every nation had an equal vote.

Failing that, the Uruguayan proposal presented to representatives of the other American republics here suggested that assurances for small nations be written into the Dumbarton Oaks blueprint.

Venezuela has also presented a plan, not yet published, which is understood to reflect a general Latin-American trend of thought for a greater role for smaller American republics in the future peace league.

Propose Western Bloc

Uruguay's idea about breathing new life into the League of Nations caused considerable stir among diplomats.

They considered it unlikely that this suggestion would make much headway. But smaller nation guarantees and the suggestion that the system of Pan-American cooperation be fitted into the security organization struck a responsive note among the Latins, however.

Another plan, not yet officially presented but which will probably be laid before the diplomats at their next meeting, proposes that the Western Hemisphere enter the peace system as a bloc, so that combined strength would offset the comparative weakness of individual nations.

Same Technique

The Latins tried this technique with some success at the international aviation conference in Chicago, where they agreed among themselves on an air plan before putting it up to other nations.

The basic ideas of a world organization backed by force with an assembly, executive council and court were supported in the Uruguay proposal and are expected to receive the backing of the other American republics.

Uruguay stressed democracy as well as peacefulness as a requisite for membership in the world organization. Admitting such a definition would cause difficulties at present, the Uruguayan plan proposed that nations joining the league must at least adhere to principles of justice, human dignity, and repudiation of the doctrine of racial superiority.

FDR Guessed Low On Electoral Vote

Washington, Nov. 10 (AP)—President Roosevelt's advance guess on his fourth-term election:

335 electoral votes for himself.

196 for his opponent.

He gave these figures to his news conference today when reporters asked how his usual forecast had turned out.

Mr. Roosevelt observed smilingly that he wasn't very accurate.

He told the newsmen he called off the 25-cent bet he made on the election because he got scared. Under the New York law a voter loses his ballot if he participates in wager.

Allied Planes Now Get "Super-Fuel"

Washington, Nov. 10 (AP)—A "super-fuel" now is being produced in limited amounts for combat planes.

Disclosing this today, J. A. Krug, chairman of the War Production board, said the current output of the "super-fuel" now is "very minor" when compared with the production of 100-octane gasoline, but will be gradually stepped up as engines capable of using it effectively come off assembly lines.

The new "super-fuel" will increas cruising range and "full-throttle" performance of planes.

Since a barrel of crude will produce only about half as much of the new fuel as it will of 100-octane, the use of the higher-powered fuel is expected to be limited, for the near future at least, to carrier based aircraft and superbombers.

Marines Warned Toughest To Come

Washington, Nov. 10 (AP)—The Marine Corps began its 170th year today, with a warning from its commandant, Lieut. Gen. A. A. Vandegrift, that the toughest part of the Japanese war is yet to come.

Praising the men who spearheaded the 1,500-mile drive across the central Pacific, the general said:

"We honor the memories of the men who have fallen in the advance. They fell going forward. Long after the total victory for which they died is won, they will remain heroically alive in the hearts of their comrades and in the legends of the corps."

ing reports from surgical, X-ray, offices and clinics, admitting and discharging patients, assisting in preparing wards for formal inspection, doing errands for patients, writing their letters, going for mail, and many other little things the patients requested.

"Camp Lee would now like to have paid nurses' aides in the operating rooms and physio-therapy. The government is making this position possible by Civil Service examination. The salary of a paid aide is $162.50 per month, from which she pays for room, board and laundry, and other minor expenses, leaving about $75 per month net. All paid nurses' aides must sign up for a year of duty at some military hospital.

"At Camp Lee the nurses' aides live in a barracks, each girl having a separate room comfortably furnished, and all meals are taken at the same mess hall with the doctors and nurses. They are granted all privileges of an officer while on the post. 'Every one made our stay at Camp Lee a very pleasant one. It was a very gratifying experience regardless of hard work,' they observed.

"We hope others may be inspired to take up the nurses' aide training when the next course starts and render a service which is very much needed.

"Any one interested please call Mrs. Henry Scharf at Hotel Gettysburg or Mrs. Sydney Poppay."

During the training period, Sergeant Breighner made five parachute jumps from airplanes, the last a tactical jump at night and involving a combat problem on landing.

MILK INJUNCTION

Philadelphia, Nov. 10 (AP)—The Lehigh Valley Cooperative Farmers, of Allentown, were enjoined Wednesday by District Judge J. Cullen Ganey from paying milk producers more than current ceiling prices for milk. The OPA, in a petition asking the injunction, said the cooperative set the milk price to producers and that "excessive prices" resulted in "freezing" out other area purchasers.

ALLIES NOT TO RESORT TO NEW TERROR BOMBS

By DEWITT MACKENZIE
Associated Press War Analyst

Resumption of the indiscriminate bombing of civilians in Britain by the Hitlerites—this time with the new long-range rocket, as announced by Prime Minister Churchill today—has brought to my desk from a distinguished reader the advocacy of retaliation in kind on German civilians.

Well, it's easy to understand the urge to retaliate against such diabolical practices. That's human nature. However, we must answer the question of whether it would be justifiable. Our reader justified it with the claim that brute force is the only thing the Prussian mentality can understand.

Attacks Morale

The German purpose in inflicting such a horror is, as Mr. Churchill says, to attack civilian morale—and it's solely for that purpose. The Nazis haven't invented any method of controlling these new weapons so that they can be confined to military objectives. These great sixty foot, fifteen ton rockets are shot sixty or seventy miles into the air, to land willy-nilly. The same lack of control characterized the rocket's predecessor, the robot bomb.

To be sure, both the rocket and the robot can be directed approximately at a target the size of London but, while there are legitimate military objectives in the metropolis, that doesn't excuse bombardment of non-military sections for the express purpose of killing noncombattants. It would be quite as justifiable to employ poison gas—and a good sight more humane.

This new attack comes after several weeks of relief from the frightful assaults with the robots. Fortunately Mr. Churchill was able to say that the scale of the rocket attacks "has not hitherto been significant" and that there is no need to exaggerate the danger. Unfortunately, that couldn't be said of the robot, which is also known as the "V-1" ("V for vengeance), the flying bomb and the buzz bomb.

80-Day Assault

I've just viewed a new film ("V-1," a British Ministry of Information short which will be released through RKO in America soon) that graphically depicts actual scenes from the robot warfare against civilians. It's a thrilling but shocking story.

The German attack lasted eighty days, from mid-June until the end of August. It was centered in southern England and London bore the brunt of it. More than 21,000 people were killed or injured. Over 1,104,000 houses were destroyed or damaged. The Boche launched some 8,070 robots, and about 2,300 got through to the London region.

But the British stood up to this new terror, as they did against the awful German air bombardment early in the war. They weakened not one whit. Forty-six per cent of the robots were brought down by the combined efforts of guns, fighter planes and balloons. And finally the raids were halted through intense bombardment of the Nazi launching sites and experimental stations by the United States and British Air Forces.

No Retaliation

Now the Nazis are at it again with their new V-2 weapon. Should the Allies try to halt this by retaliating on German civilians? Since it's the British who are being bombed, I'll let the answer come from one of them—Brigadier General Horace Sewell, the military commentator. He says:

"The Allies' sole aim at present is to win the war as quickly as possible by defeating the German forces on the ground and in the air. Destruction of German industries, organizations, system of communications and military installations is an essential step in bringing about the military defeat of Germany, but indiscriminate raids on German cities for the sole purpose of lowering the morale of the civilian population is not justifiable and therefore will not be adopted by any of the United Nations."

Winner Of Nobel Prize Lacks Plans

Pittsburgh, Nov. 10 (AP) — Surprised and pleased Dr. Otto Stern, winner of the delayed Nobel prize for Physics for 1943, which carried with it approximately $29,000 cash, said today he would "wait until after the war before making plans."

The amiable 56-year-old doctor said the 1944 Nobel prize winner for physics, Isidor Iiaac Rabi, of Columbia university, New York, worked in his laboratory in Hamburg, Germany, in 1928.

Dr. Stern, who was driven from his native Germany by the Nazis in 1933, came to this country after a visit to Germany by Dr. Thomas Baker, last president of Carnegie Institute of Technology.

Dr. Stern joined the Carnegie faculty along with an associate, Dr. I. Immanuel Esterman. He had resigned his position at the University of Hamburg in protest over the dismissal of Dr. Esterman.

Detroit, Nov. 10 (AP)—An ultimatum to cigaret wholesalers and jobbers to "clean up the cigaret situation" or face a thorough investigation of what is happening to the city's supply was issued today by the district office of Price Administration.

Chester W. Lawrence, son of Mr. and Mrs. Vincent Lawrence, West Middle street, and Miss Agnes S. Kreitz, daughter of Mr. and Mrs. Francis J. Kreitz, Emmitsburg, were united in marriage this morning in St. Francis Xavier Catholic church.

The bride's parents served as the couple's attendants. About 25 members of the two families witnessed the ceremony which was performed at 9:30 o'clock by the rector, the Rev. Fr. Mark E. Stock.

The couple will reside on West High street.

DEATH

A requiem mass was celebrated Thursday morning in the chapel at the academy. The Rt. Rev. Msgr. Patrick F. McGee, rector of the Church of the Annunciation of the Blessed Virgin Mary, McSherrystown, was the celebrant. Later in the day the body was taken to the Chestnut Hill convent, near Philadelphia, where mass was celebrated this morning at 9 o'clock. Interment was made there.

EXTRA GAS FOR COMMERCIAL USE

R. M. Hoffman, chairman of the local War Price and Rationing Board, today clarified the conditions under which operators of commercial vehicles may apply for additional gasoline gallonage, under the authorization of the Office of Defense Transportation, which became effective October 16, 1944.

Mr. Hoffman explained that Local Boards may now allocate temporary allotments of gasoline to commercial motor vehicles because of seasonal conditions or emergencies but only the needs of a nonrecurring nature in the current quarter. If an applicant returns the following quarter for an additional allotment for similar reasons, the Board will carefully analyze the request since it is likely to indicate a recurring need. If the Board finds that the request constitutes a recurring need the applicant will be given form CWN-1 and advised to file it with his ODT District Office.

"In some cases" Mr. Hoffman said, "the first request made by the applicant to the board for additional transport rations may indicate a recurring need. Such applicants will also be referred to their ODT District Office."

Memorial Service For Sgt. Bosserman

Bosserman, son of David Bosserman, near East Berlin, and husband of Mrs. Wilma Jones Bosserman, Carlisle, who was killed in action in the Army Air Corps over Germany in April, will be held Sunday afternoon at 2 o'clock in Mummert's Church of the Brethren, near East Berlin, of which he was a member.

Two Pay Fines For School Violations

Two parents paid $2 fines and costs each following hearings Thursday evening before Justice of the Peace John H. Basehore on charges of permitting their children to remain absent from school.

Mrs. Harry Moser, East Railroad street, paid the fine following filing of charges by an official of the Gettysburg school board that she had allowed her daughter, Jean, to remain at home in violation of the state education code. The second charge was filed against John McCleaf, Cashtown, by an official of the Franklin township school board. The Franklin official said that McCleaf had allowed his son, Dale, to remain away from school.

Cologne, Frankfurt Hit By 1,350 Planes

London, Nov. 10 (AP)—Some 1,350 American planes attacked the Cologne and Frankfurt regions today, bombing jet plane bases, transport facilities and industrial plants.

Flights of 750 Flying Fortresses and Liberators, escorted by 600 fighters, fanned out in several directions and struck most heavily at Cologne, upon which great ruin already has been visited. The city of 768,000, 40 miles northwest of American-held Aachen, is the site of vast rail yards and such war factories as the Henschel tank works and the Bettenhausen ordnance plant.

Frankfurt is one of Germany's major rail centers and likewise the home of sprawling war industries.

THREE NATIONS ON CONTINENT LOSE CABINETS

(By The Associated Press)

Switzerland joined Iran and Finland today among nations undergoing cabinet crises and the Germans in effect admitted trouble in their relations with Spain and Portugal with the statement that the Nazi envoys to the Iberian peninsula might be changed.

Dr. Marcel Pilet-Golaz, former president of the Swiss Republic, resigned as his nation's foreign minister. Berlin made the most of this and of the fall of the Iranian government of Premier Mohamed Maraghei Saed, trying to show that both were brought about by Soviet pressure.

The resignation of Saed and his Iranian cabinet, who have been criticized by the Russians for refusal to grant oil concessions to the Soviet Union, was viewed by DNB as prompted by Moscow's refusal to negotiate further with Saed's government.

Other Upsets

The Turkish home radio said the resignation of Saed took place yesterday and was accepted by the 25-year-old ruler of Iran, Mohammed Reza Pahlevi.

Hans Heinrich Dieckhof, German ambassador to Madrid, left the Spanish capital in September, and there was speculation that Hitler's utility man, Franz von Papen, might succeed to the post.

Dr. Oswald Baron von Hoyningen-Huene, minister to Lisbon, flew to Berlin Sept. 11, when reports were current in Portugal that other high Nazi officials accredited to the Portuguese capital also had been recalled.

The Finnish radio said today that party groups of the Finnish Diet met last night to discuss a "government crisis."

LATIN AMERICA BACKS CAUSE OF SMALL NATIONS

By FLORA LEWIS

Washington, Nov. 10 (AP)—Latin American countries began airing today an insistence that smaller nations receive more guarantees in the world peace organization.

First to be heard from was Uruguay, which urged revival of the League of Nations where every nation had an equal vote.

Failing that, the Uruguayan proposal presented to representatives of the other American republics here suggested that assurances for small nations be written into the Dumbarton Oaks blueprint.

Venezuela has also presented a plan, not yet published, which is understood to reflect a general Latin-American trend of thought for a greater role for smaller American republics in the future peace league.

Propose Western Bloc

Uruguay's idea about breathing new life into the League of Nations caused considerable stir among diplomats.

They considered it unlikely that this suggestion would make much headway. But smaller nation guarantees and the suggestion that the system of Pan-American cooperation be fitted into the security organization struck a responsive note among the Latins, however.

Another plan, not yet officially presented but which will probably be laid before the diplomats at their next meeting, proposes that the Western Hemisphere enter the peace system as a bloc, so that combined strength would offset the comparative weakness of individual nations.

Same Technique

The Latins tried this technique with some success at the international aviation conference in Chicago, where they agreed among themselves on an air plan before putting it up to other nations.

The basic ideas of a world organization backed by force with an assembly, executive council and court were supported in the Uruguay proposal and are expected to receive the backing of the other American republics.

Uruguay stressed democracy as well as peacefulness as a requisite for membership in the world organization. Admitting such a definition would cause difficulties at present, the Uruguayan plan proposed that nations joining the league must at least adhere to principles of justice, human dignity, and repudiation of the doctrine of racial superiority.

FDR Guessed Low On Electoral Vote

Washington, Nov. 10 (AP)—President Roosevelt's advance guess on his fourth-term election:

335 electoral votes for himself.

196 for his opponent.

He gave these figures to his news conference today when reporters asked how his usual forecast had turned out.

Mr. Roosevelt observed smilingly that he wasn't very accurate.

He told the newsmen he called off the 25-cent bet he made on the election because he got scared. Under the New York law a voter loses his ballot if he participates in wager.

Allied Planes Now Get "Super-Fuel"

Washington, Nov. 10 (AP)—A "super-fuel" now is being produced in limited amounts for combat planes.

Disclosing this today, J. A. Krug, chairman of the War Production board, said the current output of the "super-fuel" now is "very minor" when compared with the production of 100-octane gasoline, but will be gradually stepped up as engines capable of using it effectively come off assembly lines.

The new "super-fuel" will increas cruising range and "full-throttle" performance of planes.

Since a barrel of crude will produce only about half as much of the new fuel as it will of 100-octane, the use of the higher-powered fuel is expected to be limited, for the near future at least, to carrier based aircraft and superbombers.

Marines Warned Toughest To Come

Washington, Nov. 10 (AP)—The Marine Corps began its 170th year today, with a warning from its commandant, Lieut. Gen. A. A. Vandegrift, that the toughest part of the Japanese war is yet to come.

In this war, Vandegrift said, the Marines have sustained 8,827 killed and 25,000 wounded and "the coming year will be the supreme test."

Praising the men who spearheaded the 1,500-mile drive across the central Pacific, the general said:

"We honor the memories of the men who have fallen in the advance. They fell going forward. Long after the total victory for which they died is won, they will remain heroically alive in the hearts of their comrades and in the legends of the corps."

York, Pa., Nov. 10 (AP)—Paul Spangler, 41, painter and former postoffice letter carrier, blew his head off with a 12 gauge shotgun at his home here this morning after wounding his wife, Margaret, in the head with a .32 caliber revolver, police said.

The Red Cross room will be open during the winter on Wednesday afternoons from 1:30 to 4:00 and on Wednesday and Thursday evenings from 7:30 to 9:30 o'clock.

Miss Carrie Lady, Hershey, is spending the week-end with her mother, Mrs. H. C. Lady.

NURSES' AIDES

(Continued From Page 1)

ing reports from surgical, X-ray, offices and clinics, admitting and discharging patients, assisting in preparing wards for formal inspection, doing errands for patients, writing their letters, going for mail, and many other little things the patients requested.

"Camp Lee would now like to have paid nurses' aides in the operating rooms and physio-therapy. The government is making this position possible by Civil Service examination. The salary of a paid aide is $162.50 per month, from which she pays for room, board and laundry, and other minor expenses, leaving about $75 per month net. All paid nurses' aides must sign up for a year of duty at some military hospital.

"At Camp Lee the nurses' aides live in a barracks, each girl having a separate room comfortably furnished, and all meals are taken at the same mess hall with the doctors and nurses. They are granted all privileges of an officer while on the post. 'Every one made our stay at Camp Lee a very pleasant one. It was a very gratifying experience regardless of hard work,' they observed.

"We hope others may be inspired to take up the nurses' aide training when the next course starts and render a service which is very much needed.

"Any one interested please call Mrs. Henry Scharf at Hotel Gettysburg or Mrs. Sydney Poppay."

These breaks probably won't occur for the Japanese again, but they were breaks that will multiply the price in American lives and money which must be paid to win initial stages of the battle for the Philippines.

While the announcement of the reinforcements in such strength appeared abrupt, veiled warnings had been given in at least five communiques. No correspondent, however, was prepared for a total more than four times the highest previously given estimate.

Those pleading guilty included Roy G. Miller, York Springs, to a charge of selling beer without a license; Aaron Albert Rodgers, alias Pete Rodgers, Hampton, to a charge of selling malt beverages without a license; John Deatrick, also of Hampton, to operating a motor vehicle after his operating privilege had been suspended; and William Brixious, of near Pottsville, to driving a motor vehicle without the consent of the owner.

Term Opens Nov. 20

The November term of court will open November 20 with grand jury day November 17.

WIFE, 17, TRIES TO END HER LIFE

An attempted suicide by the 17-year-old wife of a Merchant Marine seaman was thwarted Sunday afternoon about 4:30 o'clock when a bottle of iodine she was attempting to drink was knocked from her hand by her husband.

The young wife, Mrs. Betty Hughes, Hanover R. 3, had drunk only a small amount of the poisonous fluid before the container was knocked from her grasp. Her husband, W. J. Hughes himself only 18 years old, had returned early Sunday morning to spend a brief furlough from his station.

According to Borough Officer Charles W. Culp, Jr., a family quarrel had developed later in the day and Mrs. Hughes had purchased a small bottle of iodine at a Gettysburg drug store.

At the entrance-hall of a grocery shop she began to drink the liquid when her husband entered her, the policeman reported. Officer Culp, who was on duty at Center square, was called by bystanders to the scene of the attempted suicide and took Mrs. Hughes to the Warner hospital in the police car.

She was admitted as a patient and given treatment. Her condition was reported as not serious and was discharged Monday afternoon.

The youthful soldier went overseas early this year.

CLUB DONATES TO WAR FUND

The Mothers' club of St. Francis Xavier parochial school met last Thursday at the school with Mrs. Edgar P. Hamilton, the president, presiding.

The club voted $5 for a vigil light to be placed on the altar for men and women in the armed forces. A similar amount was voted to the War Fund.

Plans were completed for a breakfast which was served last Friday to children following Holy Communion service. The committee in charge included Mrs. Joseph Smith, Mrs. Woodward, Mrs. George Groft and Mrs. Louis Purnell.

Arrangements were made for a rummage sale to be held November 17 and 18 in the former People's Cash store room on Baltimore street. The committee in charge will include Mrs. Robert Kenworthy, Mrs. Earl Forry, Mrs. Joseph Smith, Mrs. Groft and Mrs. Purnell.

Plans were also made for a Christmas party for school children.

The second grade students had the largest number of mothers present for the meeting for which the youngsters will each receive lollypops.

LEGIONNAIRES MEET

Following a meeting of Harold H. Bair post No. 14, American Legion, Hanover, last Friday evening, a session of the twenty-second district was held with J. G. Allen, district commander, presiding and with delegates from ten Legion posts in attendance. The district endorsed James Heffernan, York, for central vice commander of Pennsylvania for 1945-46.

LLOYD WISLER RESIGNS FROM POLICE FORCE

Lloyd E. Wisler, member of the borough police department for the last eight years, a part of which time he served as chief, presented his resignation Monday evening to the borough council, effective November 15.

Officer Wisler told The Gettysburg Times that he has accepted a position with a baking concern at his former home, Shenandoah, Pa., and expects to move to that community with his family about a week after he ends his police duties.

Without any applicants for the police position, council asked Burgess Fred G. Pfeffer how soon the position must be filled and that official replied that he "might be able to worry along to the end of the month" without a replacement. He pointed out that if the custom of putting on an extra officer before Christmas is followed this year, an additional officer must be employed.

York Street "Wobbly"

Reporting that openings made in York street by the Gettysburg Gas company have been patched temporarily for the winter, Borough Engineer LeRoy H. Winebrenner told council the south side of the street is "shot" and "wobbly" and may soon require a new base as a result of the damage done by the utility company. Several councilmen echoed his opinion. The street is maintained by the state.

The Gas company had asked free or reduced rate digging permits from council before the work was started on a big scale in the spring. Council insisted on cost-of-replacement fees.

The safety committee was directed to make a further study on costs of establishing regulation uniform requirements for members of the borough police force. In the past the council has allowed each officer to buy his own uniform and has given him an annual allowance of $50.

Ask Snow Removal

In reply to an inquiry from the state Department of Highways, council issued a request for the removal of snow from the town streets by the state plows with the suggestion that the plows make an effort to avoid plowing shut the sidegutters.

A safety committee meeting was suggested to study complaints aired before council Monday evening about illegal parking on the restricted north side of the first block of West Middle street. Another hazard is caused by parking on the west side of the first block of North Washington street, north of Race Horse alley, one councilman said.

A dispute which arose in council earlier in the fall about the construction of a Tiber retaining wall near the throwing company plant was reported settled today after the sewer committee decided Monday evening upon a meeting on the site today. Lack of funds in the sewer department budget was said to have brought an agreement on postponement of the work until next year when an exhaustive survey of the stream's course is to be made.

Praises Borough Workmen

Praising the work done by borough highway department workers, Mr. Winebrenner invited councilmen to inspect town streets which he said are in good shape for the winter. Purchase of another truckload of oil by the highway department was authorized. The year's street improvement program is being completed on Stevens and Barlow and a section of Water street with surface treatment of oil scheduled for North Stratten and part of North Washington street.

Council directed that the hospital be billed for the $133 worth of driveway improvement work recently completed there. No charge is being made for the use of the borough roller on that job.

The sewer committee was authorized to buy a carload of sand for the dryhouse at the disposal plant when it becomes necessary. Councilman L. D. Shealer reported a new axle and housing has been bought as repairs for the borough roller at a cost of $78. A notice is to be sent to the Western Maryland railroad company asking repair of the North Fourth street crossing.

Praise From State

A state police request for a parking space near their Carlisle street substation door was referred to the burgess.

State Health Department officials found the local sewage disposal plant in "very good" condition on a recent inspection, council was told by Burgess Pfeffer.

The monthly report of Burgess Pfeffer showed total collections of $655, including these items: Digging permits, $8; roller rental, $6; garbage permits, $151; building permits, $8; rines, $2, and theater tax, $481.87.

FIFTEEN LEAVE FOR INDUCTION THIS MORNING

Fifteen men, the largest draft contingent in several months, left for the Harrisburg Induction station last Friday morning at 8:30 o'clock as the November call of Gettysburg Draft Board No. 2.

The group included two volunteers, both fathers and four other fathers. The nine others were not fathers before Pearl Harbor.

The volunteers were Lester Raymond Shultz, Orrtanna R. 1, and Charles Robert McNeil, Dillsburg R. 1. Other fathers in the call were William John Showers, Essex, Md.; Sterling J. Roth, Biglerville; Laverne Levere Rank, Hanover street, Biglerville; and Milton Junior Fanus, York Springs.

The non-fathers included James Oliver Sanders, Gettysburg; Edward Henry Gastley, Gettysburg; Charles Edward Woodward, of Gettysburg; Charles C. Shemon, Aspers R. 1; Thomas Henry Weaver, Arendtsville; Dale Radford Dunkinson, Gettysburg; Clair Henry Cook, Gettysburg; and Jack Raymond Taylor, Fayetteville R. 1; and James Robert Jeffcoat, a transfer from a Harrisburg draft board.

Only seven county young men were inducted in October, and the call of 15 today was a sharp jump in the local quota. McNeil, 28, a volunteer, was the only one of the group over 26—the age limit under which State Selective Service headquarters said last week, they "are trying as far as possible to fill all calls."

Treasurer John H. Basehore presented his monthly report showing a balance of $34,906 but with many departments near their budget limits on expenditures for this year. Chief receipt item was $1,457 in taxes from J. Herbert Weikert, collector. Basehore was directed to turn over the annual state check for foreign fire insurance tax from the borough to the fire company, an annual procedure.

President H. M. Oyler presided at the meeting with Councilmen L. D. Shealer, Harry Troxell, Harry E. Koch, Fred A. Hummelbaugh, Joseph D. Kendlehart and Vernon Corle; Mrs. Wilmer Dracha, secretary; Burgess Pfeffer, Treasurer Basehore, Engineer Winebrenner and Solicitor E. V. Bullett in attendance.

CPL. STERNER IS WITH OLDEST FIGHTER GROUP

An Eighth Air Force Fighter Station, England (By Mail)—Corp. Paul P. Sterner, son of Mrs. Elizabeth A. Sterner, of 42 North Stratton street, Gettysburg, is a member of the oldest fighter group in the VIII Fighter Command, the high-scoring P-51 Mustang group commanded by Col. Don Blakeslee, of Fairport Harbor, Ohio, which celebrated its second anniversary recently by destroying 24 enemy planes in two days.

The group was formed September 12, 1942, when the three Eagle Squadrons of the Royal Air Force transferred to the USAAF and became the first fighter group in the Eighth Air Force.

In the two-year period the ex-Eagles, complemented by U. S. trained pilots, have flown Spitfires, Thunderbolts and Mustangs. They have destroyed 687 enemy aircraft, 222 while on hazardous ground strafing operations.

The group's list of famous firsts includes: First Allied fighters to penetrate Germany from Britain; first Allied single-engine fighters over Berlin; providing the fighter escort for the first Britain-to-Russia shuttle raid; and the first fighter group in the European Theater of Operations to pass the 400,500, and 600 marks in enemy planes destroyed.

Corp. Sterner is a clerk with a squadron in the group. The 23-year-old soldier has served in England since November, 1942.

LITTLESTOWN SOLDIER SLAIN

Cpl. Lowell L. Clark, 27, South Queen street, Littlestown, died of wounds in Germany on October 3, the War department has notified relatives.

Cpl. Clark made his home with his sister, Mrs. Thelma Jeffries, Littlestown, before going into the service. His wife, the former Miss Anna Gebhart, Bonneauville, and their six-months-old son, Thomas, whom he had never seen, reside with Mrs. Jeffries.

Cpl. Clark, a native of Bloomington, Ind., had lived in Littlestown for five years and was employed by the Keystone Cabinet company there. He entered the service on February 9, 1942.

The young man trained at Camp Polk, La.; Camp Young, Calif.; Camp Pickett, Va., and Indiantown Gap, Pa., before going overseas on August 26, 1943. Attached to an armored division, he served under General Patton.

Corporal Sterner Gets FDR Citation

An Eighth Air Force Fighter Station, England—Cpl. Paul E. Sterner, 23, son of Mrs. Elizabeth Sterner, 42 North Stratton street, Gettysburg, is among those honored by a Presidential Citation of the 4th Fighter Group of the Eighth Air Force, "as public evidence of deserved honor and distinction."

The fighter group commanded by Col. Don Blakeslee, of Fairport Harbor, Ohio, was praised by the citation for "its extraordinary heroism, gallantry, determination and esprit de corps" during the period from March 5 to April 24, 1944, when its P-51 Mustang pilots destroyed 323 German planes, 189 in aerial combat and 134 by strafing attacks.

STATE POLICE CAPTURE MEN, STOLEN COUPE

Two young men driving a stolen New Jersey car were captured at gunpoint by state police on Carlisle street on Saturday at 8 a. m., after they crashed and abandoned their machine in an effort to avoid the officers.

Spotted on Carlisle street by Officers C. F. Renz and Harold Sheads of the local substation of the state police a few minutes after a telephone call informed the officers the men had driven off from Walter's garage at Biglerville without paying for five gallons of gasoline, the pair was nabbed after a chase around the John W. McIlhenny property at the corner of Carlisle and East Water street.

The men gave their names as Edward Francis Kelly, 21, Jersey City, and Kenneth Garry, 25, Little Ferry, N. J. They have admitted the theft of the car, a Buick coupe, and two sets of license plates, the officers said. They are being held in the county jail and likely will be turned over to the FBI for driving a stolen car across a state line.

Phones Description

A few minutes before 8 o'clock Saturday R. H. Himes, employe at the Blaine Walter garage at Biglerville, telephoned the state police substation in the Hotel Gettysburg annex a description and license number of a car that had driven off as Himes was taking the hose out of their gas tank after pumping five gallons of gas.

Renz and Sheads left the substation immediately. As they walked across Carlisle street toward the police car which was parked in front of The Times office, they saw the car coming in Carlisle street. The fugitives also saw the police. They stopped and started to back out Carlisle street at such a high speed that the driver lost control, crossed the street and struck the curb at the McIlhenny home.

One rear tire blew out as the car bounded onto the pavement and came to rest. The two men fled back of the McIlhenny home as the police arrived with guns drawn. Renz left the police car and gave chase on foot while Sheads turned into Water street and started up an alley at the rear of the home.

Then Sheads spotted the pair, who had dived over a hedge, heading toward the street again and he reversed his course coming upon the pair between the McIlhenny and Bupp properties on the Tiber bridge. They offered no resistance.

A crowd quickly gathered attracted by the sound of the crash and the sight of fleeing men and police giving chase with guns ready for action. Several pedestrians are reported to have been close to the car as it plunged onto the pavement.

Had Money, Rings

Kelly and Garry admitted driving "up to 70 miles an hour" on the way to Gettysburg from Biglerville.

They said they stole the car from a used car lot in Jersey City Monday evening and started for the west coast. They had a set of stolen Jersey license plates in the car and were using stolen plates of B. B. Lord, Wernersville, Pa., when they were captured.

Garry said he is a Merchant Seaman and has made several voyages. He said he expected soon to enter officers' school. Kelly was a checker for a Jersey trucking company.

The officers said the pair had several dollars in their pockets. The officers also expect to make a check on the ownership of clothing and a diamond ring the men said were their property.

HAS OLD BOOK

Mrs. Jacob Snyder, 24 West Middle street, has a copy of Fisher's edition of the Shorter Catechism of the Presbyterian church which was printed in February, 1753. The volume became the property of her mother, Cynthia A. Young in 1870, and is believed to have been brought here from Ireland, Mrs. Snyder said.

S. SGT. GOLDEN IS HOME FROM MANY MISSIONS

Staff Sgt. Ray E. Golden, 23, a veteran of more than 50 missions over Europe as gunner on a B-24 Liberator bomber is spending a 25-day furlough with his wife, Mrs. Helen Golden, at the home of her parents, Mr. and Mrs. Albert Wolford, Gettysburg.

Sergeant Golden entered the Army Air Corps August 6, 1942, and after his basic training, completed courses at a gunnery school, armor school, advanced gunnery school, the AAF school of applied tactics at Orlando, Florida, and a replacement training unit school.

His bombardment group was activated at Wendover field, Utah, in July, 1943. After training at Goven field, Boise, Idaho; Orlando, Florida; Pocatello, Idaho; and North Africa, the group went to Italy.

Over Nine Countries

The Gettysburg soldier has seen most of southern Europe from the air in his 50 missions over nine different countries. The bombing runs were made to targets in Italy, Yugoslavia, Rumania, France, Austria, Germany, Hungary, Poland and Czechoslovakia.

He holds the Distinguished Flying Cross, the Air Medal with three oak leaf clusters, the Purple Heart, the European theater of operations ribbon with two battle stars for action over Italy and southern France, and the good conduct badge.

The Purple Heart was given Sergeant Golden for injuries received when his plane crashed during a take-off on his 59th mission. The plane apparently was over-loaded and crashed after failing to gain enough altitude to stay in the air, he said. Two of the crew were killed.

Awarded DFC

Sergeant Golden was awarded the Distinguished Flying Cross for participation in an air raid over the Ploesti oil works in Roumania. On that mission his bomber returned to its base a virtual wreck with 123 flak holes in all parts of the plane.

"I guess there were only two times I was really scared," he said. "One time was on the raid to Ploesti. Our 100-pound demolition bombs failed to leave the bomb bay and another gunner and I got down into the bomb bay to kick them out with our feet. The bombardier heard me jump down into the bomb bay and thought it was the bombs jarring loose so he opened the bomb bay doors. I felt them start to move and jumped as hard as I could for the catwalk. As you can see now, I made it."

A second time when he got worried was when two racks of small bombs which hadn't been dropped worked loose from the side of the plane and dropped to the floor of the bomb bay. Sergeant Golden was detailed to re-rack the bombs—a job more perilous than it sounds because the bombs were set to explode within a few minutes of the time they were freed from the rack.

Effective Support

Sergeant Golden said the Air force fighter support which accompanied his bombers on their missions gave such effective cover that seldom were any German planes encountered. "The trouble," he said, "was too much flak. They certainly did throw it up."

MOOSE LODGE BUYS PROPERTY

Sale of the former Butt's restaurant property at 17 to 21 York street, to the Gettysburg Lodge No. 1526, Loyal Order of Moose, Gettysburg, was recorded in a deed filed Tuesday at the office of Register and Recorder Winfield G. Horner at the court house.

The owners, Jay K. and Katherine Schmitt, conveyed the property through their attorneys in fact, the First National bank of Gettysburg. The purchase price was listed as $32,000.

The former restaurant and garage property was operated before the war by the Schmitts who bought the business from Ralph Butt. Butt had conducted an eating establishment and garage there for a number of years, before which C. W. Epley had operated a miniature golf course and auto and furniture show room.

The property has a frontage on the south side of York street of 69 feet and a depth of 180 feet reaching to the alley to the rear of York street. It is a one-story building of concrete block construction.

When queried on Tuesday, officials of the Moose organization said they had no plans to announce yet for the restaurant structure. The present Moose home is located to the east of the old Butt property.

WASHINGTON GIVES MR. FDR WARM WELCOME

By FRANCIS J. KELLY

Washington, Nov. 10 (AP)—President Roosevelt returned to the capital today after his fourth term victory and assured thousands assembled to welcome him that he was "very happy" to be back.

With Vice President Wallace and Vice President-elect Truman riding with him in an open car, Mr. Roosevelt arrived at the Christopher Columbus statue adjacent to the Union Station at 9:04 a. m. He had come in by train from his Hyde Park estate about 40 minutes earlier.

A night-long rain almost stopped as the President paused to wave to the crowd and speak briefly into radio microphones at the statue. No amplifcation system had been installed and only those very close were able to hear.

25,000 At Station

Little Johnny Boettiger, the President's grandson, sat proudly in the front seat of the Presidential car beside the driver. As the parade swung south toward the capitol and headed down Constitution and Pennsylvania avenues to the White House, traffic Director William A. Van Duzen estimated at least 25,000 men, women and children were gathered in the immediate vicinity of the station. Many additional thousands were packed tightly along the curb along the parade route.

A fine rain blew across downtown Washington as the procession got under way.

Thanking Washington for braving the weather to welcome him, Mr. Roosevelt said he could hardly tell how happy he was to return and gave his special thanks to government workers "who are helping to win this war."

Police Patrol Route

Mrs. Roosevelt's place in the parade was a short distance behind the President and her car was followed by those cabinet officials including Secretary of the Treasury Morgenthau. Hundreds of special police, augmenting the regular secret service details, patrolled the route.

The crowd had started gathering as early as 7 a. m. Umbrellas popped open everywhere as a heavy rain began to fall about 8:30. Water dripped from sodden flags along the avenues.

A roar of welcome swelled up as the President's car emerged from the station and well-wishers held up banners carrying such messages as "In 44 we need you more," "You won here, let's win over there," "You're back and we're back of you," and "USA-FDR."

A wedge of 50 motorcycle policemen clattered down the avenue immediately ahead of the President.

JAPAN CLAIMS 2 STRONGHOLDS

New York, Nov. 10 (AP)—Japanese broadcasts claimed the capture today of Kweilin and Liuchow in China.

The Japanese official news agency Domei said the Chinese 31st Army had "completely surrendered" at noon today in Kweilin, capital of Kwangsi province and defense pivot for southeastern China.

The dispatch, in romanized Japanese to enemy-occupied Asia and recorded by U. S. Government monitors, said news of capture was carried in a dispatch from the Kwangsi front. The Chinese have said Kweilin would be "China's Stalingrad."

May Sever China

The Chinese high command in Chungking said that the Japanese claws of a pincers moving on Liuchow from the north and the southwest were 50 miles apart. It was evident that once the gap was closed the Japanese would have a line stretching from the South China sea to the great wall in the north, cutting China in two.

The invaders in the north were last reported 15 miles from Liuchow at their nearest point, the Chinese said, and one of four columns slashing westward from the west river front was 35 miles south of Liuchow.

A Chinese spokesman admitted the Japanese were assailing Kweilin from the east, battering main positions guarding the city itself, and said the decisive battle was under way.

The Tokyo radio declared in an English-language broadcast before the report of Kweilin's capture that Liuchow, site of the last American air base in southeast China, had fallen at 8:40 a. m. (Japanese time) today.

RUSSIANS CUT RAILWAY LINE NEAR BUDAPEST

By DANIEL DE LUCE

Moscow, Nov. 10 (AP)—Russian troops under Marshal Rodion Y. Malinovsky drove a wedge across the enemy's last direct railway communications between Budapest and northeastern Hungary today after shattering the west bank defenses along the upper Tisza river.

A big infantry and armored salient extending westward beyond Mezokeresztes, approximately 70 miles east-northeast of Budapest, curved dangerously toward the rear of German Panzer forces which have been counterattacking east and southeast of the Hungarian capital in an attempt to prevent it from being outflanked.

A Moscow announcement said the main Budapest-Miskolcz rail line had been severed. The Russian communique said the Second Ukrainian Army, advancing on a wide front across the middle Tisza had captured 50 towns and villages.

Kill 142,000

There was no official news about Malinovsky's left flank, which has dug into Budapest's southern suburbs, or about the extreme right flank of his army which previously crossed the upper Tisza in the direction of the southern borders of Czechoslovakia.

The Russian war bulletin said Malinovsky's army since October 6 had killed or captured 142,000 German and Hungarian defenders of Budapest.

From the German viewpoint Malinovsky's new breakthrough carried a double danger—the arrival of a powerfully strengthened force to join the siege of the Hungarian capital and the serious threat that the Russians might bypass the city to the north in the direction of Vienna and Bratislava.

(Berlin said other Russian troops had crossed the Danube river at Dunafoldvar, 43 miles south of bomb-battered Budapest. The German radio said that further south another Red Army was on the move again with the crossing of the Danube at Apatin, 15 miles south of the Hungarian border by units of Marshal Feodor I. Tolbukhin's Third Ukraine Army.)

BRUNO ASKS COMMUTATION

Harrisburg, Nov. 10 (AP)—Philip Bruno, convicted of first degree murder in the slaying of five marchers in a Democratic parade on election eve at Kelaryes, Schuylkill county, in 1934, will ask for commutation of his life sentence before the state pardon board at its sessions, Nov. 14-15.

The board refused a previous application in July, 1943, when they also turned down the clemency plea of his brother, Joseph J. Bruno, serving life imprisonment in the same slayings. A subsequent plea of Joseph for commutation is under advisement.

Four other members of the Bruno family were convicted of second degree murder in the shootings and sentenced to 10 to 20 years in prison.

Also scheduled for hearing before the board is a new plea for commutation by Thomas Hays Elliott, of Harrisburg, who was originally scheduled to die for first degree murder Sept. 25 but was saved temporarily when Governor Martin granted a respite to Nov. 27 on the plea of his attorney that he had found new evidence.

Trenton, N. J., Nov. 10 (AP)—Governor Walter E. Edge announced today he had purchased "Morven," the historic Stockton home at Princeton, and would present it to the state of New Jersey at the end of his term in 1947 for use as a Governor's mansion or for preservation as a historic shrine.

"Morven" built in 1701 was named after a character in romantic poems which were popular in the colonies, is directly west of the Princeton battle monument in the colonial university town.

NOBEL PRIZES ARE AWARDED

Stockholm, Nov. 10 (AP)—Nobel prizes worth approximately $29,000 each were awarded yesterday to two scientists now in the United States, to a Hungarian now in Stockholm and to a 71 year-old Danish novelist and poet.

The 1944 literature prize went to Johannes V. Jensen, of Copenhagen, author of more than 60 volumes of plays, short stories and novels who for 20 years has been among the candidates for the award.

Isidor Isaac Rabi of Columbia University, New York, was the recipient of the 1944 prize for physics, while the 1943 physics award was made to Otto Stern of Carnegie Institute of Technology, Pittsburgh.

George Hevesy, of Stockholm received the 1943 prize for chemistry.

The committee reserved the 1944 chemistry prize for possible award next year. The peace prize, best known Nobel Award, has not been distributed since 1938.

(In New York, Swedish Minister Wollmar F. Bostrom said he had been requested to distribute the Nobel prizes for 1943 and 1944 to the winners who are residents of the United States. A reception and luncheon for this purpose was arranged for Dec. 10 in New York.)

Electric Railroad Workers On Strike

Chicago, Nov. 10 (AP)—Transportation of an estimated 75,000 Chicago commuters was disrupted this morning when 600 employes of the Chicago, North Shore and Milwaukee, and the Chicago, Aurora and Elgin electric railroads stopped work as efforts failed to settle a wage dispute.

The strikers, members of the Brotherhood of Railroad Trainmen and the Brotherhood of Locomotive Firemen and Enginemen, left their jobs at the designated hour of 4 a. m. No settlement was imminent in the month's old controversy. A scheduled strike last September 18 was averted upon intervention of President Roosevelt, who referred the dispute to a special mediation board.

The disruption of service seriously affected the transportation of thousands of workers, as well as soldiers and sailors at Fort Sheridan and the Great Lakes Naval Training Station.

Philadelphia, Nov. 10 (AP)—Carl B. Harr, area War Manpower Commission director, reports that approximately 172,300 workers were placed in war jobs in the Philadelphia area in the first 10 months of this year.

DORIS REFUSED TO GIVE JIMMY "HUGE" TRUST

Reno, Nev., Nov. 10 (AP)—Heiress Doris Duke, seeking to validate her December divorce from James H. R. Cromwell, testified by deposition today she was prepared at the time of their separation in 1940 to set up a trust fund for the former U. S. Minister to Canada.

"But," she added, "his demands were so exorbitant that I refused to meet them and I will not be frightened into meeting them."

The statement was read into divorce court records as the tobacco heiress attempted to attest her bona fide Nevada residence and to bring the record of the proceedings of Cromwell's New Jersey chancery court counter proceedings into the Reno action.

Her deposition, taken in New York city Aug. 22 before she left for Alexandria, Egypt, to work for $1 a year with the United Seaman's Service, was corroborated by the counsel of the Duke Tobacco Interests, W. R. Perkins.

Mrs. Cromwell testified she discussed with Cromwell a $7,000,000 settlement plan, but "there was never any mention made to me of philanthrophies or public works."

Denies Charges

"The plan was entirely for Mr. Cromwell's personal benefit to give him $110,000 a year or more if possible."

"This entire portion of his testimony, including all the malicious insinuations is utterly false."

"I cannot say I am surprised that Mr. Cromwell would thus falsely testify," she added, "as he had prior to and at the time of my separation repeatedly made false charges that I was unfaithful to him, x x x and had threatened that if I did not accede to his wishes in regard to settlements he would make these false charges public; and by this testimony was only carrying out that threat."

She denied that John Monroe, who allegedly accompanied her on a west coast trip, was responsible for their separation.

"It was Mr. Cromwell's conduct and that alone that caused the separation."

Their separation, she asserted, she attempted to keep quiet in the interests of Cromwell's political campaign.

Cromwell, appointed U. S. Minister to Canada Jan. 1940, resigned the following May 22 to campaign for the senate.

SOLDIER VOTES WILL DETERMINE STATE WINNERS

Harrisburg, Nov. 10 (AP) — At least half a hundred Pennsylvania political contests stand to win, lose or draw on the foxhole and seagoing ballot.

From U. S. Senator down to the State House, the GI vote holds the answers to upsets or confirmations —to a sweeping Democratic victory or a Republican election face-saver.

On the outcome of the 250,000 soldier votes apparently rests the final determination of these contests:

U. S. Senator—Democratic challenger Francis J. Myers is 3,673 votes ahead of GOP incumbent James J. Davis.

U. S. House of Representatives—Sixth district, where Herbert J. McGlinchey (D) leads; seventh, where GOP incumbent James Wolfenden is ahead, and 11th where Daniel J. Flood (D) holds a slight majority (the other 30 Congressmen, 13 Democrats and 17 Republicans, have safe civilian vote leads).

Jones Over Hughes

State Supreme Court—Federal Judge Charles Alvin Jones (D) has a 2,020 lead (28 precincts missing) over Justice Howard W. Hughes (R).

State Treasurer — Ramsey S. Black (D) has a scant 2,429 majority over Edgar W. Baird, Jr. (R) (36 precincts missing).

State Senate — Incumbent H. Jerome Jaspan (D) of the Third district, incumbent John J. Haluska (D) of the 355th, Louis Klein (D) of the 47th and C. Arthur Blass (R) of the 49th hold slight leads. (Republicans are assured of continued control).

State House—With 86 Republicans and 76 Democrats apparently assured of re-election, 46 other contests remained in the undecided category.

The GI vote could throw control of the State House, important for the 1945 session when postwar planning and spending will come up for approval, to either the Republicans — now dominating — or the Democrats.

Look to Soldiers

GOP State Chairman M. Harvey Taylor figures at least 109 Republicans, four more than are needed for a majority, hold civilian vote leads to 99 Democrats.

However, the Democrats count on the November 22 count to put them in power and already are talking candidates for speaker. Berks county Democrats are booming Albert S. Readinger, Reading attorney and veteran legislator, for the position.

To Permit Making Of Beverage Liquor

Washington, Nov. 10 (AP)—The nation's grain beverage distillers will be allowed to produce beverage liquor during January.

Chairman John Krug of the War Production board today notified the distillers their facilities would not be required for making industrial alcohol during the first month of next year.

This, said Krug, was in line with WPB policy of releasing facilities not needed for war production. The distillers would return to industrial alcohol production in February.

The "liquor holiday" is the second since October, 1942, when all distillers were shifted to industrial alcohol. The previous release from industrial alcohol production was last August.

BIG THREE WILL MEET SOON, FDR

Washington, Nov. 10 (AP) — President Roosevelt said today he, Prime Minister Churchill and Marshal Stalin want to hold another meeting whenever they can arrange it.

He said, however, no details have been worked out and there is nothing definite on the time or place of such a meeting.

The President told the reporters at his first news conference since his election to a fourth term that he wouldn't tell when the time and place are arranged anyway.

Seek "Wild Beast" In Carroll County

The hunt for the wild beast roaming the woodlands and farm section along the Westminster-Manchester state road, principally, it is believed, between Fridinger's Mill and the Greenmount canning factory farm, in Carroll county, Md., continues nightly, but so far without results.

Farmers are taking no chances, hauling their children to and from school in their own autos in cases where the school bus does not pass their door and keeping their cattle in stables after night. A party of young men equipped with guns and search lights were out Tuesday night, and according to reports Solomon Hoke saw the creature and fired at it. Another group went after it with coon hunting dogs. They did not see the animal but heard its howls or screams and the dogs were on the trail for three-quarters of an hour but returned to the party seemingly without locating anything.

Three carloads of men including Sheriff Charles Conaway searched Wednesday night but found no traces. The animal was heard earlier in the evening on the Fridinger farm. One school child returning home from school Wednesday evening reported seeing a strange animal. An adult who claimed having caught sight of it described it as dark in color, two feet in height and weighing about 300 pounds.

AIRMAN FROM HANOVER DIES

Pfc. Lester LeRoy Shoemaker, 26, a tail gunner in the Army Air Corps, who had been in the service only six months, was accidentally killed as the result of an airplane accident at 6:17 o'clock Wednesday evening in the vicinity of Tariffville, Connecticut, according to word received by his wife in Hanover, from Col. Jones, commanding officer at Westover Field, Mass., where the young Hanover airman was stationed.

The telegram gave no details regarding the fatal accident.

Pfc. Shoemaker entered the armed service from Hanover May 8 last and trained for the Army Air Corps at Tyndall Field, Florida, where he received his wings in September. He returned to Hanover September 26 for a 14-day furlough, after which he was assigned to Westover Field.

He was a son of Mr. and Mrs. Roy E. Shoemaker, 335 East King street, Littlestown. He attended the public schools in Hanover, spending a year and a half in the Eichelberger High school. He secured a position as clerk in the A. & P. store, in Hanover, and was married to Miss Grace Wildasin of Hanover August 26, 1938.

Surviving besides his wife and parents are two children, Carolyn and Larrie, aged 4 and 3 years respectively; also a brother, Kenneth Shoemaker, Mt. Pleasant; and two sisters, Mrs. Michael Mllo, Baltimore, and Mrs. Romanus Gebhart, Hanover. He also leaves his grandmother, Mrs. Mary J. Shoemaker, Littlestown R. D. 2. He was a member of St. Matthew's Lutheran church, Hanover.

Electric Railroad Workers On Strike

Chicago, Nov. 10 (AP)—Transportation of an estimated 75,000 Chicago commuters was disrupted this morning when 600 employes of the Chicago, North Shore and Milwaukee, and the Chicago, Aurora and Elgin electric railroads stopped work as efforts failed to settle a wage dispute.

The strikers, members of the Brotherhood of Railroad Trainmen and the Brotherhood of Locomotive Firemen and Enginemen, left their jobs at the designated hour of 4 a. m. No settlement was imminent in the month's old controversy. A scheduled strike last September 18 was averted upon intervention of President Roosevelt, who referred the dispute to a special mediation board.

The disruption of service seriously affected the transportation of thousands of workers, as well as soldiers and sailors at Fort Sheridan and the Great Lakes Naval Training Station.

Philadelphia, Nov. 10 (AP)—Carl B. Harr, area War Manpower Commission director, reports that approximately 172,300 workers were placed in war jobs in the Philadelphia area in the first 10 months of this year.

DORIS REFUSED TO GIVE JIMMY "HUGE" TRUST

Reno, Nev., Nov. 10 (AP)—Heiress Doris Duke, seeking to validate her December divorce from James H. R. Cromwell, testified by deposition today she was prepared at the time of their separation in 1940 to set up a trust fund for the former U. S. Minister to Canada.

"But," she added, "his demands were so exorbitant that I refused to meet them and I will not be frightened into meeting them."

The statement was read into divorce court records as the tobacco heiress attempted to attest her bona fide Nevada residence and to bring the record of the proceedings of Cromwell's New Jersey chancery court counter proceedings into the Reno action.

Her deposition, taken in New York city Aug. 22 before she left for Alexandria, Egypt, to work for $1 a year with the United Seaman's Service, was corroborated by the counsel of the Duke Tobacco Interests, W. R. Perkins.

Mrs. Cromwell testified she discussed with Cromwell a $7,000,000 settlement plan, but "there was never any mention made to me of philanthrophies or public works."

Denies Charges

"The plan was entirely for Mr. Cromwell's personal benefit to give him $110,000 a year or more if possible."

"This entire portion of his testimony, including all the malicious insinuations is utterly false."

"I cannot say I am surprised that Mr. Cromwell would thus falsely testify," she added, "as he had prior to and at the time of my separation repeatedly made false charges that I was unfaithful to him, x x x and had threatened that if I did not accede to his wishes in regard to settlements he would make these false charges public; and by this testimony was only carrying out that threat."

She denied that John Monroe, who allegedly accompanied her on a west coast trip, was responsible for their separation.

"It was Mr. Cromwell's conduct and that alone that caused the separation."

Their separation, she asserted, she attempted to keep quiet in the interests of Cromwell's political campaign.

Cromwell, appointed U. S. Minister to Canada Jan. 1940, resigned the following May 22 to campaign for the senate.

SOLDIER VOTES WILL DETERMINE STATE WINNERS

Harrisburg, Nov. 10 (AP) — At least half a hundred Pennsylvania political contests stand to win, lose or draw on the foxhole and seagoing ballot.

From U. S. Senator down to the State House, the GI vote holds the answers to upsets or confirmations—to a sweeping Democratic victory or a Republican election face-saver.

On the outcome of the 250,000 soldier votes apparently rests the final determination of these contests:

U. S. Senator—Democratic challenger Francis J. Myers is 3,673 votes ahead of GOP incumbent James J. Davis.

U. S. House of Representatives—Sixth district, where Herbert J. McGlinchey (D) leads; seventh, where GOP incumbent James Wolfenden is ahead, and 11th where Daniel J. Flood (D) holds a slight majority (the other 30 Congressmen, 13 Democrats and 17 Republicans, have safe civilian vote leads).

Jones Over Hughes

State Supreme Court—Federal Judge Charles Alvin Jones (D) has a 2,020 lead (28 precincts missing) over Justice Howard W. Hughes (R).

State Treasurer — Ramsey S. Black (D) has a scant 2,429 majority over Edgar W. Baird, Jr. (R) (36 precincts missing).

State Senate — Incumbent H. Jerome Jaspan (D) of the Third district, incumbent John J. Haluska (D) of the 355th, Louis Klein (D) of the 47th and C. Arthur Blass (R) of the 49th hold slight leads. (Republicans are assured of continued control).

State House—With 86 Republicans and 76 Democrats apparently assured of re-election, 46 other contests remained in the undecided category.

The GI vote could throw control of the State House, important for the 1945 session when postwar planning and spending will come up for approval, to either the Republicans — now dominating — or the Democrats.

Look to Soldiers

GOP State Chairman M. Harvey Taylor figures at least 109 Republicans, four more than are needed for a majority, hold civilian vote leads to 99 Democrats.

However, the Democrats count on the November 22 count to put them in power and already are talking candidates for speaker. Berks county Democrats are booming Albert S. Readinger, Reading attorney and veteran legislator, for the position.

To Permit Making Of Beverage Liquor

Washington, Nov. 10 (AP)—The nation's grain beverage distillers will be allowed to produce beverage liquor during January.

Chairman John Krug of the War Production board today notified the distillers their facilities would not be required for making industrial alcohol during the first month of next year.

This, said Krug, was in line with WPB policy of releasing facilities not needed for war production. The distillers would return to industrial alcohol production in February.

The "liquor holiday" is the second since October, 1942, when all distillers were shifted to industrial alcohol. The previous release from industrial alcohol production was last August.

BIG THREE WILL MEET SOON, FDR

Washington, Nov. 10 (AP) — President Roosevelt said today he, Prime Minister Churchill and Marshal Stalin want to hold another meeting whenever they can arrange it.

He said, however, no details have been worked out and there is nothing definite on the time or place of such a meeting.

The President told the reporters at his first news conference since his election to a fourth term that he wouldn't tell when the time and place are arranged anyway.

Seek "Wild Beast" In Carroll County

The hunt for the wild beast roaming the woodlands and farm section along the Westminster-Manchester state road, principally, it is believed, between Fridinger's Mill and the Greenmount canning factory farm, in Carroll county, Md., continues nightly, but so far without results.

Farmers are taking no chances, hauling their children to and from school in their own autos in cases where the school bus does not pass their door and keeping their cattle in stables after night. A party of young men equipped with guns and search lights were out Tuesday night, and according to reports Solomon Hoke saw the creature and fired at it. Another group went after it with coon hunting dogs. They did not see the animal but heard its howls or screams and the dogs were on the trail for three-quarters of an hour but returned to the party seemingly without locating anything.

Three carloads of men including Sheriff Charles Conaway searched Wednesday night but found no traces. The animal was heard earlier in the evening on the Fridinger farm. One school child returning home from school Wednesday evening reported seeing a strange animal. An adult who claimed having caught sight of it described it as dark in color, two feet in height and weighing about 300 pounds.

AIRMAN FROM HANOVER DIES

Pfc. Lester LeRoy Shoemaker, 26, a tail gunner in the Army Air Corps, who had been in the service only six months, was accidentally killed as the result of an airplane accident at 6:17 o'clock Wednesday evening in the vicinity of Tariffville, Connecticut, according to word received by his wife in Hanover, from Col. Jones, commanding officer at Westover Field, Mass., where the young Hanover airman was stationed.

The telegram gave no details regarding the fatal accident.

Pfc. Shoemaker entered the armed service from Hanover May 8 last and trained for the Army Air Corps at Tyndall Field, Florida, where he received his wings in September. He returned to Hanover September 26 for a 14-day furlough, after which he was assigned to Westover Field.

He was a son of Mr. and Mrs. Roy E. Shoemaker, 335 East King street, Littlestown. He attended the public schools in Hanover, spending a year and a half in the Elchelberger High school. He secured a position as clerk in the A. & P. store, in Hanover, and was married to Miss Grace Wildasin of Hanover August 26, 1938.

Surviving besides his wife and parents are two children, Carolyn and Larrie, aged 4 and 3 years respectively; also a brother, Kenneth Shoemaker, Mt. Pleasant; and two sisters, Mrs. Michael Milo, Baltimore, and Mrs. Romanus Gebhart, Hanover. He also leaves his grandmother, Mrs. Mary J. Shoemaker, Littlestown R. D. 2. He was a member of St. Matthew's Lutheran church, Hanover.

The Gas Flame is My Guide to Better Living

Gas that has done such a wonderful war job helping to turn out our weapons, will bring many comforts and conveniences to our new homes.

That Gas flame certainly is versatile and I've made it my guide to the better living we expect after the war. I've enjoyed its advantages for years, but I understand that research will make all Gas equipment even better.

And added to the grand job Gas has been doing in home heating, cooking, refrigeration, and water heating, Gas is going to give us full scale summer cooling of our homes that will be the last word in healthful comfort and convenience.

My post-war home will enjoy all the new freedoms that only gas brings—with its cleanliness, convenience and economy.

P. S.—Buy and hold those War Bonds so YOU'LL be able to invest in new Gas equipment as soon as the job is over—over there.

ALLIES NOT TO RESORT TO NEW TERROR BOMBS

By DEWITT MACKENZIE
Associated Press War Analyst

Resumption of the indiscriminate bombing of civilians in Britain by the Hitlerites—this time with the new long-range rocket, as announced by Prime Minister Churchill today—has brought to my desk from a distinguished reader the accuracy of retaliation in kind on German civilians.

Well, it's easy to understand the urge to retaliate against such diabolical practices. That's human nature. However, we must answer the question of whether it would be justifiable. Our reader justified it with the claim that brute force is the only thing the Prussian mentality can understand.

Attacks Morale

The German purpose in inflicting such a horror is, as Mr. Churchill says, to attack civilian morale—and it's solely for that purpose. The Nazis haven't invented any method of controlling these new weapons so that they can be confined to military objectives. These great sixty foot, fifteen ton rockets are shot sixty or seventy miles into the air, to land willy-nilly. The same lack of control characterized the rocket's predecessor, the robot bomb.

To be sure, both the rocket and the robot can be directed approximately at a target the size of London but, while there are legitimate military objectives in the metropolis, that doesn't excuse bombardment of non-military sections for the express purpose of killing noncombatants. It would be quite as justifiable to employ poison gas—and a good sight more humane.

This new attack comes after several weeks of relief from the frightful assaults with the robots. Fortunately Mr. Churchill was able to say that the scale of the rocket attacks "has not hitherto been significant" and that there is no need to exaggerate the danger. Unfortunately, that couldn't be said of the robot, which is also known as the "V-1" ("V for vengeance), the flying bomb and the buzz bomb.

80-Day Assault

I've just viewed a new film ("V-1," a British Ministry of Information short which will be released through RKO in America soon) that graphically depicts actual scenes from the robot warfare against civilians. It's a thrilling but shocking story.

The German attack lasted eighty days, from mid-June until the end of August. It was centered in southern England and London bore the brunt of it. More than 21,000 people were killed or injured. Over 1,104,000 houses were destroyed or damaged. The Boche launched some 8,070 robots, and about 2,300 got through to the London region.

But the British stood up to this new terror, as they did against the awful German air bombardment early in the war. They weakened not one whit. Forty-six per cent of the robots were brought down by the combined efforts of guns, fighter planes and balloons. And finally the raids were halted through intense bombardment of the Nazi launching sites and experimental stations by the United States and British Air Forces.

No Retaliation

Now the Nazis are at it again with their new V-2 weapon. Should the Allies try to halt this by retaliating on German civilians? Since it's the British who are being bombed, I'll let the answer come from one of them—Brigadier General Horace Sewell, the military commentator. He says:

"The Allies' sole aim at present is to win the war as quickly as possible by defeating the German forces on the ground and in the air. Destruction of German industries, organizations, system of communications and military installations is an essential step in bringing about the military defeat of Germany but indiscriminate raids on German cities for the sole purpose of lowering the morale of the civilian population is not justifiable and therefore will not be adopted by any of the United Nations.

Winner Of Nobel Prize Lacks Plans

Pittsburgh, Nov. 10 (AP) — Surprised and pleased Dr. Otto Stern, winner of the delayed Nobel prize for Physics for 1943, which carried with it approximately $29,000 cash, said today he would "wait until after the war before making plans."

The amiable 56-year-old doctor said the 1944 Nobel prize winner for physics, Isidor Isaac Rabi, of Columbia university, New York, worked in his laboratory in Hamburg, Germany, in 1928.

Dr. Stern, who was driven from his native Germany by the Nazis in 1933, came to this country after a visit to Germany by Dr. Thomas Baker, last president of Carnegie Institute of Technology.

Dr. Stern joined the Carnegie faculty along with an associate, Dr. Immanuel Esterman. He had resigned his position at the University of Hamburg in protest over the dismissal of Dr. Esterman.

EXTRA GAS FOR COMMERCIAL USE

R. M. Hoffman, chairman of the local War Price and Rationing Board, today clarified the conditions under which operators of commercial vehicles may apply for additional gasoline gallonage, under the authorization of the Office of Defense Transportation, which became effective October 16, 1944.

Mr. Hoffman explained that Local Boards may now allocate temporary allotments of gasoline to commercial motor vehicles because of seasonal conditions or emergencies but only the needs of a non-recurring nature in the current quarter. If an applicant returns the following quarter for an additional allotment for similar reasons, the Board will carefully analyze the request since it is likely to indicate a recurring need. If the Board finds that the request constitutes a recurring need the applicant will be given form CWN-1 and advised to file it with his ODT District Office.

"In some cases" Mr. Hoffman said, "the first request made by the applicant to the board for additional transport rations may indicate a recurring need. Such applicants will also be referred to their ODT District Office."

Cologne, Frankfurt Hit By 1,350 Planes

London, Nov. 10 (AP)—Some 1,350 American planes attacked the Cologne and Frankfurt regions today, bombing jet plane bases, transport facilities and industrial plants.

Flights of 750 Flying Fortresses and Liberators, escorted by 600 fighters, fanned out in several directions and struck most heavily at Cologne, upon which great ruin already has been visited. The city of 768,000, 40 miles northwest of American-held Aachen, is the site of vast rail yards and such war factories as the Henschel tank works and the Bettenhausen ordnance plant.

Frankfurt is one of Germany's major rail centers and likewise the home of sprawling war industries.

THREE NATIONS ON CONTINENT LOSE CABINETS

(By The Associated Press)

Switzerland joined Iran and Finland today among nations undergoing cabinet crises and the Germans in effect admitted trouble in their relations with Spain and Portugal with the statement that the Nazi envoys to the Iberian peninsula might be changed.

Dr. Marcel Pilet-Golaz, former president of the Swiss Republic, resigned as his nation's foreign minister. Berlin made the most of this and of the fall of the Iranian government of Premier Mohamed Maraghei Saed, trying to show that both were brought about by Soviet pressure.

The resignation of Saed and his Iranian cabinet, who have been criticized by the Russians for refusal to grant oil concessions to the Soviet Union, was viewed by DNB as prompted by Moscow's refusal to negotiate further with Saed's government.

Other Upsets

The Turkish home radio said the resignation of Saed took place yesterday and was accepted by the 25-year-old ruler of Iran, Mohammed Reza Pahlevi.

Hans Heinrich Dieckhof, German ambassador to Madrid, left the Spanish capital in September, and there was speculation that Hitler's utility man, Franz von Papen, might succeed to the post.

Dr. Oswald Baron von Hoyningen-Huene, minister to Lisbon, flew to Berlin Sept. 11, when reports were current in Portugal that other high Nazi officials accredited to the Portuguese capital also had been recalled.

The Finnish radio said today that party groups of the Finnish Diet met last night to discuss a "government crisis."

LATIN AMERICA BACKS CAUSE OF SMALL NATIONS

By FLORA LEWIS

Washington, Nov. 10 (AP)—Latin American countries began airing today an insistence that smaller nations receive more guarantees in the world peace organization.

First to be heard from was Uruguay, which urged revival of the League of Nations where every nation had an equal vote.

Failing that, the Uruguayan proposal presented to representatives of the other American republics here suggested that assurances for small nations be written into the Dumbarton Oaks blueprint.

Venezuela has also presented a plan, not yet published, which is understood to reflect a general Latin-American trend of thought for a greater role for smaller American republics in the future peace league.

Propose Western Bloc

Uruguay's idea about breathing new life into the League of Nations caused considerable stir among diplomats.

They considered it unlikely that this suggestion would make much headway. But smaller nation guarantees and the suggestion that the system of Pan-American cooperation be fitted into the security organization struck a responsive note among the Latins, however.

Another plan, not yet officially presented but which will probably be laid before the diplomats at their next meeting, proposes that the Western Hemisphere enter the peace system as a bloc, so that combined strength would offset the comparative weakness of individual nations.

Same Technique

The Latins tried this technique with some success at the international aviation conference in Chicago, where they agreed among themselves on an air plan before putting it up to other nations.

The basic ideas of a world organization backed by force with an assembly, executive council and court were supported in the Uruguay proposal and are expected to receive the backing of the other American republics.

Uruguay stressed democracy as well as peacefulness as a requisite for membership in the world organization. Admitting such a definition would cause difficulties at present, the Uruguayan plan proposed that nations joining the league must at least adhere to principles of justice, human dignity, and repudiation of the doctrine of racial superiority.

FDR Guessed Low On Electoral Vote

Washington, Nov. 10 (AP)—President Roosevelt's advance guess on his fourth-term election:

335 electoral votes for himself.

196 for his opponent.

He gave these figures to his news conference today when reporters asked how his usual forecast had turned out.

Mr. Roosevelt observed smilingly that he wasn't very accurate.

He told the newsmen he called off the 25-cent bet he made on the election because he got scared. Under the New York law a voter loses his ballot if he participates in wager

Allied Planes Now Get "Super-Fuel"

Washington, Nov. 10 (AP)—A "super-fuel" now is being produced in limited amounts for combat planes.

Disclosing this today, J. A. Krug, chairman of the War Production board, said the current output of the "super-fuel" now is "very minor" when compared with the production of 100-octane gasoline, but will be gradually stepped up as engines capable of using it effectively come off assembly lines.

The new "super-fuel" will increas cruising range and "full-throttle" performance of planes.

Since a barrel of crude will produce only about half as much of the new fuel as it will of 100-octane, the use of the higher-powered fuel is expected to be limited, for the near future at least, to carrier based aircraft and superbombers.

Marines Warned Toughest To Come

Washington, Nov. 10 (AP)—The Marine Corps began its 170th year today, with a warning from its commandant, Lieut. Gen. A. A. Vandegrift, that the toughest part of the Japanese war is yet to come.

In this war, Vandegrift said, the Marines have sustained 8,827 killed and 25,000 wounded and "the coming year will be the supreme test."

Praising the men who spearheaded the 1,500-mile drive across the central Pacific, the general said:

"We honor the memories of the men who have fallen in the advance. They fell going forward. Long after the total victory for which they died is won, they will remain heroically alive in the hearts of their comrades and in the legends of the corps."

ing reports from surgical, X-ray, offices and clinics, admitting and discharging patients, assisting in preparing wards for formal inspection, doing errands for patients, writing their letters, going for mail, and many other little things the patients requested.

"Camp Lee would now like to have paid nurses' aides in the operating rooms and physio-therapy. The government is making this position possible by Civil Service examination. The salary of a paid aide is $162.50 per month, from which she pays for room, board and laundry, and other minor expenses, leaving about $75 per month net. All paid nurses' aides must sign up for a year of duty at some military hospital.

"At Camp Lee the nurses' aides live in a barracks, each girl having a separate room comfortably furnished, and all meals are taken at the same mess hall with the doctors and nurses. They are granted all privileges of an officer while on the post. 'Every one made our stay at Camp Lee a very pleasant one. It was a very gratifying experience regardless of hard work,' they observed.

"We hope others may be inspired to take up the nurses' aide training when the next course starts and render a service which is very much needed.

"Any one interested please call Mrs. Henry Scharf at Hotel Gettysburg or Mrs. Sydney Poppay."

These breaks probably won't occur for the Japanese again, but they were breaks that will multiply the price in American lives and money which must be paid to win initial stages of the battle for the Philippines.

While the announcement of the reinforcements in such strength appeared abrupt, veiled warnings had been given in at least five communiques. No correspondent, however, was prepared for a total more than four times the highest previously given estimate.

PICTURES

It seems to me that there is no more fascinating nor useful hobby than the one of owning a camera and taking pictures. I have had this hobby for a quarter of a century—and am still at it.

In taking a picture you see in your mind's eye what is before you, but that camera of yours helps to impress upon your mind what you did not see. You learn to give attention to detail through the camera of your eye, when you don't have your other camera handy. You become observant, all the time educating your brain as well as your heart.

Taking pictures trains your eye in arrangement, in perspective and composition. Like an artist with brush and paint, you put yourself into Nature or into portraiture. The late Bob Davis was a wonderful amateur photographer of portraits. He had one of the greatest collections of great men, I believe, in existence. But he once told me that he never would consent to take any man's picture who didn't show something in his face. He wasn't a mere picture taker.

And the joy of the thing is that you don't have to own an expensive camera to take good pictures. It is amazing what wonderful pictures can be taken with an inexpensive camera. I have seen many. It's the way you use the camera that counts.

Pictures are coming into their own as never before. The marvels that are being gained from aerial cameras are astounding. And now color effects are possible with still as well as the movie cameras. After this war is over sensational inventions will be placed before the public that will further arouse the enthusiasm of camera addicts.

Above all, it's fun to take pictures! And it is highly educational. The story of a trip, or vacation, can be told graphically by camera pictures. Better than words, the photograph doesn't let you forget anything. It can be made "a thing of beauty—and a joy forever!"

Tomorrow Mr. Adams will talk on the subject: "Stimulating Books."

REPORT HULL IS ANXIOUS TO REMAIN ON JOB

Washington, Nov. 10 (AP) — Associates of Secretary of State Hull represented him today as eager to remain in his post as long as he can.

They are likewise convinced, they said, that President Roosevelt intends to keep him just as long as he can.

Hull, 73, went to Naval hospital week before last with a throat ailment. But the word at the State Department is that he is getting along well.

Vice President Wallace and Undersecretary of State Stettinius have been publicly mentioned as possible successors to Hull, when and if.

Secretary of Labor Perkins, asked about her plans, commented only that someone is forever predicting she will quit.

Aides of Attorney General Biddle said that he is "happy in his job" and discounted a report that Governor Ellis Arnall of Georgia might head the justice department.

Other Cabinet Posts

Robert E. Hannegan, who managed President Roosevelt's fourth term campaign, when asked whether he would become Postmaster General, replied that "We already have one." This is Frank Walker.

Interior Secretary Ickes has submitted his resignation but no one at his department expects it to be accepted.

At the treasury and commerce departments, respectively, reports that Secretaries Morgenthau and Jones may leave drew denials. The same is true of Secretary of Agriculture Wickard.

There has been comparatively little talk of changes in the war and Navy portfolios, held by 77-year-old Henry L. Stimson and James V. Forrestal.

Michigan Goes To FDR Column

Detroit, Nov. 10 (AP) — The untangling of a bewildering volume of errors by Wayne county election precinct workers gave President Roosevelt an apparently safe margin of 17,109 votes today in the race for Michigan's 19 electoral college votes for President, but the county's board of canvassers faced long days of work to complete the correction of mistakes.

With only 16 of the state's 3,841 precincts missing the vote was:

Roosevelt 1,097,606, Thomas E Dewey, 1,080,497.

Democrats Guard Soldier Ballots

Media, Pa., Nov. 10 (AP)—Democrats in Delaware county are counting on the soldier vote to pull Lt. (jg) Vernon O'Rourke to victory over Republican incumbent James Wolfenden, who now leads O'Rourke by 2,595 votes in the race for Congressman from the seventh district.

On petition, the county court has granted Democrats permission to post 24-hour guards—at their own expense—outside the Media courthouse, where ballots are stored until Nov. 22 when the counting starts.

Flashes Of Life

BUMBLEBEES AIRWORTHY!

New York (AP)—The old story that according to aerodynamics the bumblebee should not be able to fly because of excessive wing loading is disrupted by the technical department of the aeronautical Chamber of Commerce.

Open Hearing On Doris Duke Divorce

Reno, Nev. Nov. 10 (AP)—An imposing list of witnesses, including bankers and a university professor, was summoned Thursday to testify to the Nevada residence of tobacco heiress Doris Duke Cromwell in validation of her December divorce from James H. R. Cromwell.

The open court hearing before Judge William McKnight is another chapter in the prolonged litigation between the heiress and the former U. S. minister to Canada, who contested her decree by New Jersey chancery court action.

Panthers Hope To Hold Ohio State

Pittsburgh, Nov. 10 (AP)—Benefitted by a week's rest after enjoying an open date last Saturday, the University of Pittsburgh's Panthers entrained today for Columbus, where they will meet Ohio State tomorrow afternoon.

Pittsburgh, Nov. 10 (AP)—Representatives of 11 teams will be represented at a meeting of the newly-organized United States football league in Baltimore Nov. 18-19, Roland D. Payne, organizer of the pro circuit which plans to start operating next fall, announced.

Backers of teams in New York, Baltimore, Philadelphia, Akron, O., Washington, Chicago, Cincinnati, Honolulu, Pittsburgh and Milwaukee will attend, Payne said.

Churchill Wants Big Three Meeting

London, Nov. 10 (AP)—Prime Minister Churchill declared Thursday "it is high time we had another triple conference" of himself, President Roosevelt and Marshal Stalin.

Such a meeting, he said at the Lord Mayor's luncheon, "might easily bridge the sufferings of mankind and stop the fearful process of destruction which is now ravaging the earth.

"The prospects of such a meeting," Churchill said, "have been vastly improved by the results of the Presidential elections in the United States."

GI Votes Switch New Jersey To FDR

Paterson, N. J., Nov. 10 AP—Republican State chairman Lloyd B. Marsh, noting that New Jersey's civilian vote gave Governor Thomas E. Dewey a majority but the servicemen's ballot put the state in the Roosevelt column, said today "in New Jersey, as throughout the nation, wartime psychology influenced the election results."

"Governor Dewey lost because the voters of the nation, by a relatively small plurality, were unwilling to change leaders with the war still in progress," Marsh said in a statement.

Unofficial returns, with only about 3,000 service votes missing, showed the civilian vote was 984,044 for Dewey and 891,494 for President Roosevelt, or a Dewey majority of 2,550.

The service vote was 93,216 for the President and 62,596 for Dewey, making a Roosevelt majority of 30,620.

Scholastic Squads Closing Seasons

Harrisburg, Nov. 10 (AP)—Armistice Day will be observed on many Pennsylvania scholastic gridirons tomorrow.

At the request of the PIAA, special halftime ceremonies will be held when bands, school officials and spectators join in tribute to former high school athletes now serving in the armed forces.

For a number of squads, it will be the season's end, although several Thanksgiving Day scraps are scheduled.

A feature attraction pits State College high, pact-setter in western conference ranks, against neighboring Bellefonte.

Lancaster stacks up against John Harris, of Harrisburg, currently leading the Big 15 conference in spite of one setback. Allentown, defending champion, journeys to Easton, while Bethlehem—third of the title contenders—plays out of conference ranks against Phillipsburg, N. J.

All three teams battling for the crown in the southern division of the eastern conference have home games booked, with Lansford entertaining Nesquehoning, Kulpmont taking on Coal Township, and Mahanoy City host to Coaldale.

French Editor Executed Today

Paris, Nov. 10 (AP) — Georges Suarez, 48, editor-in-chief of the daily newspaper "Aujour d' Hui" during the Nazi occupation, was executed by a firing squad at the fort of Montrouge on Thursday as a collaborationist—the first to receive the death penalty.

Suarez was convicted two weeks ago by a four-man civil jury of collusion with the Germans in writing editorials advocating closer collaboration between France and Germany.

Three others of 16 men tried in Paris thus far have received death sentences.

The fossil record of man covers a span of about a million years.

Whisky Rationing Period Is 3 Weeks

Harrisburg, Nov. 10 (AP)—The new whisky rationing period, which starts Monday, Nov. 13, will be three weeks long the same as the current one, the State Liquor Board announced today.

The board also announced state stores will be closed tomorrow for Armistice Day.

The individual allotment of whisky, purchasable by civilians upon presentation of War Ration Book 3 and by members of the armed forces on military cards, will continue at one fifth of a gallon until Saturday, Dec. 2.

Liquor licensees, as in the current period, may buy 80 per cent of former normal purchases while the quotas of smaller licensees was increased from a maximum of six bottles a week to twelve.

Says "Nothing To Fear From Russia"

Philadelphia, Nov. 10 (AP)—The United States and the world "have nothing to fear from Russia in the postwar era" says William L. Batt vice chairman of the war production board.

Speaking before the eastern industrial advertising association, Batt said last night:

"There is no objective reason why our two great nations cannot work together in peace as we have in war. Russia now is not the Russia of immediately after the Revolution for she has found that she has too much to do within her own borders to be interested in world revolution."

Election Head: "That Man Is Back Again"

Clearfield, Pa., Nov. 10 (AP)—The Clearfield progress bannered President Roosevelt's election yesterday with the headline: "That man is back again."

The headline was written by Editor William J. Thomas who once summarized the war news of the day as "World in awful mess."

DEAF MUTE IS FOUND GUILTY

Philadelphia, Nov. 10 (AP)—Charles Schrager, 48-year-old deaf mute, was convicted of first degree murder last night in the hammer-slaying of his sister, Helen, in 1934. The jury of six men and six women recommended life imprisonment.

The verdict was translated into sign language by an interpreter, but Schrager, who has neither heard nor spoken from birth, showed no sign of emotion.

Schrager was adjudged sane and released last June from an insane asylum to which he was committed shortly after his 34-year-old sister was found beaten to death.

Principal witness for the commonwealth was Nathan Schrager, the defendant's brother, who testified in the opening of the trial that he was awakened on the night of June 16 to find Charles standing over him holding a note which read:

"For a long time we have put up with sister's actions, which repeatedly cast a shadow in our lives and disturbed the tranquility of our home. Whatever the consequences, I have just put an end to her life."

Nathan said he found his sister unconscious in her bedroom, her skull crushed by hammer blows.

A motion for a new trial was filed by defense attorneys, and argument on the motion was set for Monday.

WAC Recruiters Set New Record

Baltimore, Nov. 10 (AP)—Army personnel engaged in recruiting activities for the Women's Army corps in Pennsylvania, Maryland and Virginia have been cited for establishing a recruiting record "unsurpassed by any other command."

The achievement was noted by Maj. Gen. Philip Hayes, commanding general of the Third Service Command, in awarding a War department meritorious plaque to the 1312th Service unit.

The unit, which has stations in all large cities of the three-state area, has maintained an "outstanding standard of efficiency through the excellent appearance of both officer and enlisted personnel, enthusiastic and competent execution of orders and indefatiguable devotion to duty," the citation said.

New Gasoline Drum Boosts Shipments

Pittsburgh, Nov. 10 (AP)—A new lightweight gasoline drum that will increase the shipments of aviation gasoline to the China front has been developed by the Aluminum Company of America.

The new drum weighs only 21 pounds, compared with 52 pounds for the old type, a company official said, adding that the air transport command has already flown a supply of the new containers to India.

NAZIS IGNORE 21ST PARTY

London, Nov. 10 (AP)—Berlin broadcasts indicated today that for the first time the greatest of Nazi party holidays will pass without a speech from Adolf Hitler.

Wednesday night was the eve of annual celebration of the abortive 1923 Munich beer hall putsch, and it has been the custom since Hitler's rise to power for high ranking party members to meet in Munich with him and renew their pledges of faith in the Fuehrer.

But the German radio announced that because of the Reich's "total mobilization" the celebration would take place "at a later date" not specified. It appeared that no speech would be forthcoming from Hitler.

Hitler has made no appearances before a microphone since July 21, when a voice purporting to be his broadcast an assurance to the German people that he was safe after the bomb attempt on his life.

The London News-Chronicle said Wednesday it had "deliable information" that Hitler's silence has been due to mental illness.

21 New Cases Of Paralysis Reported

PICTURES

It seems to me that there is no more fascinating nor useful hobby than the one of owning a camera and taking pictures. I have had this hobby for a quarter of a century—and am still at it.

In taking a picture you see in your mind's eye what is before you, but that camera of yours helps to impress upon your mind what you did not see. You learn to give attention to detail through the camera of your eye, when you don't have your other camera handy. You become observant, all the time educating your brain as well as your heart.

Taking pictures trains your eye in arrangement, in perspective and composition. Like an artist with brush and paint, you put yourself into Nature or into portraiture. The late Bob Davis was a wonderful amateur photographer of portraits. He had one of the greatest collections of great men, I believe, in existence. But he once told me that he never would consent to take any man's picture who didn't show something in his face. He wasn't a mere picture taker.

And the joy of the thing is that you don't have to own an expensive camera to take good pictures. It is amazing what wonderful pictures can be taken with an inexpensive camera. I have seen many. It's the way you use the camera that counts.

Pictures are coming into their own as never before. The marvels that are being gained from aerial cameras are astounding. And now color effects are possible with still as well as the movie cameras. After this war is over sensational inventions will be placed before the public that will further arouse the enthusiasm of camera addicts.

Above all, it's fun to take pictures! And it is highly educational. The story of a trip, or vacation, can be told graphically by camera pictures. Better than words, the photograph doesn't let you forget anything. It can be made "a thing of beauty—and a joy forever!"

Tomorrow Mr. Adams will talk on the subject: "Stimulating Books."

REPORT HULL IS ANXIOUS TO REMAIN ON JOB

Washington, Nov. 10 (AP) — Associates of Secretary of State Hull represented him today as eager to remain in his post as long as he can.

They are likewise convinced, they said, that President Roosevelt intends to keep him just as long as he can.

Hull, 73, went to Naval hospital week before last with a throat ailment. But the word at the State Department is that he is getting along well.

Vice President Wallace and Undersecretary of State Stettinius have been publicly mentioned as possible successors to Hull, when and if.

Secretary of Labor Perkins, asked about her plans, commented only that someone is forever predicting she will quit.

Aides of Attorney General Biddle said that he is "happy in his job" and discounted a report that Governor Ellis Arnall of Georgia might head the justice department.

Other Cabinet Posts

Robert E. Hannegan, who managed President Roosevelt's fourth term campaign, when asked whether he would become Postmaster General, replied that "We already have one." This is Frank Walker.

Interior Secretary Ickes has submitted his resignation but no one at his department expects it to be accepted.

At the treasury and commerce departments, respectively, reports that Secretaries Morgenthau and Jones may leave drew denials. The same is true of Secretary of Agriculture Wickard.

There has been comparatively little talk of changes in the war and Navy portfolios, held by 77-year-old Henry L. Stimson and James V. Forrestal.

Michigan Goes To FDR Column

Detroit, Nov. 10 (AP) — The untangling of a bewildering volume of errors by Wayne county election precinct workers gave President Roosevelt an apparently safe margin of 17,109 votes today in the race for Michigan's 19 electoral college votes for President, but the county's board of canvassers faced long days of work to complete the correction of mistakes.

With only 16 of the state's 3,841 precincts missing the vote was:

Roosevelt 1,097,606, Thomas E Dewey, 1,080,497.

Democrats Guard Soldier Ballots

Media, Pa., Nov. 10 (AP)—Democrats in Delaware county are counting on the soldier vote to pull Lt. (jg) Vernon O'Rourke to victory over Republican incumbent James Wolfenden, who now leads O'Rourke by 2,595 votes in the race for Congressman from the seventh district.

On petition, the county court has granted Democrats permission to post 24-hour guards—at their own expense—outside the Media courthouse, where ballots are stored until Nov. 22 when the counting starts.

BUMBLEBEES AIRWORTHY!

New York (AP)—The old story that according to aerodynamics the bumblebee should not be able to fly because of excessive wing loading is disrupted by the technical department of the aeronautical Chamber of Commerce.

"With sufficiently rapid oscillation it is possible for a very small flat surface to lift a much greater weight," the experts report.

Open Hearing On Doris Duke Divorce

Reno, Nev. Nov. 10 (AP)—An imposing list of witnesses, including bankers and a university professor, was summoned Thursday to testify to the Nevada residence of tobacco heiress Doris Duke Cromwell in validation of her December divorce from James H. R. Cromwell.

The open court hearing before Judge William McKnight is another chapter in the prolonged litigation between the heiress and the former U. S. minister to Canada, who contested her decree by New Jersey chancery court action.

Panthers Hope To Hold Ohio State

Pittsburgh, Nov. 10 (AP)—Benefitted by a week's rest after enjoying an open date last Saturday, the University of Pittsburgh's Panthers entrained today for Columbus, where they will meet Ohio State tomorrow afternoon.

Coach Clark Shaughnessy looked to the return of several leading performers who had been handicapped by injuries to improve Pitt's chances of at least holding down the Buckeye victor margin.

New Pro Grid Loop Meets November 18

Pittsburgh, Nov. 10 (AP)—Representatives of 11 teams will be represented at a meeting of the newly-organized United States football league in Baltimore Nov. 18-19, Roland D. Payne, organizer of the pro circuit which plans to start operating next fall, announced.

Backers of teams in New York, Baltimore, Philadelphia, Akron, O., Washington, Chicago, Cincinnati, Honolulu, Pittsburgh and Milwaukee will attend, Payne said.

Churchill Wants Big Three Meeting

London, Nov. 10 (AP)—Prime Minister Churchill declared Thursday "it is high time we had another triple conference" of himself, President Roosevelt and Marshal Stalin.

Such a meeting, he said at the Lord Mayor's luncheon, "might easily bridge the sufferings of mankind and stop the fearful process of destruction which is now ravaging the earth.

"The prospects of such a meeting," Churchill said, "have been vastly improved by the results of the Presidential elections in the United States."

GI Votes Switch New Jersey To FDR

Paterson, N. J., Nov. 10 AP—Republican State chairman Lloyd B. Marsh, noting that New Jersey's civilian vote gave Governor Thomas E. Dewey a majority but the servicemen's ballot put the state in the Roosevelt column, said today "in New Jersey, as throughout the nation, wartime psychology influenced the election results."

"Governor Dewey lost because the voters of the nation, by a relatively small plurality, were unwilling to change leaders with the war still in progress," Marsh said in a statement.

Unofficial returns, with only about 3,000 service votes missing, showed the civilian vote was 984,044 for Dewey and 891,494 for President Roosevelt, or a Dewey majority of 2,550.

The service vote was 93,216 for the President and 62,596 for Dewey, making a Roosevelt majority of 30,620.

VET RESCUES FOUR

Philadelphia, Nov. 10 (AP)—Home from 21 months service in the Mediterranean, Boatswain's Mate 2-c James Moran went into action on the home front yesterday and helped rescue a neighbor and her three children when fire trapped them in their home.

Scholastic Squads Closing Seasons

Harrisburg, Nov. 10 (AP)—Armistice Day will be observed on many Pennsylvania scholastic gridirons tomorrow.

At the request of the PIAA, special halftime ceremonies will be held when bands, school officials and spectators join in tribute to former high school athletes now serving in the armed forces.

For a number of squads, it will be the season's end, although several Thanksgiving Day scraps are scheduled.

A feature attraction pits State College high, pact-setter in western conference ranks, against neighboring Bellefonte.

Lancaster stacks up against John Harris, of Harrisburg, currently leading the Big 15 conference in spite of one setback. Allentown, defending champion, journeys to Easton, while Bethlehem—third of the title contenders—plays out of conference ranks against Phillipsburg, N. J.

All three teams battling for the crown in the southern division of the eastern conference have home games booked, with Lansford entertaining Nesquehoning, Kulpmont taking on Coal Township, and Mahanoy City host to Coaldale.

French Editor Executed Today

Paris, Nov. 10 (AP) — Georges Suarez, 48, editor-in-chief of the daily newspaper "Aujour d' Hui" during the Nazi occupation, was executed by a firing squad at the fort of Montrouge on Thursday as a collaborationist—the first to receive the death penalty.

Suarez was convicted two weeks ago by a four-man civil jury of collusion with the Germans in writing editorials advocating closer collaboration between France and Germany.

Three others of 16 men tried in Paris thus far have received death sentences.

The fossil record of man covers a span of about a million years.

Whisky Rationing Period Is 3 Weeks

Harrisburg, Nov. 10 (AP)—The new whisky rationing period, which starts Monday, Nov. 13, will be three weeks long the same as the current one, the State Liquor Board announced today.

The board also announced state stores will be closed tomorrow for Armistice Day.

The individual allotment of whisky, purchasable by civilians upon presentation of War Ration Book 3 and by members of the armed forces on military cards, will continue at one fifth of a gallon until Saturday, Dec. 2.

Liquor licensees, as in the current period, may buy 80 per cent of former normal purchases while the quotas of smaller licensees was increased from a maximum of six bottles a week to twelve.

Says "Nothing To Fear From Russia"

Philadelphia, Nov. 10 (AP)—The United States and the world "have nothing to fear from Russia in the postwar era" says William L. Batt vice chairman of the war production board.

Speaking before the eastern industrial advertising association, Batt said last night:

"There is no objective reason why our two great nations cannot work together in peace as we have in war. Russia now is not the Russia of immediately after the Revolution for she has found that she has too much to do within her own borders to be interested in world revolution."

Election Head: "That Man Is Back Again"

Clearfield, Pa., Nov. 10 (AP)—The Clearfield progress bannered President Roosevelt's election yesterday with the headline: "That man is back again."

The headline was written by Editor William J. Thomas who once summarized the war news of the day as "World in awful mess."

DEAF MUTE IS FOUND GUILTY

Philadelphia, Nov. 10 (AP)—Charles Schrager, 48-year-old deaf mute, was convicted of first degree murder last night in the hammer-slaying of his sister, Helen, in 1934. The jury of six men and six women recommended life imprisonment.

The verdict was translated into sign language by an interpreter, but Schrager, who has neither heard nor spoken from birth, showed no sign of emotion.

Schrager was adjudged sane and released last June from an insane asylum to which he was committed shortly after his 34-year-old sister was found beaten to death.

Principal witness for the commonwealth was Nathan Schrager, the defendant's brother, who testified in the opening of the trial that he was awakened on the night of June 16 to find Charles standing over him holding a note which read:

"For a long time we have put up with sister's actions, which repeatedly cast a shadow in our lives and disturbed the tranquility of our home. Whatever the consequences, I have just put an end to her life."

Nathan said he found his sister unconscious in her bedroom, her skull crushed by hammer blows.

A motion for a new trial was filed by defense attorneys, and argument on the motion was set for Monday.

WAC Recruiters Set New Record

Baltimore, Nov. 10 (AP)—Army personnel engaged in recruiting activities for the Women's Army corps in Pennsylvania, Maryland and Virginia have been cited for establishing a recruiting record "unsurpassed by any other command."

The achievement was noted by Maj. Gen. Philip Hayes, commanding general of the Third Service Command, in awarding a War department meritorious plaque to the 1312th Service unit.

The unit, which has stations in all large cities of the three-state area, has maintained an "outstanding standard of efficiency through the excellent appearance of both officer and enlisted personnel, enthusiastic and competent execution of orders and indefatiguable devotion to duty," the citation said.

New Gasoline Drum Boosts Shipments

Pittsburgh, Nov. 10 (AP)—A new lightweight gasoline drum that will increase the shipments of aviation gasoline to the China front has been developed by the Aluminum Company of America.

The new drum weighs only 21 pounds, compared with 52 pounds for the old type, a company official said, adding that the air transport command has already flown a supply of the new containers to India.

NAZIS IGNORE 21ST PARTY

London, Nov. 19 (AP)—Berlin broadcasts indicated today that for the first time the greatest of Nazi party holidays will pass without a speech from Adolf Hitler.

Wednesday night was the eve of annual celebration of the abortive 1923 Munich beer hall putsch, and it has been the custom since Hitler's rise to power for high ranking party members to meet in Munich with him and renew their pledges of faith in the Fuehrer.

But the German radio announced that because of the Reich's "total mobilization" the celebration would take place "at a later date" not specified. It appeared that no speech would be forthcoming from Hitler.

Hitler has made no appearances before a microphone since July 21, when a voice purporting to be his broadcast an assurance to the German people that he was safe after the bomb attempt on his life.

The London News-Chronicle said Wednesday it had "deliable information" that Hitler's silence has been due to mental illness.

21 New Cases Of Paralysis Reported

Harrisburg, Nov. 10 (AP)—The state health department reported 21 new cases of infantile paralysis to bring the state's total to 1,378 since the first of the year. Three cases were in Philadelphia, two in Erie, Lackawanna and Lycoming, and one each in Allegheny, Crawford, Center, Dauphin, Lancaster, Lehigh, Montgomery, Schuylkill, Venango, Washington, Wayne and York counties.

WASHINGTON GIVES MR. FDR WARM WELCOME

By FRANCIS J. KELLY

Washington, Nov. 10 (AP)—President Roosevelt returned to the capital today after his fourth term victory and assured thousands assembled to welcome him that he was "very happy" to be back.

With Vice President Wallace and Vice President-elect Truman riding with him in an open car, Mr. Roosevelt arrived at the Christopher Columbus statue adjacent to the Union Station at 9:04 a. m. He had come in by train from his Hyde Park estate about 40 minutes earlier.

A night-long rain almost stopped as the President paused to wave to the crowd and speak briefly into radio microphones at the statue. No amplification system had been installed and only those very close were able to hear.

25,000 At Station

Little Johnny Boettiger, the President's grandson, sat proudly in the front seat of the Presidential car beside the driver. As the parade swung south toward the capitol and headed down Constitution and Pennsylvania avenues to the White House, traffic Director William A. Van Duzen estimated at least 25,000 men, women and children were gathered in the immediate vicinity of the station. Many additional thousands were packed tightly along the curb along the parade route.

A fine rain blew across downtown Washington as the procession got under way.

Thanking Washington for braving the weather to welcome him, Mr. Roosevelt said he could hardly tell how happy he was to return and gave his special thanks to government workers "who are helping to win this war."

Police Patrol Route

Mrs. Roosevelt's place in the parade was a short distance behind the President and her car was followed by those cabinet officials including Secretary of the Treasury Morgenthau. Hundreds of special police, augmenting the regular secret service details, patrolled the route.

The crowd had started gathering as early as 7 a. m. Umbrellas popped open everywhere as a heavy rain began to fall about 8:30. Water dripped from sodden flags along the avenues.

A roar of welcome swelled up as the President's car emerged from the station and well-wishers held up banners carrying such messages as "In 44 we need you more," "You won here, let's win over there," "You're back and we're back of you," and "USA-FDR."

A wedge of 50 motorcycle policemen clattered down the avenue immediately ahead of the President

JAPAN CLAIMS 2 STRONGHOLDS

New York, Nov. 10 (AP)—Japanese broadcasts claimed the capture today of Kweilin and Liuchow in China.

The Japanese official news agency Domei said the Chinese 31st Army had "completely surrendered" at noon today in Kweilin, capital of Kwangsi province and defense pivot for southeastern China.

The dispatch, in romanized Japanese to enemy-occupied Asia and recorded by U. S. Government monitors, said news of capture was carried in a dispatch from the Kwangsi front. The Chinese have said Kweilin would be "China's Stalingrad."

May Sever China

The Chinese high command in Chungking said that the Japanese claws of a pincers moving on Liuchow from the north and the southwest were 50 miles apart. It was evident that once the gap was closed the Japanese would have a line stretching from the South China sea to the great wall in the north, cutting China in two.

The invaders in the north were last reported 15 miles from Liuchow at their nearest point, the Chinese said, and one of four columns slashing westward from the west river front was 35 miles south of Liuchow

A Chinese spokesman admitted the Japanese were assailing Kweilin from the east, battering main positions guarding the city itself, and said the decisive battle was under way.

The Tokyo radio declared in an English-language broadcast before the report of Kweilin's capture that Liuchow, site of the last American air base in southeast China, had fallen at 8:40 a. m. (Japanese time) today

RUSSIANS CUT RAILWAY LINE NEAR BUDAPEST

By DANIEL DE LUCE

Moscow, Nov. 10 (AP)—Russian troops under Marshal Rodion Y. Malinovsky drove a wedge across the enemy's last direct railway communications between Budapest and northeastern Hungary today after shattering the west bank defenses along the upper Tisza river.

A big infantry and armored salient extending westward beyond Mezokeresztes, approximately 70 miles east-northeast of Budapest, curved dangerously toward the rear of German Panzer forces which have been counterattacking east and southeast of the Hungarian capital in an attempt to prevent it from being outflanked.

A Moscow announcement said the main Budapest-Miskolcz rail line had been severed. The Russian communique said the Second Ukrainian Army, advancing on a wide front across the middle Tisza had captured 50 towns and villages

Kill 142,000

There was no official news about Malinovsky's left flank, which has dug into Budapest's southern suburbs, or about the extreme right flank of his army which previously crossed the upper Tisza in the direction of the southern borders of Czechoslovakia

The Russian war bulletin said Malinovsky's army since October 6 had killed or captured 142,000 German and Hungarian defenders of Budapest

From the German viewpoint Malinovsky's new breakthrough carried a double danger—the arrival of a powerfully strengthened force to join the siege of the Hungarian capital and the serious threat that the Russians might bypass the city to the north in the direction of Vienna and Bratislava.

(Berlin said other Russian troops had crossed the Danube river at Dunafoldvar, 43 miles south of bomb-battered Budapest. The German radio said that further south another Red Army was on the move again with the crossing of the Danube at Apatin, 15 miles south of the Hungarian border by units of Marshal Feodor I. Tolbukhin's Third Ukraine Army.)

BRUNO ASKS COMMUTATION

Harrisburg, Nov. 10 (AP)—Philip Bruno, convicted of first degree murder in the slaying of five marchers in a Democratic parade on election eve at Kelayres Schuylkill county, in 1934, will ask for commutation of his life sentence before the state pardon board at its sessions, Nov. 14-15.

The board refused a previous application in July, 1943, when they also turned down the clemency plea of his brother, Joseph J. Bruno, serving life imprisonment in the same slayings. A subsequent plea of Joseph for commutation is under advisement

Four other members of the Bruno family were convicted of second degree murder in the shootings and sentenced to 10 to 20 years in prison.

Also scheduled for hearing before the board is a new plea for commutation by Thomas Hays Elliott, of Harrisburg, who was originally scheduled to die for first degree murder Sept. 25 but was saved temporarily when Governor Martin granted a respite to Nov. 27 on the plea of his attorney that he had found new evidence.

"Morven" built in 1701 was named after a character in romantic poems which were popular in the colonies, is directly west of the Princeton battle monument in the colonial university town.

Electric Railroad Workers On Strike

Chicago, Nov. 10 (AP)—Transportation of an estimated 75,000 Chicago commuters was disrupted this morning when 600 employes of the Chicago, North Shore and Milwaukee, and the Chicago, Aurora and Elgin electric railroads stopped work as efforts failed to settle a wage dispute.

The strikers, members of the Brotherhood of Railroad Trainmen and the Brotherhood of Locomotive Firemen and Enginemen, left their jobs at the designated hour of 4 a. m. No settlement was imminent in the month's old controversy. A scheduled strike last September 18 was averted upon intervention of President Roosevelt, who referred the dispute to a special mediation board.

The disruption of service seriously affected the transportation of thousands of workers, as well as soldiers and sailors at Fort Sheridan and the Great Lakes Naval Training Station

Philadelphia, Nov. 10 (AP)—Carl S. Harr, area War Manpower Commission director, reports that approximately 172,300 workers were placed in war jobs in the Philadelphia area in the first 10 months of this year.

DORIS REFUSED TO GIVE JIMMY "HUGE" TRUST

Reno, Nev., Nov. 10 (AP)—Heiress Doris Duke, seeking to validate her December divorce from James H. R. Cromwell, testified by deposition today she was prepared at the time of their separation in 1940 to set up a trust fund for the former U. S. Minister to Canada.

"But," she added, "his demands were so exorbitant that I refused to meet them and I will not be frightened into meeting them."

The statement was read into divorce court records as the tobacco heiress attempted to attest her bona fide Nevada residence and to bring the record of the proceedings of Cromwell's New Jersey chancery court counter proceedings into the Reno action.

Her deposition, taken in New York city Aug. 22 before she left for Alexandria, Egypt, to work for $1 a year with the United Seaman's Service, was corroborated by the counsel of the Duke Tobacco Interests, W. R. Perkins.

Mrs. Cromwell testified she discussed with Cromwell a $7,000,000 settlement plan, but "there was never any mention made to me of philanthrophies or public works."

Denies Charges

"The plan was entirely for Mr. Cromwell's personal benefit to give him $110,000 a year or more if possible."

"This entire portion of his testimony, including all the malicious insinuations is utterly false."

"I cannot say I am surprised that Mr. Cromwell would thus falsely testify," she added, "as he had prior to and at the time of my separation repeatedly made false charges that I was unfaithful to him, x x x and had threatened that if I did not accede to his wishes in regard to settlements he would make these false charges public, and by this testimony was only carrying out that threat."

She denied that John Monroe, who allegedly accompanied her on a west coast trip, was responsible for their separation.

"It was Mr. Cromwell's conduct and that alone that caused the separation."

Their separation, she asserted, she attempted to keep quiet in the interests of Cromwell's political campaign

Cromwell, appointed U. S. Minister to Canada Jan. 1940, resigned the following May 22 to campaign for the senate.

SOLDIER VOTES WILL DETERMINE STATE WINNERS

Harrisburg, Nov. 10 (AP) — At least half a hundred Pennsylvania political contests stand to win, lose or draw on the foxhole and seagoing ballot.

From U. S. Senator down to the State House, the GI vote holds the answers to upsets or confirmations —to a sweeping Democratic victory or a Republican election face-saver

On the outcome of the 250,000 soldier votes apparently rests the final determination of these contests:

U. S. Senator—Democratic challenger Francis J. Myers is 3,673 votes ahead of GOP incumbent James J. Davis.

U. S. House of Representatives—Sixth district, where Herbert J. McGlinchey (D) leads; seventh, where GOP incumbent James Wolfenden is ahead, and 11th where Daniel J. Flood (D) holds a slight majority (the other 30 Congressmen, 13 Democrats and 17 Republicans, have safe civilian vote leads).

Jones Over Hughes

State Supreme Court—Federal Judge Charles Alvin Jones (D) has a 2,020 lead (28 precincts missing) over Justice Howard W. Hughes (R).

State Treasurer — Ramsey S. Black (D) has a scant 2,429 majority over Edgar W. Baird, Jr. (R) (36 precincts missing).

State Senate — Incumbent H. Jerome Jaspan (D) of the Third district, incumbent John J. Haluska (D) of the 35th, Louis Klein (D) of the 47th and C. Arthur Blass (R) of the 49th hold slight leads. (Republicans are assured of continued control).

State House—With 86 Republicans and 76 Democrats apparently assured of re-election, 46 other contests remained in the undecided category.

The GI vote could throw control of the State House, important for the 1945 session when postwar planning and spending will come up for approval, to either the Republicans — now dominating — or the Democrats.

Look to Soldiers

GOP State Chairman M. Harvey Taylor figures at least 109 Republicans, four more than are needed for a majority, hold civilian vote leads to 99 Democrats.

However, the Democrats count on the November 22 count to put them in power and already are talking candidates for speaker. Berks county Democrats are booming Albert S. Readinger, Reading attorney and veteran legislator, for the position.

To Permit Making Of Beverage Liquor

Washington, Nov. 10 (AP)—The nation's grain beverage distillers will be allowed to produce beverage liquor during January.

Chairman John Krug of the War Production board today notified the distillers their facilities would not be required for making industrial alcohol during the first month of next year.

This, said Krug, was in line with WPB policy of releasing facilities not needed for war production. The distillers would return to industrial alcohol production in February.

The "liquor holiday" is the second since October, 1942, when all distillers were shifted to industrial alcohol. The previous release from industrial alcohol production was last August.

BIG THREE WILL MEET SOON, FDR

Washington, Nov. 10 (AP) — President Roosevelt said today he, Prime Minister Churchill and Marshal Stalin want to hold another meeting whenever they can arrange it.

He said, however, no details have been worked out and there is nothing definite on the time or place of such a meeting

The President told the reporters at his first news conference since his election to a fourth term that he wouldn't tell when the time and place are arranged anyway

Seek "Wild Beast" In Carroll County

The hunt for the wild beast roaming the woodlands and farm section along the Westminster-Manchester state road, primarily, it is believed, between Fridinger's Mill and the Greenmount canning factory farm, in Carroll county, Md., continues nightly, but so far without results.

Farmers are taking no chances, hauling their children to and from school in their own autos in cases where the school bus does not pass their door and keeping their cattle in stables after night. A party of young men equipped with guns and search lights were out Tuesday night, and according to reports Solomon Hoke saw the creature and fired at it. Another group went after it with coon hunting dogs. They did not see the animal but heard its howls or screams and the dogs were on the trail for three-quarters of an hour but returned to the party seemingly without locating anything.

Three carloads of men including Sheriff Charles Conaway searched Wednesday night but found no traces. The animal was heard earlier in the evening on the Fridinger farm. One school child returning home from school Wednesday evening reported seeing a strange animal. An adult who claimed having caught sight of it described it as dark in color, two feet in height and weighing about 300 pounds.

AIRMAN FROM HANOVER DIES

Pfc. Lester LeRoy Shoemaker, 26, a tail gunner in the Army Air Corps, who had been in the service only six months, was accidentally killed as the result of an airplane accident at 6:17 o'clock Wednesday evening in the vicinity of Tariffville, Connecticut, according to word received by his wife in Hanover, from Col. Jones, commanding officer at Westover Field, Mass., where the young Hanover airman was stationed.

The telegram gave no details regarding the fatal accident.

Pfc Shoemaker entered the armed service from Hanover May 8 last and trained for the Army Air Corps at Tyndall Field, Florida, where he received his wings in September. He returned to Hanover September 26 for a 14-day furlough, after which he was assigned to Westover Field

He was a son of Mr. and Mrs. Roy E. Shoemaker, 335 East King street, Littlestown. He attended the public schools in Hanover, spending a year and a half in the Bonebrake High school. He secured a position as clerk in the A & P store in Hanover, and was married to Miss Grace Wildasin of Hanover August 26, 1938.

Surviving besides his wife and parents are two children, Carolyn and Larrie, aged 4 and 3 years respectively, also a brother, Kenneth Shoemaker, Mt. Pleasant; and two sisters, Mrs. Michael Milo, Baltimore, and Mrs. Romanus Gebhart, Hanover. He also leaves his grandmother, Mrs. Mary J. Shoemaker, Littlestown R. D. 2. He was a member of St. Matthew's Lutheran church, Hanover.

The Gas Flame is My Guide to Better Living

Gas that has done such a wonderful war job helping to turn out our weapons, will bring many comforts and conveniences to our new homes.

That Gas flame certainly is versatile and I've made it my guide to the better living we expect after the war. I've enjoyed its advantages for years, but I understand that research will make all Gas equipment even better.

And added to the grand job Gas has been doing in home heating, cooking, refrigeration, and water heating, Gas is going to give us full scale summer cooling of our homes that will be the last word in healthful comfort and convenience.

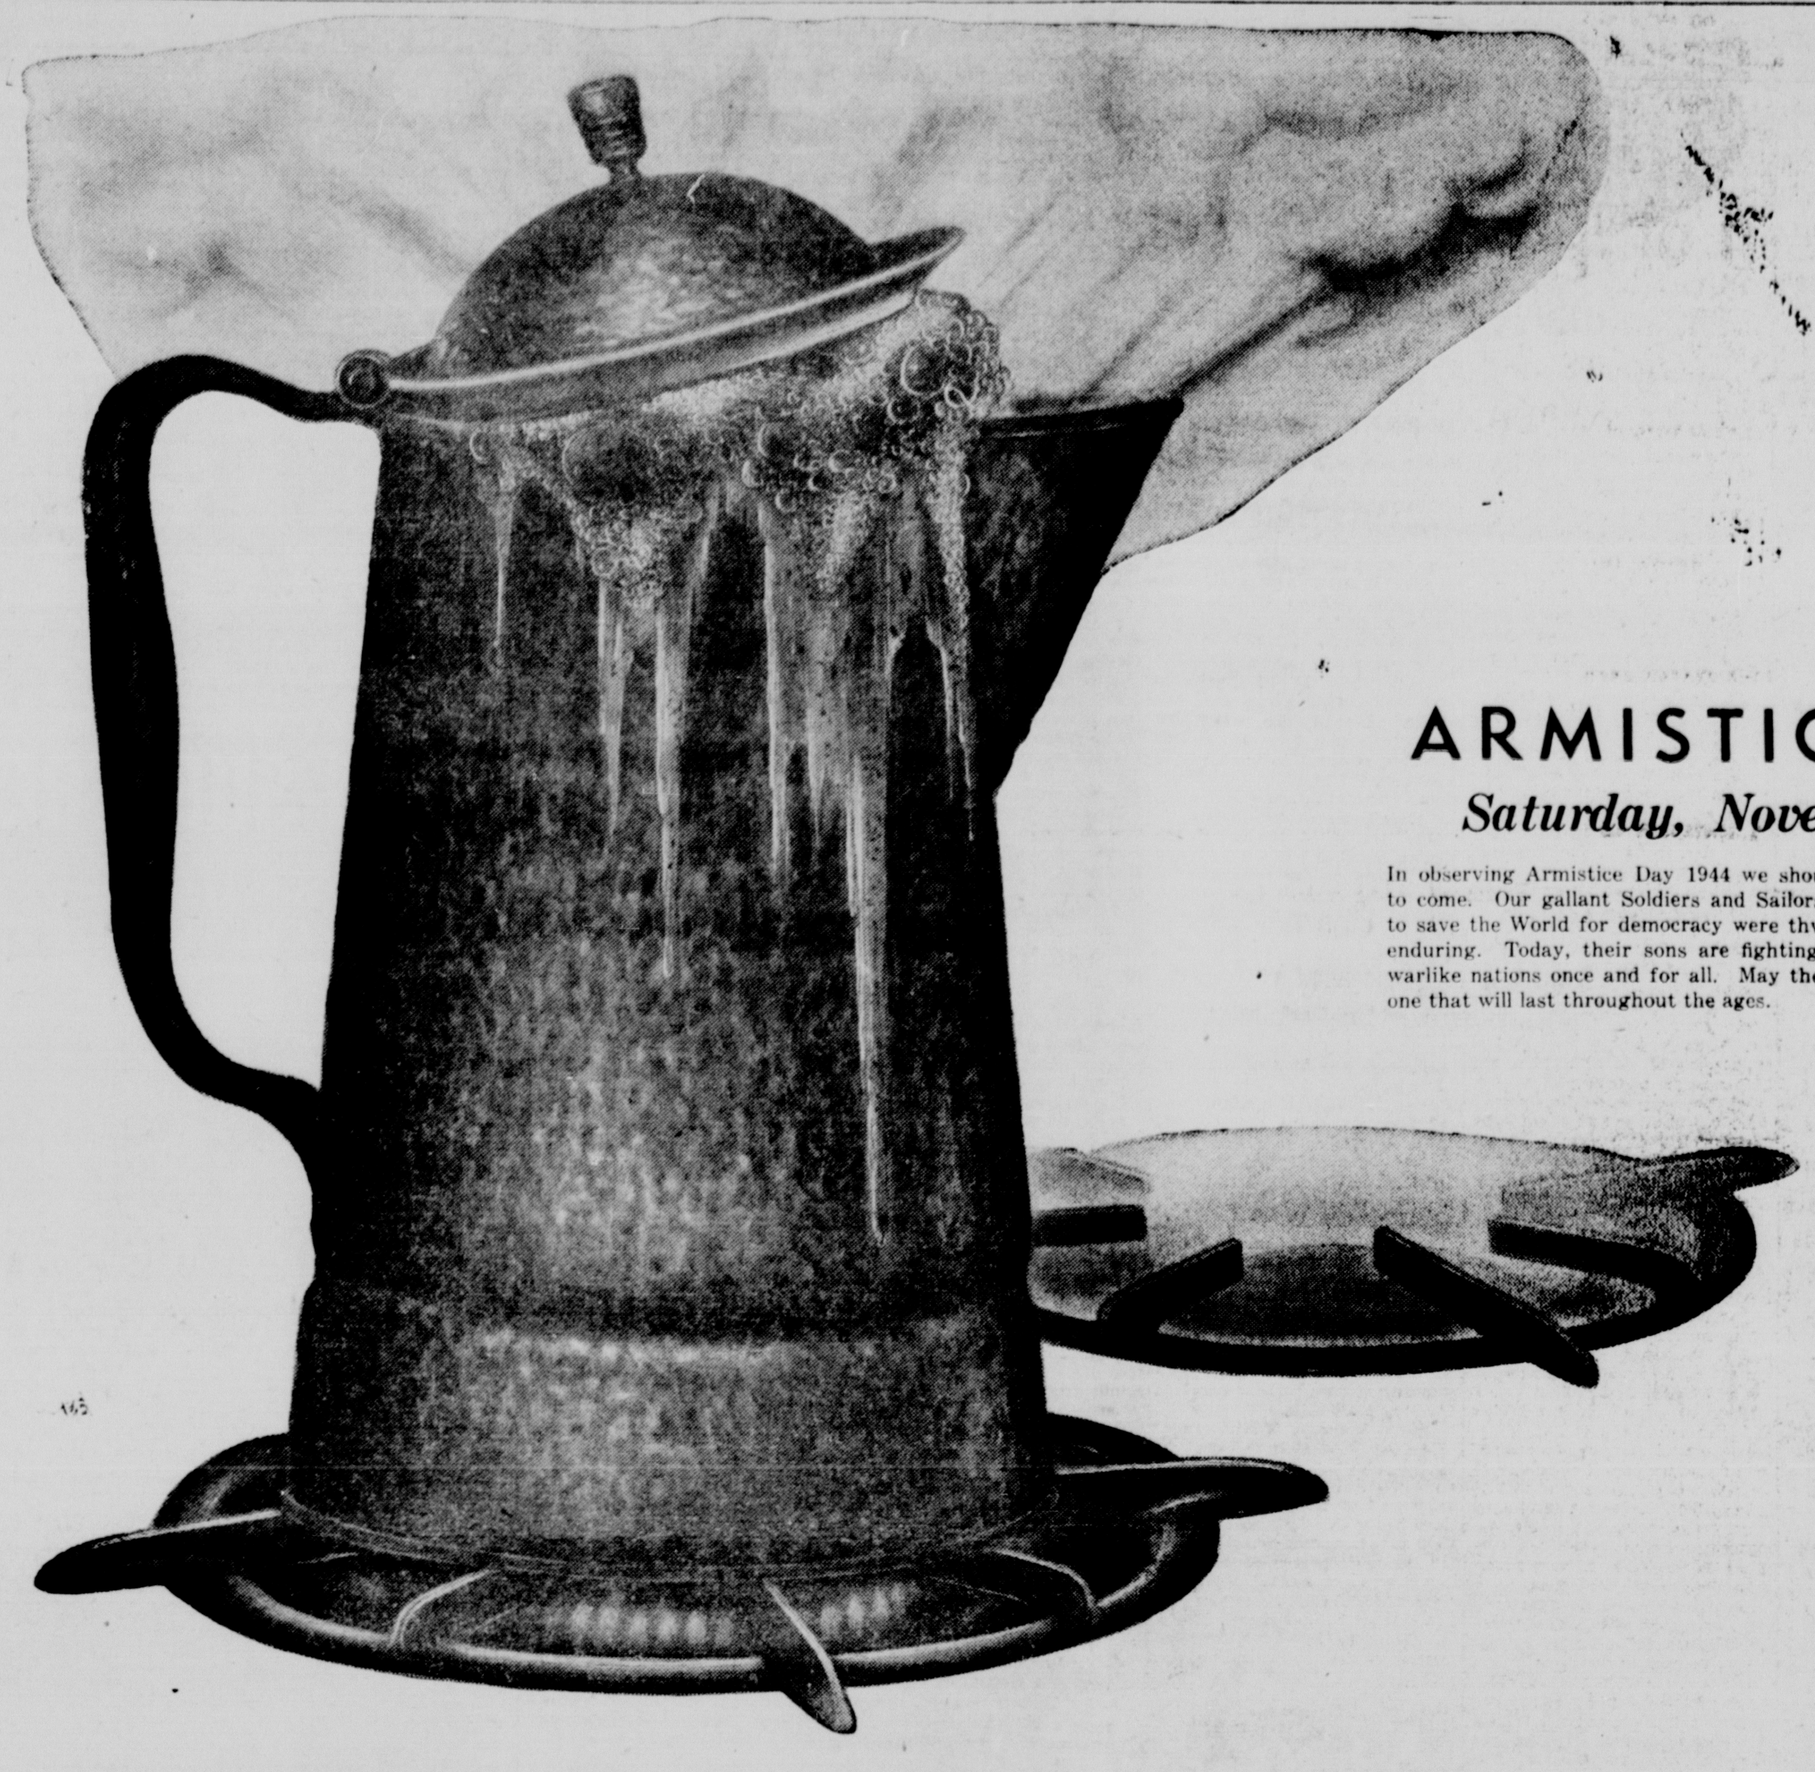

My post-war home will enjoy all the new freedoms that only gas brings—with its cleanliness, convenience and economy.

P. S.—Buy and hold those War Bonds so YOU'LL be able to invest in new Gas equipment as soon as the job is over—over there.

ARMISTICE DAY

Saturday, November 11th

In observing Armistice Day 1944 we should reflect well upon the years to come. Our gallant Soldiers and Sailors who won the 1st World War to save the World for democracy were thwarted in a Peace that was not enduring. Today, their sons are fighting to finish the job of crushing warlike nations once and for all. May the Peace that follows Victory be one that will last throughout the ages.

...and an extra one for the pot!

LIKE every good American, you've bought your share of War Bonds.

You've bought 'em to help build the tanks, ships, planes, and guns.

You've bought 'em to back up our fighting men.

You've bought 'em for every conceivable reason to help speed the winning of a very tough war, and as long as that war goes on you'll naturally keep on buying Bonds. BUT...

Next payday, even if it pinches, why don't you buy an *extra* Bond—*just for yourself?*

There are a hundred and one ways you could use some extra money a few years from now. Buy that extra Bond—tuck it away—and you'll *have* that extra money!

If you're going to want something extra out of life—now's the time to get it.

When you're cooking up some coffee, it's that extra spoonful "for the pot" that makes a richer, better brew. Put an extra War Bond in the pot—and let it make a richer, better future for you!

R. C. TO HELP SEND MESSAGES TO INTERNEES

Plans have been completed by the American Red Cross for the expedited delivery of special Red Cross messages to United States prisoners of war and U. S. civilian internees in the Philippines, Miss Margaret McMillan, executive secretary of the local chapter announced Tuesday.

The information was received Monday in a telegram from the national director of home service, Mrs. Kathryn N. Ellis, Arlington, Virginia, to the local office.

Mrs. Ellis said that one Red Cross message form, which may be obtained at the chapter offices on Baltimore street, may be accepted through November 13 from any person in the United States wishing to send it to relatives and friends now held as U. S. prisoners of war or U. S. civilian internees in the Philippines, but only when their address is known.

Subject To Censorship

The messages will be subject to regular Army overseas mail censorship, the national home service director said, but will not be limited to 25 words. They may be continued on the reverse side of the form, number 1616, and should be forwarded by air mail to the home service national headquarters at Arlington.

Mrs. Ellis cautioned that the Red Cross cannot guarantee delivery but every effort will be made to reach the addressees so they may establish contact with their families as soon as possible after the islands are liberated.

She said she hoped arrangements may be made for the addressee to reply directly to families and she urged that families should also continue to write to prisoners of war and civilian internees by regular mail, in addition to the special message.

None To Filipinos

The Red Cross can not accept messages for U. S. free civilians and Filipinos under this plan because of the special government channels to be used for the delivery of the messages, Mrs. Ellis stated.

She said that the Relief for Americans in the Philippines organization was sending a mimeographed letter to persons in this country whose names they have on file suggesting they call at local Red Cross chapters and complete form number 1616.

BIG PROBLEMS CONFRONT FDR IN 4TH TERM

Washington, Nov. 10 (AP)—President Roosevelt and the new Democratic-controlled Congress inherited from the 1944 elections today an opportunity for the greatest teamwork job in American history.

The fourth term President rode to the capital this morning, a ride that was transporting him from the flush of tremendous victory at the polls to sobering, hard work.

The votes of 45,000,000 Americans had been counted, a majority—better than 3,000,000—for Roosevelt. They gave him and his party a working majority of at least 55 in the House and 19 in the Senate. They also gave the party 25 of the 48 governorships of the nation.

Ahead lies the dual challenge for the President and the 79th Congress to wind up the war and together write a peace that will last.

Problems Facing FDR

This, as the President's opponent, Thomas E. Dewey said in his campaign, is no one-man job.

On the President's part, he faces:

The impending conference with Churchill and Stalin; the Chinese problem enhanced by removal of Gen. Joseph W. Stilwell at Chiang Kai-shek's personal request; decisions on the makeup of the new cabinet, provided any changes would be contemplated; a number of major appointments now likely to be made momentarily.

This new Congress must appropriate the final punch funds of war, it must equip the President with special wartime powers that are due soon to expire, renew anti- inflation and other economic controls, act on taxes and other domestic matters. Principally, though, it will be the "peace" Congress.

Mr. Roosevelt and the old Congress have battled tooth-and-nail on some issues where southern Democrats teamed up with Republicans. But on major questions involving the war, the Congress gave the administration pretty much what it wanted.

Senator Harry S. Truman, the vice president elect, sounded the new teamwork cry, declaring it was his first goal to keep that mile between the White House and the Capital only a geographical barrier.

36 States To 12

Though they came out second, the Republicans had a mighty voice in this election and will still have an important role in the law-making establishment. Governor Dewey came nearer to winning than any other defeated presidential candidate since 1916.

With some 8,000 of the 130,789 districts still to report, this was the box score:

Roosevelt 24,249,098; Dewey 21,-195,298; electoral vote, 432 to 99; 36 states to 12.

House 242 Democrats; 187 Republicans, 2 minor parties, four undecided (all in Missouri).

Senate 56 Democrats, 37 Republicans, 1 Progressive, two unsettled (Pennsylvania, Missouri).

In Pennsylvania incomplete returns showed incumbent Senator James J. Davis (R) trailing Francis J. Myers (D). Pennsylvania counts its GI ballots November 22.

Canada Withholds Aspirations In Air

Chicago, Nov. 10 (AP)—Canada appeared today to be holding back as a trump card in the International Civil Aviation conference her own aspirations for postwar world air routes.

Sponsor of one of the two British empire plans for giving route assignment power to an international authority, Canada has not yet stated her own aims for carrying commerce in the air ocean. Eight other countries—the United States, the Netherlands, Poland, Philippine commonwealth, Spain, Switzerland, Egypt and Lebanon— have said formally where they hope to fly as an initial objective.

Thus far, however, Canada has declined to say whether or if it intends to do the same, although Adolf A. Berle, Jr., United States delegation chairman and president of the 51-nation conference, suggested that such plans be laid on the table for discussion.

ALLIES CAPTURE FORLI IN ITALY

Rome, Nov. 10 (AP) — British troops have captured Forli, Po valley communications center 38 miles southeast of Bologna on the Bologna-Rimini highway, Allied headquarters announced today.

Capture of the old fortress city, which has a population of approximately 65,000, was accomplished by a pincer movement. One force moved directly up the Rimini-Bologna highway, while the second advanced up a road from the airfield to the southeast, penetrating into the town.

In addition other Eighth Army troops have loosened Nazi positions in the hills south and southwest of Forli. Approximately 250 prisoners were taken as the town fell.

Philadelphia, Nov. 10 (AP)—Connie Mack, Philadelphia Athletics manager, says "we have called off" plans to purchase the Minneapolis baseball club of the American Association.

A doctor who owns a hospital in Texas reported under oath that in a clinic of 20 cases of psoriasis, "16 cleared of all lesions completely in 30 days—4 were 70% clear and continued treatment; that out of 40 cases of eczema all but 3 were cleared of all lesions in 3 weeks to a month with prognosis of the 3 good for recovery, that out of 11 cases of athletes foot all, save one who did not return for treatment, were dismissed completely cured—8 to 14 days for acute cases and 3 weeks for chronic cases; that out of 3 cases of leg ulcers complete healing resulted in all 3 of the cases in a month, and in 8 cases of poison ivy or oak, complete cures were effected in an average of 5 days." His report states, "not in a single case of this clinical group did I meet with toxic bad effects * * * intolerance or flare-ups * * Colusa may be used near the eyes without danger * * * it relieves itching quickly. A little of the oil covers large areas. It is non-irritating. Soothing to raw and denuded lesions and affected areas. Easily massaged into the skin."

Two other doctors make similar glowing clinic reports—one, a United States Government health physician reporting on 25 cases, and the other a Mexican Government health physician reporting on 43 cases.

BIG PROBLEMS CONFRONT FDR IN 4TH TERM

Washington, Nov. 10 (AP)—President Roosevelt and the new Democratic-controlled Congress inherited from the 1944 elections today an opportunity for the greatest teamwork job in American history.

The fourth term President rode to the capital this morning, a ride that was transporting him from the flush of tremendous victory at the polls to sobering, hard work.

The votes of 45,000,000 Americans had been counted, a majority—better than 3,000,000—for Roosevelt. They gave him and his party a working majority of at least 55 in the House and 19 in the Senate. They also gave the party 25 of the 48 governorships of the nation.

Ahead lies the dual challenge for the President and the 79th Congress to wind up the war and together write a peace that will last.

Problems Facing FDR

This, as the President's opponent, Thomas E. Dewey said in his campaign, is no one-man job.

On the President's part, he faces: The impending conference with Churchill and Stalin; the Chinese problem enhanced by removal of Gen. Joseph W. Stilwell at Chiang Kai-shek's personal request; decisions on the makeup of the new cabinet, provided any changes would be contemplated; a number of major appointments now likely to be made momentarily.

This new Congress must appropriate the final punch funds of war, it must equip the President with special wartime powers that are due soon to expire, renew anti- inflation and other economic controls, act on taxes and other domestic matters. Principally, though, it will be the "peace" Congress.

Mr. Roosevelt and the old Congress have battled tooth-and-nail on some issues where southern Democrats teamed up with Republicans. But on major questions involving the war, the Congress gave the administration pretty much what it wanted.

Senator Harry S. Truman, the vice president elect, sounded the new teamwork cry, declaring it was his first goal to keep that mile between the White House and the Capital only a geographical barrier.

36 States To 12

Though they came out second, the Republicans had a mighty voice in this election and will still have an important role in the law-making establishment. Governor Dewey came nearer to winning than any other defeated presidential candidate since 1916.

With some 8,000 of the 130,789 districts still to report, this was the box score:

Roosevelt 24,249,098; Dewey 21,-195,298; electoral vote, 432 to 99; 36 states to 12.

House 242 Democrats; 187 Republicans, 2 minor parties, four undecided (all in Missouri).

Senate 56 Democrats, 37 Republicans, 1 Progressive, two unsettled (Pennsylvania, Missouri).

In Pennsylvania incomplete returns showed incumbent Senator James J. Davis (R) trailing Francis J. Myers (D). Pennsylvania counts its GI ballots November 22.

Canada Withholds Aspirations In Air

Chicago, Nov. 10 (AP)—Canada appeared today to be holding back as a trump card in the International Civil Aviation conference her own aspirations for postwar world air routes.

Sponsor of one of the two British empire plans for giving route assignment power to an international authority, Canada has not yet stated her own aims for carrying commerce in the air ocean. Eight other countries—the United States, the Netherlands, Poland, Philippine commonwealth, Spain, Switzerland, Egypt and Lebanon— have said formally where they hope to fly as an initial objective.

Thus far, however, Canada has declined to say whether or if it intends to do the same, although Adolf A. Berle, Jr., United States delegation chairman and president of the 51-nation conference, suggested that such plans be laid on the table for discussion.

ALLIES CAPTURE FORLI IN ITALY

Rome, Nov. 10 (AP)—British troops have captured Forli, Po valley communications center 38 miles southeast of Bologna on the Bologna-Rimini highway, Allied headquarters announced today.

Capture of the old fortress city, which has a population of approximately 65,000, was accomplished by a pincer movement. One force moved directly up the Rimini-Bologna highway, while the second advanced up a road from the airfield to the southeast, penetrating into the town.

In addition other Eighth Army troops have loosened Nazi positions in the hills south and southwest of Forli. Approximately 250 prisoners were taken as the town fell.

Philadelphia, Nov. 10 (AP)—Connie Mack, Philadelphia Athletics manager, says "we have called off" plans to purchase the Minneapolis baseball club of the American Association.

MAROONS MEET MECHANICSBURG IN FINAL TILT

Gettysburg high school will wind up its 1944 football season this evening by meeting Mechanicsburg high in a Southern Pennsylvania conference game at Mechanicsburg.

The game holds much importance for both teams as it will probably decide which team will be forced into the cellar position of the circuit.

Based on the season's records alone it would appear the Maroons hold a slight advantage but Mechanicsburg's time-honored ability to upset the locals makes the outcome appear as a toss-up.

While the Maroons have won one game in seven played, Mechanicsburg has dropped seven tilts in as many starts. The Dry-men tripped Waynesboro 12-0 while the Tornado downed Mechanicsburg 19-0. Last week Mechanicsburg showed signs of gaining strength by holding Shippensburg to an 18-14 decision. The Greyhounds upset the Maroons 14-0 in the opening tilt of the season.

Alters Lineup

Coach Mel Dry announced that a vastly changed lineup will take the field against the Wildcats.

Starting in the backfield for the first time will be Fred Heatwole. Heatwole, who packs plenty of speed, has seen action in relief roles. A newcomer on the line will be Robert Heyser at guard.

The remainder of the starting lineup will be Sachs and Rasmussen, ends; Sanders and McDonnell, tackles; Shealer, guard; Sperry, center; Haehnlen, quarterback; Fidler, right halfback, and Hess, fullback.

Only four of the starters are seniors. They are Fidler, Haehnlen, Shealer and Sperry. Richard Epley, who has been out of action practically the whole season with a leg injury, and Joseph Stevenson and George Thrush, members of the varsity until recently, are also seniors.

Other Tilts

Tony Cernugel is expected to use the following lineup: Sheely and Powell, ends; Corbe and E. Stoner, tackles; L. Rider and Gerber, guards; Sunday, center; K. Rider, quarterback; F. House and G. Forry, halfbacks, and Hertzler, fullback.

The conference game holding the greatest interest tonight will be the Hershey-Hanover contest at Hanover which will determine the temporary and perhaps the permanent leader of the loop.

Chambersburg and Carlisle clash at Carlisle in another title-bearing conflict.

BIGLER SCRUBS TIE MAROONS

Scoring a touchdown on the final play of the game, the Biglerville high reserves gained a 6-6 deadlock with the Gettysburg high jayvee football team in a hard fought contest played here last Thursday afternoon.

The scoring was confined to the final period. Coach Fred Haehnlen's outfit tallied early in the quarter. Bucher intercepted a Biglerville pass and ran to the 15-yard stripe before being downed. After two line smashes Wolfgang hurled a pass to Rodgers for the score. A pass for the extra point failed.

Biglerville came back to tally after a 69-yard drive. The kickoff was returned to the 49-yard line. A mixture of passes and running plays advanced the ball to the Maroon 15 and then a first down was made on the two. The Haehnlen-men braced and threw Biglerville back to the 8-yard mark but a pass to Walters in the end zone in the last 15 seconds produced the tally. A line plunge for the point was halted as the game ended.

The play of the Biglerville forward wall in the first half was outstanding. Sheffer, Cole and Rodgers turned in nice performances for the locals.

The Wildcats marched 48 yards for their third tally, Sponaugle going over from the 1-yard line and then kicking the extra point.

Receive More Military Votes

Military ballots continued to arrive at the commissioners' office Thursday where eight were received in the morning mail, Clarence C. Smith, chief clerk to the county commissioners, reported.

The ballots returned Thursday brought to 886 the total received from the 2,826 mailed to the Adams county men and women in the armed forces. The military votes will be counted November 22 but are not expected to have any effect on the final outcome of the election in this district because of the wide margins with which all local candidates carried the county.

WRITES OF HIS APPRECIATION FOR USO WORK

"I have learned to really appreciate the USO," Pvt. Frederick Harmon Furney, former local postal employe, now in the Infantry Replacement Training center at Camp Hood, Texas, wrote to The Gettysburg Times recently.

"I understand there is a drive on now for money for the United War Fund, which includes the USO. I visited a USO center in St. Louis, Mo., and one in Temple, Texas, and was impressed by this friendly link of the civilian with the serviceman. I urge anyone who can to give to this worthy cause."

Stating that he has been in the Army nearly two months, he writes that period has been long enough to "make me appreciate the news from home in the Service Edition of The Times. I wish to take time now to thank all of you on the staff for the time and work which I know is put into this edition.

"Invaluable" Training

"Here in Texas, I am receiving basic infantry training in an IRTC, that is, Infantry Replacement Training Center. They are giving us physical training that is really hardening the body, I know. The Army is educating me in the use and care of weapons that will be invaluable. They are giving us all a confidence in our weapons for we know we have the best equipment in the world.

"One of our officers here told us, 'You will probably learn more in three days of combat than we can teach you here in 17 weeks, but you will need these 17 weeks of training to stay alive those three days! I certainly would pity the person in combat without any training, but of course, the army does not do that.

"There is one other fellow from our local board No. 2 in my company. He was inducted at Harrisburg on September 1, also. He is Franklin 'Pete' Pryor. He also has asked me to give you his thanks for the paper. He has lived in Harrisburg for the last three years but has many friends in Gettysburg.

In closing may I thank you again for the paper and may it keep on coming.

Sincerely,
Pvt. Frederick H. Furney,

TELLS WOMEN HOW CAPTURED ARE TREATED

Captain Laurence Thomas, commander of the prisoner of war camp here, was the guest speaker at the meeting of the Gettysburg Woman's club Wednesday afternoon at 2 o'clock at the YWCA building.

In his address Capt. Thomas told of the treatment accorded prisoners, pointing out that the agreement signed by the United States and Germany at Geneva in 1929 is strictly adhered to. He stated that inasmuch as Japan did not sign at the Geneva conference the Japanese do not follow the agreement.

All prisoners of war are given similar treatment, as far as food, clothing and medical treatment are concerned, as our own soldiers according to the agreement, according to Capt. Thomas. He revealed that the German prisoners here are well versed in the rules as laid down at Geneva and are quick to register any complaints if they feel they are not treated according to the rules.

Reports were given by Miss Betty Rosensteel, chairman, and Miss Bernadette Cool, co-chairman of the Youth committee, on plans to hold recreational programs every third Thursday evening each month in the school social room for young people. They also announced plans for establishing a circulating library in the social room for the parish, proceeds of which will be spent on the recreational programs for young people.

Plans were completed on a project to reorganize the Sodality of the Blessed Virgin Mary. A reception will be held Sunday evening, December 10, at 7:30 o'clock. Worley Lead Is Increased To 3,010

Assemblyman Francis Worley's lead over his Democratic opponent, George E. Little, increased to 3,010 on the basis of unofficial figures with the discovery of an error in the entry of the legislative vote in Hamiltonban No. 1 on the record sheet brought to the court house late on election night.

The first figures showed Little received 72 votes and Worley 41. The figures did not compare with the vote given in that district to other candidates. A checkup showed the figures were wrong and that the right totals, appearing on the return sheet posted at the voting place, are: Little, 123, and Worley, 258.

The correct unofficial totals for the men are: Little, 5,279 and Worley, 8,289. Worley's total was second only to Dewey's in the county and his margin over his opponent was larger than that in any other county result.

Chaper 26

Terry shouted, "Come and see the iceberg! It's simply huge, and Rory says it's the very latest one of all!"

Cherry left the bunk she was making up and ran out on deck with him. It was an exhilirating morning in early March, with the sun shining palely golden from a crisp blue sky trimmed with white fleecy clouds. The Coromandel hummed along under the chivvying of a stiff wind, and the sea reflected the deep, clear blue of the sky. The decks were thronged with people in gay woollens.

Now and then all heads craned upward as a big flying boat zoomed across the sky, serenading the ship with signals and passing on her way. They were not far from Iceland, and under air cover from the big American airport. It was a day when it was good to be alive. A day when one could imagine daffodils thrusting green swords through the softening earth, and the song of birds. The ship was closed no longer. The sweet tingling air swept her from stem to stern, banishing the extreme cold and fog and horror.

The voyage was not over. Danger still lurked in that bright blue sea; it could descend on them out of those fleecy, gamboling clouds. But this was weather when one could bear danger. The ship—all the fleet of ships spread about them—were under Allied air protection; in a few days they would be home. If anything happened now, there was every chance of launching boats, of being rescued. It was a completely different picture from that horror of a week ago, which was already fading from their minds like a nightmare. And while the crew relaxed none of its vigilance, there mounted through the length and breadth of the ship the expectant joy of spring and homecoming.

Ever since the night of the alarm Rory had been avoiding her. She had never seen much of him, but lately he had taken extra care to avoid those little accidental moments together. By rights, Cherry told herself, she should have been glad. That was what she wanted, not to see Rory, so that she could forget her madness. But now that the voyage was so nearly over she knew she could not forget. If she never saw Rory again, she would not forget.

Douglas, seeing her, detached himself from a group of men and came over with his binoculars. "Have a look through these. That iceberg's a magnificent specimen. Looks a bit like the Taj Mahal."

"Oh—" Cherry thought of the ice fields they had come through, of the bergs scattered in those frozen waters, of the sudden death that had waited for them through night after night of darkness.

Looking around at the widespread convoy it was almost impossible to believe that it had come through almost intact—not quite, though. Cherry knew about the three ships now. It was heart-breaking to think of them on a morning like this. She thought humbly, How good God has been to us. What a miracle it is to be alive! It was the feeling they had had during the worst days of the blitz, when each morning it had been a miracle to see the dawn. Douglas smiled at her suddenly, as if reading her thoughts, and said, "It is good, isn't it!"

She thought, looking at his clean-cut face beside her, Only one thing matters—and that is the truth. Life isn't worth having if one can't face that.

Douglas said, "Come for a walk—just a few minutes. It will do you good." He was pleased to see her looking fresher, less tired. Most of her patients were up and about again.

"Five minutes, then. I haven't finished my cabins." She fell into step beside him.

The far end of the deck was comparatively deserted. Douglas said gently, "Well, Cherry? Have you any news for me, or must I wait until we are docking?"

They stood by the rail and she gripped the good solid teak in her hands. It gave her courage. She said steadily, "No, Douglas. I wanted to tell you this morning. I'm sorry—my dear."

He read the answer in her eyes and leaned against the rail. For a few minutes he looked his age, tired and worn. Then he smiled, and Cherry thought that smile was the dearest thing he had ever given her. "The same reason?"

"The same reason," she said softly, with a shining light in her eyes and gentle mouth. "I'm sorry, Douglas. I hate hurting you. You've been so much kinder to me than I deserve. But I can't help it. I knew the truth just now. Whatever happens, I just can't marry anyone else."

He turned to Cherry, and she was grateful for his dignity and reticence.

He said quietly, "Very well, my dear. It is only another lovely dream over, at my age. I have a certain philosophy, too. And maybe you are right. You're the sort of person to love very deeply, and if you had been unable to forget, we might have been very unhappy." He sighed, and caught the sigh up in a little smile. "I can only hope you find happiness, darling, somehow, in your own way. You deserve that."

Chaper 26

Terry shouted, "Come and see the iceberg! It's simply huge, and Rory says it's the very latest one of all!"

Cherry left the bunk she was making up and ran out on deck with him. It was an exhilirating morning in early March, with the sun shining palely golden from a crisp blue sky trimmed with white fleecy clouds. The Coromandel hummed along under the chivvying of a stiff wind, and the sea reflected the deep, clear blue of the sky. The decks were thronged with people in gay woollens.

Now and then all heads craned upward as a big flying boat zoomed across the sky, serenading the ship with signals and passing on her way. They were not far from Iceland, and under air cover from the big American airport. It was a day when it was good to be alive. A day when one could imagine daffodils thrusting green swords through the softening earth, and the song of birds. The ship was closed no longer. The sweet tingling air swept her from stem to stern, banishing the extreme cold and fog and horror.

The voyage was not over. Danger still lurked in that bright blue sea; it could descend on them out of those fleecy, gamboling clouds. But this was weather when one could bear danger. The ship—all the fleet of ships spread about them—were under Allied air protection; in a few days they would be home. If anything happened now, there was every chance of launching boats, of being rescued. It was a completely different picture from that horror of a week ago, which was already fading from their minds like a nightmare. And while the crew relaxed none of its vigilance, there mounted through the length and breadth of the ship the expectant joy of spring and homecoming.

Ever since the night of the alarm Rory had been avoiding her. She had never seen much of him, but lately he had taken extra care to avoid those little accidental moments together. By rights, Cherry told herself, she should have been glad. That was what she wanted, not to see Rory, so that she could forget her madness. But now that the voyage was so nearly over she knew she could not forget. If she never saw Rory again, she would not forget.

Douglas, seeing her, detached himself from a group of men and came over with his binoculars. "Have a look through these. That iceberg's a magnificent specimen. Looks a bit like the Taj Mahal."

"Oh—" Cherry thought of the ice fields they had come through, of the bergs scattered in those frozen waters, of the sudden death that had waited for them through night after night of darkness.

Looking around at the widespread convoy it was almost impossible to believe that it had come through almost intact—not quite, though. Cherry knew about the three ships now. It was heart-breaking to think of them on a morning like this. She thought humbly, How good God has been to us. What a miracle it is to be alive! It was the feeling they had had during the worst days of the blitz, when each morning it had been a miracle to see the dawn. Douglas smiled at her suddenly, as if reading her thoughts, and said, "It is good, isn't it!"

She thought, looking at his clean-cut face beside her, Only one thing matters—and that is the truth. Life isn't worth having if one can't face that.

Douglas said, "Come for a walk—just a few minutes. It will do you good." He was pleased to see her looking fresher, less tired. Most of her patients were up and about again.

"Five minutes, then. I haven't finished my cabins." She fell into step beside him.

The far end of the deck was comparatively deserted. Douglas said gently, "Well, Cherry? Have you any news for me, or must I wait until we are docking?"

They stood by the rail and she gripped the good solid teak in her hands. It gave her courage. She said steadily, "No, Douglas. I wanted to tell you this morning. I'm sorry—my dear."

He read the answer in her eyes and leaned against the rail. For a few minutes he looked his age, tired and worn. Then he smiled, and Cherry thought that smile was the dearest thing he had ever given her. "The same reason?"

"The same reason," she said softly, with a shining light in her eyes and gentle mouth. "I'm sorry, Douglas. I hate hurting you. You've been so much kinder to me than I deserve. But I can't help it. I knew the truth just now. Whatever happens, I just can't marry anyone else."

He turned to Cherry, and she was grateful for his dignity and reticence.

He said quietly, "Very well, my dear. It is only another lovely dream over, at my age. I have a certain philosophy, too. And maybe you are right. You're the sort of person to love very deeply, and if you had been unable to forget, we might have been very unhappy." He sighed, and caught the sigh up in a little smile. "I can only hope you find happiness, darling, somehow, in your own way. You deserve that."

PICTURES

It seems to me that there is no more fascinating nor useful hobby than the one of owning a camera and taking pictures. I have had this hobby for a quarter of a century—and am still at it.

In taking a picture you see in your mind's eye what is before you, but that camera of yours helps to impress upon your mind what you did not see. You learn to give attention to detail through the camera of your eye, when you don't have your other camera handy. You become observant, all the time educating your brain as well as your heart.

Taking pictures trains your eye in arrangement, in perspective and composition. Like an artist with brush and paint, you put yourself into Nature or into portraiture. The late Bob Davis was a wonderful amateur photographer of portraits. He had one of the greatest collections of great men, I believe, in existence. But he once told me that he never would consent to take any man's picture who didn't show something in his face. He wasn't a mere picture taker.

And the joy of the thing is that you don't have to own an expensive camera to take good pictures. It is amazing what wonderful pictures can be taken with an inexpensive camera. I have seen many. It's the way you use the camera that counts.

Pictures are coming into their own as never before. The marvels that are being gained from aerial cameras are astounding. And now color effects are possible with still as well as the movie cameras. After this war is over sensational inventions will be placed before the public that will further arouse the enthusiasm of camera addicts.

Above all, it's fun to take pictures! And it is highly educational. The story of a trip, or vacation, can be told graphically by camera pictures. Better than words, the photograph doesn't let you forget anything. It can be made "a thing of beauty—and a joy forever!"

Tomorrow Mr. Adams will talk on the subject: "Stimulating Books."

REPORT HULL IS ANXIOUS TO REMAIN ON JOB

Washington, Nov. 10 (AP) — Associates of Secretary of State Hull represented him today as eager to remain in his post as long as he can.

They are likewise convinced, they said, that President Roosevelt intends to keep him just as long as he can.

Hull, 73, went to Naval hospital week before last with a throat ailment. But the word at the State Department is that he is getting along well.

Vice President Wallace and Undersecretary of State Stettinius have been publicly mentioned as possible successors to Hull, when and if.

Secretary of Labor Perkins, asked about her plans, commented only that someone is forever predicting she will quit.

Aides of Attorney General Biddle said that he is "happy in his job" and discounted a report that Governor Ellis Arnall of Georgia might head the justice department.

Other Cabinet Posts

Robert E. Hannegan, who managed President Roosevelt's fourth term campaign, when asked whether he would become Postmaster General, replied that "We already have one." This is Frank Walker.

Interior Secretary Ickes has submitted his resignation but no one at his department expects it to be accepted.

At the treasury and commerce departments, respectively, reports that Secretaries Morgenthau and Jones may leave drew denials. The same is true of Secretary of Agriculture Wickard.

There has been comparatively little talk of changes in the war and Navy portfolios, held by 77-year-old Henry L. Stimson and James V. Forrestal.

Michigan Goes To FDR Column

Detroit, Nov. 10 (AP) — The untangling of a bewildering volume of errors by Wayne county election precinct workers gave President Roosevelt an apparently safe margin of 17,109 votes today in the race for Michigan's 19 electoral college votes for President, but the county's board of canvassers faced long days of work to complete the correction of mistakes.

With only 16 of the state's 3,841 precincts missing the vote was:

Roosevelt 1,097,606. Thomas E. Dewey, 1,080,497.

Democrats Guard Soldier Ballots

Media, Pa., Nov. 10 (AP)—Democrats in Delaware county are counting on the soldier vote to pull Lt. (jg) Vernon O'Rourke to victory over Republican incumbent James Wolfenden, who now leads O'Rourke by 2,595 votes in the race for Congressman from the seventh district.

On petition, the county court has granted Democrats permission to post 24-hour guards—at their own expense—outside the Media courthouse, where ballots are stored until Nov. 22 when the counting starts.

Flashes Of Life

BUMBLEBEES AIRWORTHY!

New York (AP)—The old story that according to aerodynamics the bumblebee should not be able to fly because of excessive wing loading is disrupted by the technical department of the aeronautical Chamber of Commerce.

"With sufficiently rapid oscillation it is possible for a very small flat surface to lift a much greater weight," the experts report.

Open Hearing On Doris Duke Divorce

Reno, Nev., Nov. 10 (AP)—An imposing list of witnesses, including bankers and a university professor, was summoned Thursday to testify to the Nevada residence of tobacco heiress Doris Duke Cromwell in validation of her December divorce from James H. R. Cromwell.

The open court hearing before Judge William McKnight is another chapter in the prolonged litigation between the heiress and the former U. S. minister to Canada, who contested her decree by New Jersey chancery court action.

Panthers Hope To Hold Ohio State

Pittsburgh, Nov. 10 (AP)—Benefitted by a week's rest after enjoying an open date last Saturday, the University of Pittsburgh's Panthers entrained today for Columbus, where they will meet Ohio State tomorrow afternoon.

Coach Clark Shaughnessy looked to the return of several leading performers who had been handicapped by injuries to improve Pitt's chances of at least holding down the Buckeye victor margin.

New Pro Grid Loop Meets November 18

Pittsburgh, Nov. 10 (AP)—Representatives of 11 teams will be represented at a meeting of the newly-organized United States football league in Baltimore Nov. 18-19, Roland D. Payne, organizer of the pro circuit which plans to start operating next fall, announced.

Backers of teams in New York, Baltimore Philadelphia, Akron, O., Washington, Chicago, Cincinnati, Honolulu, Pittsburgh and Milwaukee will attend, Payne said.

Churchill Wants Big Three Meeting

London, Nov. 10 (AP)—Prime Minister Churchill declared Thursday "it is high time we had another triple conference" of himself, President Roosevelt and Marshal Stalin.

Such a meeting, he said at the Lord Mayor's luncheon, "might easily bridge the sufferings of mankind and stop the fearful process of destruction which is now ravaging the earth.

"The prospects of such a meeting," Churchill said, "have been vastly improved by the results of the Presidential elections in the United States."

GI Votes Switch New Jersey To FDR

Paterson, N. J., Nov. 10 (AP)—Republican State chairman Lloyd B. Marsh, noting that New Jersey's civilian vote gave Governor Thomas E. Dewey a majority but the servicemen's ballot put the state in the Roosevelt column, said today "in New Jersey, as throughout the nation, wartime psychology influenced the election results."

"Governor Dewey lost here as the voters of the nation, in a relatively small plurality, were unwilling to change leaders while the war still in progress," Marsh said in a statement.

Unofficial returns, [illegible] only about 3,500 service votes missing, showed the civilian vote [illegible] 044 for Dewey and 891,494 for President Roosevelt or a Dewey majority of 2,550.

The service vote was 93,216 for the President and 62,596 for Dewey, making a Roosevelt majority of 30,620.

VET RESCUES FOUR

Philadelphia, Nov. 10 (AP)—Home from 21 months service in the Mediterranean, Boatswain's Mate 2-c James Moran went into action on the home front yesterday and helped rescue a neighbor and her three children when fire trapped them in their home.

Scholastic Squads Closing Seasons

Harrisburg, Nov. 10 (AP)—Armistice Day will be observed on many Pennsylvania scholastic gridirons tomorrow.

At the request of the PIAA, special halftime ceremonies will be held when bands, school officials and spectators join in tribute to former high school athletes now serving in the armed forces.

For a number of squads, it will be the season's end, although several Thanksgiving Day scraps are scheduled.

A feature attraction pits State College high, pace-setter in western conference ranks, against neighboring Bellefonte.

Lancaster stacks up against John Harris, of Harrisburg, currently leading the Big 15 conference in spite of one setback. Allentown, defending champion, journeys to Easton, while Bethlehem—third of the title contenders—plays out of conference ranks against Phillipsburg, N. J.

All three teams battling for the crown in the southern division of the eastern conference have home games booked, with Lansford entertaining Nesquehoning, Kulpmont taking on Coal Township, and Mahanoy City host to Coaldale.

French Editor Executed Today

Paris, Nov. 10 (AP) — Georges Suarez, 48, editor-in-chief of the daily newspaper "Aujour d' Hui" during the Nazi occupation, was executed by a firing squad at the fort of Montrouge on Thursday as a collaborationist—the first to receive the death penalty.

Suarez was convicted two weeks ago by a four-man civil jury of collusion with the Germans in writing editorials advocating closer collaboration between France and Germany.

Three others of 16 men tried in Paris thus far have received death sentences.

The fossil record of man covers a span of about a million years.

Whisky Rationing Period Is 3 Weeks

Harrisburg, Nov. 10 (AP)—The new whisky rationing period, which starts Monday, Nov. 13, will be three weeks long the same as the current one, the State Liquor Board announced today.

The board also announced state stores will be closed tomorrow for Armistice Day.

The individual allotment of whisky, purchasable by civilians upon presentation of War Ration Book 3 and by members of the armed forces on military cards, will continue at one fifth of a gallon until Saturday, Dec. 2.

Liquor licensees, as in the current period, may buy 80 per cent of former normal purchases while the quotas of smaller licensees was increased from a maximum of six bottles a week to twelve.

Says "Nothing To Fear From Russia"

Philadelphia, Nov. 10 (AP)—The United States and the world "have nothing to fear from Russia in the postwar era" says William L. Batt, vice chairman of the war production board.

Speaking before the eastern industrial advertising association, Batt said last night:

"There is no objective reason why our two great nations cannot work together in peace as we have in war. Russia now is not the Russia of immediately after the Revolution for she has found that she has too much to do within her own borders to be interested in world revolution."

Election Head: "That Man Is Back Again"

Clearfield, Pa., Nov. 10 (AP)—The Clearfield progress bannered President Roosevelt's election yesterday with the headline: "That man is back again."

The headline was written by Editor William J. Thomas who once summarized the war news of the day as "World in awful mess."

DEAF MUTE IS FOUND GUILTY

Philadelphia, Nov. 10 (AP)—Charles Schrager, 48-year-old deaf mute, was convicted of first degree murder last night in the hammer-slaying of his sister, Helen, in 1934. The jury of six men and six women recommended life imprisonment.

The verdict was translated into sign language by an interpreter, but Schrager, who has neither heard nor spoken from birth, showed no sign of emotion.

Schrager was adjudged sane and released last June from an insane asylum to which he was committed shortly after his 34-year-old sister was found beaten to death.

Principal witness for the commonwealth was Nathan Schrager, the defendant's brother, who testified in the opening of the trial that he was awakened on the night of June 16 to find Charles standing over him holding a note which read:

"For a long time we have put up with sister's actions, which repeatedly cast a shadow in our lives and disturbed the tranquility of our home. Whatever the consequences, I have just put an end to her life."

Nathan said he found his sister unconscious in her bedroom, her skull crushed by hammer blows.

A motion for a new trial was filed by defense attorneys, and argument on the motion was set for Monday.

WAC Recruiters Set New Record

Baltimore, Nov. 10 (AP)—Army personnel engaged in recruiting activities for the Women's Army corps in Pennsylvania, Maryland and Virginia have been cited for establishing a recruiting record "unsurpassed by any other command."

The achievement was noted by Maj. Gen. Philip Hayes, commanding general of the Third Service Command, in awarding a War department meritorious plaque to the 1312th Service unit.

The unit, which has stations in all large cities of the three-state area, has maintained an "outstanding standard of efficiency through the excellent appearance of both officer and enlisted personnel, enthusiastic and competent execution of orders and indefatigable devotion to duty," the citation said.

New Gasoline Drum Boosts Shipments

Pittsburgh, Nov. 10 (AP)—A new lightweight gasoline drum that will increase the shipments of aviation gasoline to the China front has been developed by the Aluminum Company of America.

The new drum weighs only 21 pounds, compared with 52 pounds for the old type, a company official said, adding that the air transport command has already flown a supply of the new containers to India.

NAZIS IGNORE 21ST PARTY

London, Nov. 10 (AP)—Berlin broadcasts indicated today that for the first time the greatest of Nazi party holidays will pass without a speech from Adolf Hitler.

Wednesday night was the eve of annual celebration of the abortive 1923 Munich beer hall putsch, and it has been the custom since Hitler's rise to power for high ranking party members to meet in Munich with him and renew their pledges of faith in the Fuehrer.

But the German radio announced that because of the Reich's "total mobilization" the celebration would take place "at a later date" not specified. It appeared that no speech would be forthcoming from Hitler.

Hitler has made no appearances before a microphone since July 21, when a voice purporting to be his broadcast an assurance to the German people that he was safe after the bomb attempt on his life.

The London News-Chronicle said Wednesday it had "definite information" that Hitler's silence has been due to mental illness.

CANNERS DROP 20-0 DECISION TO CAMP HILL

Camp Hill's unbeaten football team proved too much for the Biglerville high gridders Thursday evening and the Canners submitted to a 20-0 setback in their final game of the season which was played on the Biglerville field.

Approximately 800 fans, the largest crowd of the home season, witnessed the game.

After battling to a scoreless tie in the first period the ice was broken in the second period when Murray broke through the line and zigzagged down the field for 30 yards and a score. He added the extra point on a placement boot.

Early in the second quarter Shover tallied for the visitors when he raced 20 yards and again Murray booted the extra point.

8th Straight

The final touchdown came later in the same quarter when Murray heaved a pass to Denison for a tally. The try for the extra point failed.

The victory marked the eighth in a row for Camp Hill and its seventh in the Lower Susquehanna conference.

For Biglerville it marked the third setback as against as many victories.

Despite being outweighed by a good margin in both the line and backfield, Coach "Hen" Bream's boys put up a good battle throughout.

The lineups:

Pos.	Biglerville	Camp Hill
L.E.	Dixon	Slike
L.T.	Hykes	Meck
L.G.	Miller	Funk
C.	Heller	Stoner
R.G.	Brough	Snyder
L.T.	Jester	Christiansen
R.E.	Ebbert	Elfreth
Q.B.	Utz	Denison
L.H.	Ogden	Shover
R.H.	Bucher	Knerr
F.B.	Pitzer	Murray

Score by periods:

Biglerville	0	0	0	0	0
Camp Hill	0	7	13	0	20

Touchdowns: Murray, Shover, Denison. Points after touchdowns: Murray 2 (place-kicks).

Substitutions: Biglerville, Rice, Sandoe, Sternat. Camp Hill, E. Hower, Brown, Bordlemay, McCarter, McClemans, White, Fry, Farner, Kime, Holland, Buttler, Gage, Housh.

CADETS TO USE SHOCK TROOPS

By HAROLD CLAASSEN

West Point, N. Y., Nov. 10 (AP)—The shock-troop system, an idea that helped Knute Rockne guide Notre Dame to the gridiron heights, comes back to haunt the Irish in tomorrow's annual clash with Army in New York city's Yankee stadium.

Lt. Col. Earl Blaik, head coach of the all-winning Cadets, said today he would continue his two-team plan and that the upper classmen's varsity with Doug Kenna at quarterback would start against the Irish. In the Second quarter an entire new team, mostly piebes, will take the field.

The Cadets leave at noon today and will work out in Yankee stadium at 2 p. m. The civilian members of Notre Dame's squad will arrive in Gotham sometime today and will spend the night at Bear Mountain, N. Y. The Irish V-12 players, whose absence from their campus is restricted to 48 hours, won't reach New York until Saturday morning.

Pittsburgh, Nov. 10 (AP) — Only Donora and Ellwood City today remained in the WPIAL class AA football race, after Scott high scored a 7-0 upset victory over undefeated Turtle Creek high before 8,500 on Wednesday.

The victory was the seventh of the season for Scott and Turtle Creek's setback followed a string of seven straight conquests.

End Season Tonight At Mechanicsburg

This evening at 8 o'clock the Gettysburg high Maroons will close their football season by meeting Mechanicsburg high on the latter's field.

Both teams have had disastrous seasons. The Maroons have won one game in seven starts while the Wildcats have dropped seven in a row without a victory.

The outcome of tonight's tilt is important to both teams as the winner will probably be able to escape the bottom position in the Southern Pennsylvania conference standings.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Nov. 10 (AP)—Croton, Ohio, high has only a 13-man squad, including 71-pound Gilbert Duncan and 94-pound Jack Clayton, but has played eight games this fall. Naturally, it's lost them all.

TODAY'S GUEST STAR

"Lev," Paterson, N. J., Morning Call: "They may have started something with that slugger white glass eye business out on the coast. If they ever get around to weeding out boxers with glass chins, the manpower shortage in the boxing industry will become staggering." . . . "P. S.: Aren't most of the guys with glass chins staggering now?"

ONE-MINUTE SPORTS PAGE

Bob Fenimore, star Oklahoma Aggies back, was rejected for Army service because a football injury suffered last year keeps him from bending one knee more than one third of the way. Still he ran and placed in the Texas and Drake relays sprints last spring though his inability to crouch left him at the post in every start. . . . Sgt. Walter "The Great" Mails is out of the Marines and hopes to catch on as coach or publicity man with some Pacific coast league club . . . The Hamburg, N. Y., trotting track management is considering building a cover over the half-mile oval so racing can go on even when it rains . . . Coach Jimmy Phelan reports that his daughter saw him herding the St. Mary's (Cal) football team into a train and asked: "Dad, how many half fares did you buy for this trip?"

DAILY DOUBLE

Turf historian Alex Robb supplies the information that in the old days each Epsom Derby was followed by an unofficial "press derby." . . . SERVICE DEPT.

When Iowa Seahawks trounced Tulsa U. last week, three former Tulsa players were in the lineup for the Navy . . . Naturally, they wanted to make a good showing . . . late in the game Don Samuel broke loose and Dell Taylor, last year's Tulsa captain, went along to look after the blocking . . . As they reached the 20-yard line, with no one to block, Dell asked: "Hey, Don, isn't that ball getting kind of heavy?" . . . Samuel didn't hesitate, but handed the ball to Taylor, who went the rest of the way for a score.

Bisons Hit Stride In Hockey League

(By The Associated Press)

After a dismal opening, the Buffalo Bisons have come back strong and loom today as the club to watch in the American hockey league.

The Bisons lost four of their first five and looked like perspective cellar-dwellers. However, they began to roll a week ago, handing the St. Louis flyers their first defeat. Since then they've won three straight.

Their success is due to Left-winger Doug Lewis, a veteran of last season's championship team. Lewis, with Center Len Halderson, was responsible for Buffalo's 4-2 victory over Providence last night. Each scored once and assisted in the other two scores.

Philadelphia, Nov. 10 (AP)—Willie Joyce, who meets Ike Williams in a feature boxing bout here on Monday, may open a food market in Los Angeles after Jan. 1. He says it is his biggest ambition.

ARMY, NAVY, OHIO STATE ARE FAVORED

By ORLO ROBERTSON

New York, Nov. 10 (AP)—Returning to the football guessing game this week, we wish we could point with pride to the selections of sub Fritz Howell last week but he picked Notre Dame to beat Navy. At that he turned in a performance of only 11 defeats and one tie against 35 victories.

We give you:

Notre Dame-Army — Notre Dame never has been defeated by both Navy and Army the same year. Army hasn't scored against the Irish since 1938. The Cadets will break both traditions this year.

Cornell-Navy—Just a breeze for those hard-hitting Middies. Navy over Cornell.

Michigan over Illinois.
Georgia Tech over Tulane.
Ohio State over Pittsburgh.
Duke over Wake Forest.
Pennsylvania over Columbia.
Indiana over Minnesota.
Miss. State over Auburn.
Holy Cross over Colgate.
Yale over Brown.

Muhlenberg over Princeton, Michigan State over Maryland, Penn State over Temple, USS Coast Guard over Dartmouth, Clemson over VMI, Virginia over Richmond, North Carolina over William and Mary, Swarthmore over New York Univ., West Virginia over Lehigh, Lafayette over Rutgers, and Bucknell over New York City college.

SPORT SHORTS

New York, Nov. 10 (AP)—Tickets for Saturday's Army-Notre Dame clash, worth $4.80 when the two schools sold their last seats on Sept. 7, are bringing $25 each on the speculator market today.

New York, Nov. 10 (AP)—Sammy Angott of Washington, Pa., is favored to whip Jimmy McDaniels of Washington, D. C., tonight in a 10-round feature bout at Madison Square Garden.

McDaniels will weigh about 145 to Angott's 142.

New York, Nov. 10 (AP)—Gus Mancuso, veteran catcher who was handed his unconditional release by the New York Giants, is reported to be in line for a coaching job with the Philadelphia Phillies.

New York, Nov. 10 (AP)—Lausanne, Switzerland, or Stockholm may be the site of the 1948 Olympic games, according to J. Sigfrid Edstrom of Stockholm, acting president of the International Olympic committee. Cities in Spain and Finland also were mentioned.

Philadelphia, Nov. 10 (AP)—Sgt. Joe Louis, world heavyweight boxing champion, makes his initial appearance as a wrestling referee in a match here tonight between Ernie Dusek and George Becker.

Joe is on a 30-day Army furlough.

Penn Wynne, Pa., Nov. 10 (AP)—The man in the business suit watched some boys practicing football. Without introducing himself, he outlined several plays for the boys.

The youngsters later discovered their visitor was Howie Odell, football coach at Yale.

Philadelphia, Nov. 10 (AP)—Mayor Bernard Samuel has endorsed a suggestion that Philadelphia sponsor a postseason Army-Navy football game between Bainbridge (Md.) Naval training station and the Randolph Army air force.

He said high ranking Army and Navy officials have been asked to sanction the game which would be played for benefit of wounded war veterans.

Pittsburgh, Nov. 10 (AP) — Don Matthews, Pitt's hard-running right halfback, will captain the Panthers against unbeaten Ohio State at Columbus Saturday. Coach Clark Shaughnessey said Matthews will start in the game against the Buckeyes, along with Johnny Lozar, Bernie Sniscak and Paul Rickards, as the other backs.

CANNERS DROP 20-0 DECISION TO CAMP HILL

Camp Hill's unbeaten football team proved too much for the Biglerville high gridders Thursday evening and the Canners submitted to a 20-0 setback in their final game of the season which was played on the Biglerville field.

Approximately 800 fans, the largest crowd of the home season, witnessed the game.

After battling to a scoreless tie in the first period the ice was broken in the second period when Murray broke through the line and zigzagged down the field for 30 yards and a score. He added the extra point on a placement boot.

Early in the second quarter Shover tallied for the visitors when he raced 20 yards and again Murray booted the extra point.

8th Straight

The final touchdown came later in the same quarter when Murray heaved a pass to Denison for a tally. The try for the extra point failed.

The victory marked the eighth in a row for Camp Hill and its seventh in the Lower Susquehanna conference.

For Biglerville it marked the third setback as against as many victories.

Despite being outweighed by a good margin in both the line and backfield, Coach "Hen" Bream's boys put up a good battle throughout.

The lineups:

Pos.	Biglerville	Camp Hill
L.E.	Dixon	Slike
L.T.	Hykes	Meck
L.G.	Miller	Funk
C.	Heller	Stoner

R.E.	Ebbert	Elfreth
Q.B.	Utz	Denison
L.H.	Ogden	Shover
R.H.	Bucher	Knerr

Score by periods:

Biglerville	0	0	0	0	0

CADETS TO USE SHOCK TROOPS

By HAROLD CLAASSEN

West Point, N. Y., Nov. 10 (AP)—The shock-troop system, an idea that helped Knute Rockne guide Notre Dame to the gridiron heights, comes back to haunt the Irish in tomorrow's annual clash with Army in New York city's Yankee stadium.

Lt. Col. Earl Blaik, head coach of the all-winning Cadets, said today he would continue his two-team plan and that the upper classmen's varsity with Doug Kenna at quarterback would start against the Irish. In the Second quarter an entire new team, mostly plebes, will take the field.

The Cadets leave at noon today and will work out in Yankee stadium at 2 p. m. The civilian members of Notre Dame's squad will arrive in Gotham sometime today and will spend the night at Bear Mountain, N. Y. The Irish V-12 players, whose absence from their campus is restricted to 48 hours, won't reach New York until Saturday morning.

Pittsburgh, Nov. 10 (AP) — Only Donora and Ellwood City today remained in the WPIAL class AA football race, after Scott high scored a 7-0 upset victory over undefeated Turtle Creek high before 8,500 on Wednesday.

The victory was the seventh of the season for Scott and Turtle Creek's setback followed a string of seven straight conquests.

End Season Tonight At Mechanicsburg

This evening at 8 o'clock the Gettysburg high Maroons will close their football season by meeting Mechanicsburg high on the latter's field.

Both teams have had disastrous seasons. The Maroons have won one game in seven starts while the Wildcats have dropped seven in a row without a victory.

The outcome of tonight's tilt is important to both teams as the winner will probably be able to escape the bottom position in the Southern Pennsylvania conference standings.

Bisons Hit Stride In Hockey League

(By The Associated Press)

After a dismal opening, the Buffalo Bisons have come back strong and loom today as the club to watch in the American hockey league.

The Bisons lost four of their first five and looked like perspective cellar-dwellers. However, they began to roll a week ago, handing the St. Louis flyers their first defeat. Since then they've won three straight.

Their success is due to Left-winger Doug Lewis, a veteran of last season's championship team. Lewis, with Center Len Halderson, was responsible for Buffalo's 4-2 victory over Providence last night. Each scored once and assisted in the other two scores.

ARMY, NAVY, OHIO STATE ARE FAVORED

By ORLO ROBERTSON

New York, Nov. 10 (AP)—Returning to the football guessing game this week, we wish we could point with pride to the selections of sub Fritz Howell last week but he picked Notre Dame to beat Navy. At that he turned in a performance of only 11 defeats and one tie against 35 victories.

We give you:

Notre Dame-Army — Notre Dame never has been defeated by both Navy and Army the same year. Army hasn't scored against the Irish since 1938. The Cadets will break both traditions this year.

Cornell-Navy—Just a breeze for those hard-hitting Middies. Navy over Cornell.

Michigan over Illinois.
Georgia Tech over Tulane.
Ohio State over Pittsburgh.
Duke over Wake Forest.
Pennsylvania over Columbia.
Indiana over Minnesota.
Miss. State over Auburn.
Holy Cross over Colgate.
Yale over Brown.

Muhlenberg over Princeton, Michigan State over Maryland, Penn State over Temple, USS Coast Guard over Dartmouth, Clemson over VMI, Virginia over Richmond, North Carolina over William and Mary, Swarthmore over New York Univ., West Virginia over Lehigh, Lafayette over Rutgers, and Bucknell over New York City college.

SPORT SHORTS

New York, Nov. 10 (AP)—Sammy Angott of Washington, Pa., is favored to whip Jimmy McDaniels of Washington, D. C., tonight in a 10-round feature bout at Madison Square Garden.

McDaniels will weigh about 145 to Angott's 142.

ARMISTICE DAY

Saturday, November 11th

In observing Armistice Day 1944 we should reflect well upon the years to come. Our gallant Soldiers and Sailors who won the 1st World War to save the World for democracy were thwarted in a Peace that was not enduring. Today, their sons are fighting to finish the job of crushing warlike nations once and for all. May the Peace that follows Victory be one that will last throughout the ages.

...and an extra one for the pot!

LIKE every good American, you've bought your share of War Bonds.

You've bought 'em to help build the tanks, ships, planes, and guns.

You've bought 'em to back up our fighting men.

You've bought 'em for every conceivable reason to help speed the winning of a very tough war, and as long as that war goes on you'll naturally keep on buying Bonds. BUT...

Next payday, even if it pinches, why don't you buy an *extra* Bond—*just for yourself?*

There are a hundred and one ways you could use some extra money a few years from now. Buy that extra Bond—tuck it away—and you'll *have* that extra money!

If you're going to want something extra out of life—now's the time to get it.

When you're cooking up some coffee, it's that extra spoonful "for the pot" that makes a richer, better brew. Put an extra War Bond in the pot—and let it make a richer, better future for you!

WAR BONDS ... to have and to hold!

$200,000 Blaze Damages Mount At Emmitsburg

Fire, believed to have started when a large kettle of grease in the college kitchen became overheated, overflowed and ignited, caused damage estimated at $200,000 at Mt. St. Mary's college, one mile south of Emmitsburg, late Tuesday night and early Wednesday morning. The loss is fully covered by insurance, college authorities said.

The blaze was discovered by the two V-12 Naval Trainees who were on watch at the time. They notified Lieutenant N. D. Matthews, commanding officer and Lieutenant R. J. Richards, executive officer. The flames were leaping around the huge kitchen stove. Unable to extinguish the blaze the Naval officers summoned the Emmitsburg, Taneytown, Gettysburg, Fairfield, Frederick and Thurmont fire companies. Gettysburg firemen were called about midnight.

Firemen tapped the regular college water system and the large swimming pool on the campus and about three hours later brought the flames under control. No injuries were reported.

Spend Night In Gym

After the fire was brought under control the Naval Trainees, who were driven from their rooms, were housed in the gymnasium for the night.

The kitchen, main dining room, a general warehouse, dairy, refrigeration room and the three top floors of McCaffrey Hall, which houses the Naval Trainees, were destroyed. Considerable damage was also done to the canteen in the basement of the building. The flames spread rapidly through the ceilings and floors of the various sections destroyed.

A large stock of provisions in the warehouse was saved by volunteers who formed a "bucket-brigade."

Call Disaster Unit

St. Joseph's college authorities offered use of their facilities. A Red Cross disaster unit arrived Wednesday to assist in restoring normal life at the college. A mobile field kitchen from Camp Ritchie has been set up to provide mess facilities. Classes were suspended Wednesday and the Naval Trainee and civilian students were formed into details to clean up the debris. Another large dining room is available for a mess hall.

A Naval examining board under the command of Captain C. N. Hincamp, of the Fifth Naval District, Norfolk, Va., happened to be at the college when the fire broke out.

In the kitchen buildings destroyed were a bake shop, dairy, canning room and two refrigerator rooms. Pasteurizing of all milk and all baking is done at the institution.

Shut Off Current

A refrigerator room had been installed by the Navy at a cost of approximately $6,000 and was opened about a week ago. Rev. Fr. William F. Culhane, vice president and treasurer of the Mount, said that he believed the new refrigerator room and its equipment had not been damaged by the flames but that smoke and water may have caused some loss.

All lights were extinguished at the school when the main power switch was turned off about 1 o'clock a. m Wednesday after firemen had requested the disconnection because of the danger from falling high tension wires.

200 V-12 Naval trainees, 30 civilian students and 75 seminarians are housed at the school. The seminarians are housed in a separate building some distance from McCaffrey hall. Fifteen nuns are housed in a separate section of the building.

The kitchen had been rebuilt and refurnished less than a year ago. Kitchen equipment lost in the fire included four large electric ranges, steam cookers, steam tables and other cafeteria supplies.

Library in Danger

McCaffrey hall housed the canteen in the basement. The dining room was on the first floor and sleeping dormitories were on the second and third floors. As firemen fought to keep the flames from the hall, streams of water were poured through the building from the kitchen and west hallway, and water damage alone in the hall will be extensive.

Although the various buildings in the main group at the college are connected, fire walls separate them. Bruté hall, in which the college's half-million dollar book and art collection is stored, adjoins the burned McCaffrey hall and concern was expressed by priests that the fire would spread into the library. The only apparant damage suffered by the 50,000 volumes, however, was a small amount from smoke.

PFC. HUBBARD IS REPORTED AS MISSING ABROAD

Pfc. Robert H. Hubbard, 22, son of Mrs. Hulda Hubbard, Gettysburg, has been missing in action in France since October 19, Mrs. Hubbard was notified last Friday morning by War department telegram.

Private Hubbard entered the Army November 17, 1942. He was serving with the 79th infantry with the Third Army under the command of General Patton. After entry into the service, he trained at Camp Blanding, Florida; Nashville, Tennessee; a desert training center in California, and at Camp Phillips, Kansas.

From Kansas, Private Hubbard was sent to England last March. He went into France with the invasion forces and while in Cherbourg contracted spinal meningitis. He then was taken to a hospital in England where he recovered. He was returned to action the end of August.

Brothers in Service

The missing soldier attended Gettysburg schools and before entering the army was employed at the Gettysburg Tile works and the Oyler and Spangler fertilizer works.

There are two other Hubbard boys in the service. Cpl. Frederick I. Hubbard, 24, now is in England with a radar unit of the Army Air Corps. He has been in the Army since March 1, 1943, and has been in England over a year.

The second brother, Donald Hubbard, 19, who is a seaman, first class in the Seabees, the Naval construction battalion, has been in New Guinea since last February, having entered the Navy October 16, 1943.

LEMPESIS WINS 2 SERVICE BARS

George Lempesis, 28-year-old merchant seaman and former restaurant operator in Gettysburg, was awarded two service bars at the War Shipping Administration's Seaman's Service Awards Committee office in Washington, D. C., October 30.

The awards, the combat bar with a battle star and the Atlantic War Zone bar, were made before Lempesis returned to Gettysburg to spend a few more days of a month's furlough with his wife.

Lempesis returned home the beginning of October after a seven months' absence during which he participated in the second day of the invasion, and made several trips as cook on a merchant ship transporting troops and supplies from England to France before his ship was torpedoed and sunk.

War Prisoner Hangs Self In Aspers Plant

The Third Service Command Public Relations Office, Baltimore, released to The Gettysburg Times at 11 o'clock last Friday mirning an account of the suicide of a German prisoner of war stationed at Gettysburg while working at the Adams Apple Products Corporation plant, Aspers, last Wednesday evening.

The Nazi who took his life by hanging himself from a rafter on the second floor of an apple shed at the Aspers plant has been identified as Private Georg Hartig, aged 38 years.

Hartig was one of a contingent of prisoners from the Gettysburg camp which was working at the Adams Apple plant helping with the processing of apples there.

Kept a close secret until Friday morning, inquires by The Gettysburg Times at the prison camp, the Public Relations Office at Indiantown Gap Military Reservation and the Third Service Command headquarters at Baltimore secured release of the story.

Orders Story Released

Details of the suicide were supplied by the P.R.O. at Indiantown Gap after the "go ahead" was secured from Third Service Command public relations officer.

The body was found about 6:40 p. m. in the plant after a search was instituted. The prisoner apparently had been dead only a short time when the body was discovered.

The Army announcement Friday morning stated that an investigating officer has been named and already is conducting a probe of the death, which, it was explained, is routine procedure in any Army death or accident. There may be additional information on the suicide at the conclusion of that investigation, it was stated.

The body was removed to the morgue at Indiantown Gap and will be interred in the post cemetery at Fort Meade, Md., an Associated Press dispatch from Harrisburg stated Friday afternoon.

Dr. C. G. Crist, who is contract surgeon for the prisoner of war camp here, was called into the case first in that capacity but later, as coroner of Adams county, issued a certificate attributing death to hanging and listed the case as a suicide.

The story of the suicide was so well guarded that few residents of Aspers, when questioned by The Gettysburg Times Friday morning had heard more than vague rumors that "a German was found hanging at the Adams apple plant." There was no certainty that the man was dead, according to rumors there.

Glenn Taylor, manager at the Adams apple plant, told The Times this morning "I really don't think there's anything to the story," when he was asked for information about the hanging.

The prisoner of war camp along the Emmitsburg road will move into winter quarters at the site of Camp Sharpe, West Confederate avenue, on Sunday, Capt. Laurence Thomas, the commanding officer, said Friday.

Sgt. Clyde Little On Italian Front

With the Fifth Army, Italy—T. Sgt. Clyde L. Little, son of Mr. and Mrs. Harry Little, Gettysburg, and grandson of the late Mr. and Mrs. John McIntire, of New Chester, serving with the 53rd Signal battalion now in its 27th month overseas, is fighting in the Gothic line on the Fifth Army front in Italy.

In recognition of its services in maintaining corps communications during four campaigns, Northern Algeria, Tunisia. Sicily and Italy, the unit received the Fifth Army plaque and clasps from II Corps Commander Major General Geoffrey Keys, who presented it for Lt. Gen. Mark W. Clark, commanding general of the Fifth Army.

The signalmen are now engaged in maintaining communications beyond Futa Pass.

Wounded

T. Sgt. Edgar L. Bowling, 23, son of Mr. and Mrs. Albert Bowling, Gettysburg R. 3, was seriously wounded in action in France, October 8, according to a War department telegram by his wife, who resides at Littlestown R. 1. He went overseas in July.

SGT. HARNESS DISCHARGED; 3 CAMPAIGNS

An honorable discharge from the United States Army was recorded on Monday at the court house for Sgt. James H. Harness, 28, son of Mr. and Mrs. Hunter Harness, of Gettysburg, and a veteran of three major campaigns in the Mediterranean area.

Sergeant Harness, who served as a technician fourth class and radio operator with a communications company, participated in the Moroccan campaign, the Tunisian campaign and the Italian campaign before being wounded in the leg and returned home for hospitalization.

A former linotype operator for The Gettysburg Times, Harness was inducted into the Army February 2, 1942. After basic training, he left the United States May 26, 1942, and arrived in the European theater of war June 11 of that year. He left the European theater July 18 of this year and arrived in the United States August 4.

He was awarded the Purple Heart medal for his battle wounds, the Good Conduct medal and the European Theater of Operations-Middle East campaign ribbon with three bronze battle stars for engagements. He was discharged last Thursday at the Tilton General hospital at Fort Dix, New Jersey.

A second discharge was recorded Saturday in the register and recorder's office for Donald E. Wright, 29, who served as a private with an infantry training regiment at Camp Blanding, Florida. He was inducted into the Army January 4 of this year at Harrisburg. A machine operator in civilian life, he served as a rifleman while in the Army. He is married. Wright was discharged November 1 from the separation center at Fort Dix.

Mr. and Mrs. Carl Martz, 147 East Water street, observed their twenty-fifth wedding anniversary Monday. Mrs. Martz is the former Miss Bertha Keller. Mr. Martz is employed at the People's Drug store, Baltimore street.

BOMBER PILOT, HOME ON LEAVE; 6 DECORATIONS

Lt. Harvey W. Dickert, pilot of a B-17 bomber with an Eighth Army Air Force bombardment group, is home for a 21-day leave after completing 35 missions during more than five months overseas.

Lieutenant Dickert, son of Mr. and Mrs. H. C. Dickert, of Gettysburg, was one of three crew members on the bomber. The other two were Lt. Raymond W. Spahr, son of Mr. and Mrs. Raymond Spahr, of Gettysburg, the navigator, and Lt. Vernon Keilholtz, of Emmitsburg, the co-pilot also home on leave. Lieutenant Spahr is expected home on leave in the near future.

Theirs was one of the most unique officer combinations on a bomber in the European area—two of the four officers, Dickert and Spahr were classmates in Gettysburg high school—and a third, Keilholtz, lives within 10 miles of the Gettysburg men. The bombardier is from the middle west.

The Gettysburg airman graduated from the local school in 1940. Both enlisted in the Air Corps and by one of the strange quirks of Army assignment were both placed in the same B-17 crew when it was formed at Salt Lake City, Utah, last winter.

Dickert enlisted in July, 1942, but wasn't called to active duty as a cadet for pilot training until January 17, 1943. His first 10 months in the Air Corps were spent at various fields in the west. He trained at Santa Ana, Santa Maria, and Chico, California; Yuma, Arizona, and Roswell, New Mexico.

Next he went to Salt Lake City for training and there met his crew members for the next 10 months. They trained at Salt Lake City, Sioux City Iowa; and finally went to Carney, Nebraska, where they "staged" preparatory to going to England.

Receives Decorations

The group went overseas in May of this year and took part in many of the post-invasion bombing raids on Germany and occupied Europe. For his part in the air battles, Lieutenant Dickert was awarded the Distinguished Flying Cross, the Air Medal with Four Oak Leaf Clusters, and is entitled to wear the European Theater of Operations Ribbon with two battle stars.

At the conclusion of his 21-day leave he will report to an Army Air Forces reassignment at Richmond, Virginia, probably to be assigned to duty as an instructor somewhere in the United States.

ASTU REMAINS UNTIL MARCH 12

The training program at Gettysburg college of the 3329th Service Unit (ASTU) scheduled to terminate on December 2 has been extended to March 12, it was announced today by Dr. Henry W. A Hanson, college president.

Doctor Hanson said that he had been advised by the War Department that the training program for the young uniformed students, 17 and 18 years of age, had been extended from December 2 to March 12, an extension of four months.

One hundred and forty-six young men, not eligible for the draft because of age, will be retained here to continue their combination academic instruction and military training under the command of Lt. Col. Frank Sharpless and his staff

PVT. N. E. SHULTZ WOUNDED OCT. 18

Pvt. Nelson E. Shultz, 21, son of Mr. and Mrs. Earl Shultz, Orrtanna R. 1, was slightly wounded in France October 18, his parents were notified by War Department telegram November 2.

Private Shultz, who entered the Army January 1, 1943, has been overseas for a year. He was serving with an infantry unit. The telegram gave no further details, but promised future information.

The last letter Mr. and Mrs. Shultz received from their son was dated October 17 and written from "somewhere in France." Private Shultz attended the Cashtown Consolidated school and before entering the service was employed at a saw mill near Orrtanna. He took his basic training in the infantry in Alabama and was stationed there until sent overseas.

Another Shultz boy, Pvt. Donald E. Shultz, 19, also is in France with another infantry unit. Private Donald Shultz entered the Army in March 1943. Before entering the service he attended the Cashtown Consolidated school and was employed at the Letterkenny ordnance depot, at Chambersburg.

Congressman Chester H. Gross, of Manchester, York county, Republican candidate for re-election to Congress, soundly defeated his Democratic opponent, Josiah W. Gitt, also of York county, by 5,251 votes. The Republican incumbent swept to overwhelming victory in Adams and Franklin counties and chased his Democratic opponent down the home stretch in York county, losing that county by 2,119 votes.

In Adams county Gross went into the lead with the first returns and was never threatened. The same prevailed in Franklin county. In York county the vote was close throughout the night, Gitt eventually emerging with a shallow majority as strong Democratic precincts turned in large votes.

Gross carried 32 of the 42 precincts in Adams county. He swept the four precincts of Gettysburg and carried Littlestown handsomely. He lost the Democratic stronghold in McSherrystown by 119 votes.

Adams county's 42 precincts gave Gross 8,087 against 5,477 for Gitt, a majority of 2,610. Franklin county added to this substantial lead by turning in 12,700 votes for the Republican Congressman against 7,940 for the Democratic candidate, a majority of 4,760.

This will be Gross' third term in Congress. He was first elected in 1938, defeating Harry L. Haines, but regained his seat in 1942, again defeating Mr. Haines.

Re-Elected

CHESTER H. GROSS
Congressman

PAUL M. CRIDER
State Senator

FRANCIS WORLEY
Assemblyman

Going to the polls nearly 14,000 strong on Tuesday, Adams countians gave the entire Republican ticket pluralities of from 2,300 to 2,800 votes over their Democratic opponents.

With the total vote approximating the expected 80 per cent, voters in this county gave Governor Dewey a lead of 2,854 over President Roosevelt, the largest majority a Republican opponent of Mr. Roosevelt ever received in this county. The vote was 8,314 for Dewey to 5,460 for Roosevelt.

While the entire Republican slate was given a wide margin in the county balloting, Assemblyman Francis Worley of Latimore township was returned to office in the General Assembly for a second term by the largest plurality given any candidate in the county on Tuesday.

Many "Straight" Tickets

He defeated George E. Little, Straban township Democrat, by a margin of 2,906 votes. Worley received 8,103 votes and Little, 5,197.

The county gave substantial leads to Congressman Chester H. Gross and State Senator Paul M. Crider in their successful campaigns for re-election.

"Straight" tickets were in the great majority in all districts as few voters "split" their ballots. In some districts fewer than a half dozen split tickets were cast.

GOP Won 33 Precincts

Governor Dewey carried 33 of the county's 42 voting districts, including several such as Union township that are normally Democratic districts.

In the voting for state senator in the Adams-Franklin district, Senator Crider won by an unofficial majority of 7,025 over Lawrence C. Zeger, the Democratic nominee. The vote for the two-county district follows:

Adams	7,855	5,476
Franklin	12,562	7,916
Totals	20,417	13,392

Gettysburg Board First

Although the final results of Adams county's voting were not certain until after midnight, the trend was apparent early and Republican candidates never lost the early lead they took as the first districts reported.

Fairfield apparently was the first district to complete its count and that borough's vote was telephoned to the court house at 9:30 p .m. The first district, however, to bring its returns to the commissioners' office was the second precinct of the first ward of Gettysburg. That board turned in its ballot box and tally sheets at 9:55 o'clock. The first district of Mt. Pleasant township followed quickly.

More than half the districts had reported by midnight and at 12:30 a. m. 35 of the 42 districts had reported. Franklin township continued to hold the doubtful distinction of being the last district in the county to make its returns. That board reached the court house at 2:20 a. m.

Voting was heavy throughout most sections of the county. Littlestown borough reported 20 more votes cast than in 1940, taking into account the military ballots received from boys of that town up to election day.

In the second ward of Gettysburg, nearly 90 per cent of the registered voters went to the polls.

Governor Dewey carried Adams county by more than double the margin given Wendell Willkie four years ago. Willkie carried the county by 1,255 votes over Roosevelt. In 1940 Roosevelt carried the county over Landon by a margin of 23 votes.

John H. Fiscel Wounded Abroad

Pvt. John H. Fiscel, 25, son of Mrs. Myrtle Fiscel, Greenmount, was seriously wounded in Germany October 22 according to a War department telegram received by his mother last Friday afternoon.

The county soldier entered the service last March 4 and received his training with the infantry at Ft. McClellan, Ala. He went overseas in September.

A brother, Pfc. Richard Fiscel, is stationed somewhere in England.

$200,000 Blaze Damages Mount At Emmitsburg

Fire, believed to have started when a large kettle of grease in the college kitchen became overheated, overflowed and ignited, caused damage estimated at $200,000 at Mt. St. Mary's college, one mile south of Emmitsburg, late Tuesday night and early Wednesday morning. The loss is fully covered by insurance, college authorities said.

The blaze was discovered by the two V-12 Naval Trainees who were on watch at the time. They notified Lieutenant N. D. Matthews, commanding officer and Lieutenant R. J. Richards, executive officer. The flames were leaping around the huge kitchen stove. Unable to extinguish the blaze the Naval officers summoned the Emmitsburg, Taneytown, Gettysburg, Fairfield, Frederick and Thurmont fire companies. Gettysburg firemen were called about midnight.

Firemen tapped the regular college water system and the large swimming pool on the campus and about three hours later brought the flames under control. No injuries were reported.

Spend Night In Gym

After the fire was brought under control the Naval Trainees, who were driven from their rooms, were housed in the gymnasium for the night.

The kitchen, main dining room, a general warehouse, dairy, refrigeration room and the three top floors of McCaffrey Hall, which houses the Naval Trainees, were destroyed. Considerable damage was also done to the canteen in the basement of the building. The flames spread rapidly through the ceilings and floors of the various sections destroyed.

A large stock of provisions in the warehouse was saved by volunteers who formed a "bucket-brigade."

Call Disaster Unit

St. Joseph's college authorities offered use of their facilities. A Red Cross disaster unit arrived Wednesday to assist in restoring normal life at the college. A mobile field kitchen from Camp Ritchie has been set up to provide mess facilities. Classes were suspended Wednesday and the Naval Trainee and civilian students were formed into details to clean up the debris. Another large dining room is available for a mess hall.

A Naval examining board under the command of Captain C. N. Hincamp, of the Fifth Naval District, Norfolk, Va., happened to be at the college when the fire broke out.

In the kitchen buildings destroyed were a bake shop, dairy, canning room and two refrigerator rooms. Pasteurizing of all milk and all baking is done at the institution.

Shut Off Current

A refrigerator room had been installed by the Navy at a cost of approximately $6,000 and was opened about a week ago. Rev. Fr. William F. Culhane, vice president and treasurer of the Mount, said that he believed the new refrigerator room and its equipment had not been damaged by the flames but that smoke and water may have caused some loss.

All lights were extinguished at the school when the main power switch was turned off about 1 o'clock a. m Wednesday after firemen had requested the disconnection because of the danger from falling high tension wires.

200 V-12 Naval trainees, 30 civilian students and 75 seminarians are housed at the school. The seminarians are housed in a separate building some distance from McCaffrey hall. Fifteen nuns are housed in a separate section of the building.

The kitchen had been rebuilt and refurnished less than a year ago. Kitchen equipment lost in the fire included four large electric ranges, steam cookers, steam tables and other cafeteria supplies.

Library in Danger

McCaffrey hall housed the canteen in the basement. The dining room was on the first floor and sleeping dormitories were on the second and third floors. As firemen fought to keep the flames from the hall, streams of water were poured through the building from the kitchen and west hallway, and water damage alone in the hall will be extensive.

Although the various buildings in the main group at the college are connected, fire walls separate them. Bruté hall, in which the college's half-million dollar book and art collection is stored, adjoins the burned McCaffrey hall and concern was expressed by priests that the fire would spread into the library. The only apparant damage suffered by the 50,000 volumes, however, was a small amount from smoke.

Lieutenant Spahr is expected home on leave in the near future.

Theirs was one of the most unique officer combinations on a bomber in the European area—two of the four officers, Dickert and Spahr were classmates in Gettysburg high school—and a third, Keilholtz, lives within 10 miles of the Gettysburg men. The bombardier is from the middle west.

The Gettysburg airman graduated from the local school in 1940. Both enlisted in the Air Corps and by one of the strange quirks of Army assignment were both placed in the same B-17 crew when it was formed at Salt Lake City, Utah, last winter.

Dickert enlisted in July, 1942, but wasn't called to active duty as a cadet for pilot training until January 17, 1943. His first 10 months in the Air Corps were spent at various fields in the west. He trained at Santa Ana, Santa Maria, and Chico, California; Yuma, Arizona, and Roswell, New Mexico.

Next he went to Salt Lake City for training and there met his crew members for the next 10 months. They trained at Salt Lake City, Sioux City Iowa; and finally went to Carney, Nebraska, where they "staged" preparatory to going to England.

Receives Decorations

The group went overseas in May of this year and took part in many of the post-invasion bombing raids on Germany and occupied Europe. For his part in the air battles, Lieutenant Dickert was awarded the Distinguished Flying Cross, the Air Medal with Four Oak Leaf Clusters, and is entitled to wear the European Theater of Operations Ribbon with two battle stars.

At the conclusion of his 21-day leave he will report to an Army Air Forces reassignment at Richmond, Virginia, probably to be assigned to duty as an instructor somewhere in the United States.

ASTU REMAINS UNTIL MARCH 12

The training program at Gettysburg college of the 3329th Service Unit (ASTU) scheduled to terminate on December 2 has been extended to March 12, it was announced today by Dr. Henry W. A. Hanson, college president.

Doctor Hanson said that he had been advised by the War Department that the training program for the young uniformed students, 17 and 18 years of age, had been extended from December 2 to March 12, an extension of four months.

One hundred and forty-six young men, not eligible for the draft because of age, will be retained here to continue their combination academic instruction and military training under the command of Lt. Col. Frank Sharpless and his staff

WAR FUND NEAR HALF WAY MARK WITH $14,168

Paul A. Kinsey, county campaign chairman, disclosed Tuesday, reports from many sections of the county show "substantially larger" contributions than were received from the same territories in the 1943 drive. In some cases the 1944 gifts are double or three times as large as the donations made last year.

Donors Listed

The task of compiling the campaign figures is going ahead at headquarters on Chambersburg street as district captains make their reports and as donations continue to be received.

Individual donations from the Biglerville plant of the Musselman company included the following: An anonymous gift of $40; $25 from Mr. and Mrs. E. E. Unger and four anonymous donors; $17.50 from Mr. and Mrs. Allan Stauffer; $15 from Mr. and Mrs. J. P. Hollabaugh; $12, anonymous; $10 from Mr. and Mrs. J. B. Smallwood, Mr. and Mrs. A. L. Leinert and Mr. and Mrs. Fred Bream.

Individual donors at the Gardners plant included: $10, Mr. and Mrs. Paul Shaffer, Faye McCans, Donald Bosserman, Wayne Spahr, Richard Fink, Eugene K. Albright and Ruth E. Beam, and a $20 gift from an anonymous donor.

Additional War Fund contributors from the northern part of the county follow: $76, Christ Lutheran Sunday school at Aspers; $35, Mrs. Edna Rice, Biglerville; $25, H. G. Baugher, Aspers; $20, Dr. M. T. Dill, Biglerville; $15, Mr. and Mrs. L. W. Klinefelter, Dr. and Mrs. R. M. Hale, Jr., Zeigler Brothers' mill, Mr. and Mrs. E. B. Romig and Mr. and Mrs. Glenn Slaybaugh.

Names have been added to the list of contributors from Gettysburg as follows:

$10—Mr. and Mrs. John Fisher, Gilbert's dry cleaner, Wednesday bridge club, Dr. C. G. Crist and Mr. and Mrs. Burnell Buohl.

PVT. N. E. SHULTZ WOUNDED OCT. 18

Pvt. Nelson E. Shultz, 21, son of Mr. and Mrs. Earl Shultz, Orrtanna R. 1, was slightly wounded in France October 18, his parents were notified by War Department telegram November 2.

Private Shultz, who entered the Army January 1, 1943, has been overseas for a year. He was serving with an infantry unit. The telegram gave no further details, but promised future information.

The last letter Mr. and Mrs. Shultz received from their son was dated October 17 and written from "somewhere in France." Private Shultz attended the Cashtown Consolidated school and before entering the service was employed at a saw mill near Orrtanna. He took his basic training in the infantry in Alabama and was stationed there until sent overseas.

Another Shultz boy, Pvt. Donald E. Shultz, 19, also is in France with another infantry unit. Private Donald Shultz entered the Army in March 1943. Before entering the service he attended the Cashtown Consolidated school and was employed at the Letterkenny ordnance depot, at Chambersburg.

Congressman Chester H. Gross, of Manchester, York county, Republican candidate for re-election to Congress, soundly defeated his Democratic opponent, Josiah W. Gitt, also of York county, by 5,251 votes. The Republican incumbent swept to overwhelming victory in Adams and Franklin counties and chased his Democratic opponent down the home stretch in York county, losing that county by 2,119 votes.

In Adams county Gross went into the lead with the first returns and was never threatened. The same prevailed in Franklin county. In York county the vote was close throughout the night, Gitt eventually emerging with a shallow majority as strong Democratic precincts turned in large votes.

Gross carried 32 of the 42 precincts in Adams county. He swept the four precincts of Gettysburg and carried Littlestown handsomely. He lost the Democratic stronghold in McSherrystown by 119 votes.

Adams county's 42 precincts gave Gross 8,087 against 5,477 for Gitt, a majority of 2,610. Franklin county added to this substantial lead by turning in 12,700 votes for the Republican Congressman against 7,940 for the Democratic candidate, a majority of 4,760.

This will be Gross' third term in Congress. He was first elected in 1938, defeating Harry L. Haines, but regained his seat in 1942, again defeating Mr. Haines.

Re-Elected

CHESTER H. GROSS
Congressman

PAUL M. CRIDER
State Senator

FRANCIS WORLEY
Assemblyman

Going to the polls nearly 14,000 strong on Tuesday, Adams countians gave the entire Republican ticket pluralities of from 2,300 to 2,800 votes over their Democratic opponents.

With the total vote approximating the expected 80 per cent, voters in this county gave Governor Dewey a lead of 2,854 over President Roosevelt, the largest majority a Republican opponent of Mr. Roosevelt ever received in this county. The vote was 8,314 for Dewey to 5,460 for Roosevelt.

While the entire Republican slate was given a wide margin in the county balloting, Assemblyman Francis Worley of Latimore township was returned to office in the General Assembly for a second term by the largest plurality given any candidate in the county on Tuesday.

Many "Straight" Tickets

He defeated George E. Little, Straban township Democrat, by a margin of 2,906 votes. Worley received 8,103 votes and Little, 5,197.

The county gave substantial leads to Congressman Chester H. Gross and State Senator Paul M. Crider in their successful campaigns for re-election.

"Straight" tickets were in the great majority in all districts as few voters "split" their ballots. In some districts fewer than a half dozen split tickets were cast.

GOP Won 33 Precincts

Governor Dewey carried 33 of the county's 42 voting districts, including several such as Union township that are normally Democratic districts.

In the voting for state senator in the Adams-Franklin district, Senator Crider won by an unofficial majority of 7,025 over Lawrence C. Zeger, the Democratic nominee. The vote for the two-county district follows:

Adams	7,855	5,476
Franklin	12,562	7,916
Totals	20,417	13,392

Gettysburg Board First

Although the final results of Adams county's voting were not certain until after midnight, the trend was apparent early and Republican candidates never lost the early lead they took as the first districts reported.

Fairfield apparently was the first district to complete its count and that borough's vote was telephoned to the court house at 9:30 p .m. The first district, however, to bring its returns to the commissioners' office was the second precinct of the first ward of Gettysburg. That board turned in its ballot box and taily sheets at 9:55 o'clock. The first district of Mt. Pleasant township followed quickly.

More than half the districts had reported by midnight and at 12:30 a. m. 35 of the 42 districts had reported. Franklin township continued to hold the doubtful distinction of being the last district in the county to make its returns. That board reached the court house at 2:20 a. m.

Voting was heavy throughout most sections of the county. Littlestown borough reported 20 more votes cast than in 1940, taking into account the military ballots received from boys of that town up to election day.

In the second ward of Gettysburg, nearly 90 per cent of the registered voters went to the polls.

Governor Dewey carried Adams county by more than double the margin given Wendell Willkie four years ago. Willkie carried the county by 1,255 votes over Roosevelt. In 1940 Roosevelt carried the county over Landon by a margin of 23 votes.

John H. Fiscel Wounded Abroad

Pvt. John H. Fiscel, 25, son of Mrs. Myrtle Fiscel, Greenmount, was seriously wounded in Germany October 22 according to a War department telegram received by his mother last Friday afternoon.

The county soldier entered the service last March 4 and received his training with the infantry at Ft. McClellan, Ala. He went overseas in September.

A brother, Pfc. Richard Fiscel, is stationed somewhere in England.

BIG PROBLEMS CONFRONT FDR IN 4TH TERM

Washington, Nov. 10 (AP)—President Roosevelt and the new Democratic-controlled Congress inherited from the 1944 elections today an opportunity for the greatest teamwork job in American history.

The fourth term President rode to the capital this morning, a ride that was transporting him from the flush of tremendous victory at the polls to sobering, hard work.

The votes of 45,000,000 Americans had been counted, a majority—better than 3,000,000—for Roosevelt. They gave him and his party a working majority of at least 55 in the House and 19 in the Senate. They also gave the party 25 of the 48 governorships of the nation.

Ahead lies the dual challenge for the President and the 79th Congress to wind up the war and together write a peace that will last.

Problems Facing FDR

This, as the President's opponent, Thomas E. Dewey said in his campaign, is no one-man job.

On the President's part, he faces:

The impending conference with Churchill and Stalin; the Chinese problem enhanced by removal of Gen. Joseph W. Stilwell at Chiang Kai-shek's personal request; decisions on the makeup of the new cabinet, provided any changes would be contemplated; a number of major appointments now likely to be made momentarily.

This new Congress must appropriate the final punch funds of war, it must equip the President with special wartime powers that are due soon to expire, renew anti-inflation and other economic controls, act on taxes and other domestic matters. Principally, though, it will be the "peace" Congress.

Mr. Roosevelt and the old Congress have battled tooth-and-nail on some issues where southern Democrats teamed up with Republicans. But on major questions involving the war, the Congress gave the administration pretty much what it wanted.

Senator Harry S. Truman, the vice president elect, sounded the new teamwork cry, declaring it was his first goal to keep that mile between the White House and the Capital only a geographical barrier.

36 States To 12

Though they came out second, the Republicans had a mighty voice in this election and will still have an important role in the law-making establishment. Governor Dewey came nearer to winning than any other defeated presidential candidate since 1916.

With some 6,000 of the 130,789 districts still to report, this was the box score:

Roosevelt 24,249,098; Dewey 21,195,298; electoral vote, 432 to 99; 36 states to 12.

House 242 Democrats; 187 Republicans, 2 minor parties, four undecided (all in Missouri).

Senate 56 Democrats, 37 Republicans, 1 Progressive, two unsettled (Pennsylvania, Missouri).

In Pennsylvania incomplete returns showed incumbent Senator James J. Davis (R) trailing Francis J. Myers (D). Pennsylvania counts its GI ballots November 22.

Canada Withholds Aspirations In Air

Chicago, Nov. 10 (AP)—Canada appeared today to be holding back as a trump card in the International Civil Aviation conference her own aspirations for postwar world air routes.

Sponsor of one of the two British empire plans for giving route assignment power to an international authority, Canada has not yet stated her own aims for carrying commerce in the air ocean. Eight other countries—the United States, the Netherlands, Poland, Philippine commonwealth, Spain, Switzerland, Egypt and Lebanon—have said formally where they hope to fly as an initial objective.

Thus far, however, Canada has declined to say whether or if it intends to do the same, although Hon. A. Berle, Jr., United States delegation chairman and president of the 51-nation conference, suggested that such plans be laid on the table for discussion.

ALLIES CAPTURE FORLI IN ITALY

Rome, Nov. 10 (AP)—British troops have captured Forli Po valley communications center 32 miles southeast of Bologna on the Bologna-Rimini highway, Allied headquarters announced today.

Capture of the old fortress city, which has a population of approximately 65,000, was accomplished by a pincer movement. One force moved directly up the Rimini-Bologna highway, while the second advanced up a road from the airfield to the southeast, penetrating into the town.

In addition, other Eighth Army troops have loosened Nazi positions in the hills south and southwest of Forli. Approximately 250 prisoners were taken as the town fell.

Philadelphia, Nov. 10 (AP)—Connie Mack, Philadelphia Athletics manager, says "We have called off" plans to purchase the Minneapolis baseball club of the American Association.

WIFE, 17, TRIES TO END HER LIFE

An attempted suicide by the 17-year-old wife of a Merchant Marine seaman was thwarted Sunday afternoon about 4:30 o'clock when a bottle of iodine she was attempting to drink was knocked from her hand by her husband.

The young wife, Mrs. Betty Hughes, Hanover R. 3, had drunk only a small amount of the poisonous fluid before the container was knocked from her grasp. Her husband, W. J. Hughes, himself only 18 years old, had returned early Sunday morning to spend a brief furolugh from his station.

According to Borough Officer Charles W. Culp, Jr., "a family quarrel" had developed later in the day and Mrs. Hughes had purchased a small bottle of iodine at a Gettysburg drug store.

At the entrance-way of a dress shop she began to drink the liquid when her husband stopped her, the policeman reported. Officer Culp, who was on duty at Center square, was called by bystanders to the scene of the attempted suicide and took Mrs. Hughes to the Warner hospital in the police car.

She was admitted as a patient and given treatment. Her condition was reported as not serious and was discharged Monday afternoon.

Pfc. Seabrook is a native of Adams county. He entered the service in September, 1942, and received his basic training at Camp Wheeler, Ga.

The youthful soldier went overseas early this year.

Mrs. Harbaugh holds her 11-month-old daughter, Barbara Mae. Mrs. Warren's mother was a sister of Mrs. Tracey. Mrs. Warren is 75.

CLUB DONATES TO WAR FUND

The Mothers' club of St. Francis Xavier parochial school met last Thursday at the school with Mrs. Edgar P. Hamilton, the president, presiding.

The club voted $5 for a vigal light to be placed on the altar for men and women in the armed forces. A similar amount was voted to the War Fund.

Plans were completed for a breakfast which was served last Friday to children following Holy Communion service. The committee in charge included Mrs. Joseph Smith, Mrs. Woodward, Mrs. George Groft and Mrs. Louis Purnell.

Arrangements were made for a rummage sale to be held November 17 and 18 in the former People's Cash store room on Baltimore street. The committee in charge will include Mrs. Robert Kenworthy, Mrs. Earl Forry, Mrs. Joseph Smith, Mrs. Groft and Mrs. Purnell.

Plans were also made for a Christmas party for school children.

The second grade students had the largest number of mothers present for the meeting for which the youngsters will each recieve lollypops.

LEGIONNAIRES MEET

Following a meeting of Harold H. Bair post, No. 14, American Legion, Hanover, last Friday evening, a session of the twenty-second district was held with J. G. Allen, district commander, presiding and with delegates from ten Legion posts in attendance. The district endorsed James Heffernan, York, for central vice commander of Pennsylvania for 1945-46.

LLOYD WISLER RESIGNS FROM POLICE FORCE

Lloyd E. Wisler, member of the borough police department for the last eight years, a part of which time he served as chief, presented his resignation Monday evening to the borough council, effective November 15.

Officer Wisler told The Gettysburg Times that he has accepted a position with a baking concern at his former home, Shenandoah, Pa., and expects to move to that community with his family about a week after he ends his police duties.

Without any applicants for the police position, council asked Burgess Fred G. Pfeffer how soon the position must be filled and that official replied that he "might be able to worry along to the end of the month" without a replacement. He pointed out that if the custom of putting on an extra officer before Christmas is followed this year, an additional officer must be employed.

York Street "Wobbly"

Reporting that openings made in York street by the Gettysburg Gas company have been patched temporarily for the winter, Borough Engineer LeRoy H. Winebrenner told council the south side of the street is "shot" and "wobbly" and may soon require a new base as a result of the damage done by the utility company. Several councilmen echoed his opinion. The street is maintained by the state.

The Gas company had asked free or reduced rate digging permits from council before the work was started on a big scale in the spring. Council insisted on cost-of-replacement fees.

The safety committee was directed to make a further study on costs of establishing regulation uniform requirements for members of the borough police force. In the past the council has allowed each officer to buy his own uniform and has given him an annual allowance of $50.

Ask Snow Removal

In reply to an inquiry from the state Department of Highways, council issued a request for the removal of snow from the town streets by the state plows with the suggestion that the plows make an effort to avoid plowing shut the sidegutters.

A safety committee meeting was suggested to study complaints aired before council Monday evening about illegal parking on the restricted north side of the first block of West Middle street. Another hazard is caused by parking on the west side of the first block of North Washington street, north of Race Horse alley, one councilman said.

A dispute which arose in council earlier in the fall about the construction of a Tiber retaining wall near the throwing company plant was reported settled today after the sewer committee decided Monday evening upon a meeting on the site today. Lack of funds in the sewer department budget was said to have brought an agreement on postponement of the work until next year when an exhaustive survey of the stream's course is to be made.

Praises Borough Workmen

Praising the work done by borough highway department workers, Mr. Winebrenner invited councilmen to inspect town streets which he said are in good shape for the winter. Purchase of another truckload of oil by the highway department was authorized. The year's street improvement program is being completed on Stevens and Barlow and a section of Water street with surface treatment of oil scheduled for North Stratton and part of North Washington street.

Council directed that the hospital be billed for the $133 worth of driveway improvement work recently completed there. No charge is being made for the use of the borough roller on that job.

The sewer committee was authorized to buy a carload of sand for the dryhouse at the disposal plant when it becomes nceessary. Councilman L. D. Shealer reported a new axle and housing has been bought as repairs for the borough roller at a cost of $78. A notice is to be sent to the Western Maryland railroad company asking repair of the North Fourth street crossing.

Praise From State

A state police request for a parking space near their Carlisle street substation door was referred to the burgess.

State Health Department officials found the local sewage disposal plant in "very good" condition on a recent inspection, council was told by Burgess Pfeffer.

The monthly report of Burgess Pfeffer showed total collections of $655, including these items: Digging permits, $8; roller rental, $6; garbage permits, $151; building permits, $6; fines, $2, and theater tax, $481.87.

FIFTEEN LEAVE FOR INDUCTION THIS MORNING

Fifteen men, the largest draft contingent in several months, left for the Harrisburg Induction station last Friday morning at 8:30 o'clock as the November call of Gettysburg Draft Board No. 2.

The group included two volunteers, both fathers and four other fathers. The nine others were not fathers before Pearl Harbor.

The volunteers were Lester Raymond Shultz, Orrtanna R. 1, and Charles Robert McNeil, Dillsburg R. 1. Other fathers in the call were William John Showers, Essex, Md.; Sterling J. Roth, Biglerville; Laverne Levere Rank, Hanover street, Biglerville; and Milton Junior Fanus, York Springs.

The non-fathers included James Oliver Sanders, Gettysburg; Edward Henry Gastley, Gettysburg; Charles Edward Woodward, of Gettysburg; Charles C. Shemon, Aspers R. 1; Thomas Henry Weaver, Arendtsville; Dale Radford Dunkinson, Gettysburg; Clair Henry Cook, Gettysburg; and Jack Raymond Taylor, Fayetteville R. 1; and James Robert Jeffcoat, a transfer from a Harrisburg draft board.

Only seven county young men were inducted in October, and the call of 15 today was a sharp jump in the local quota. McNeil, 28, a volunteer, was the only one of the group over 26—the age limit under which State Selective Service headquarters said last week, they "are trying as far as possible to fill all calls."

Treasurer John H. Basehore presented his monthly report showing a balance of $34,906 but with many departments near their budget limits on expenditures for this year. Chief receipt item was $1,457 in taxes from J. Herbert Weikert, collector. Basehore was directed to turn over the annual state check for foreign fire insurance tax from the borough to the fire company, an annual procedure.

President H. M. Oyler presided at the meeting with Councilmen L. D. Shealer, Harry Troxell, Harry E. Koch, Fred A. Hummelbaugh, Joseph D. Kendlehart and Vernon Corle; Mrs. Wilmer Dracha, secretary; Burgess Pfeffer, Treasurer Basehore, Engineer Winebrenner and Solicitor E. V. Bulleit in attendance.

CPL. STERNER IS WITH OLDEST FIGHTER GROUP

An Eighth Air Force Fighter Station, England (By Mail)—Corp. Paul F. Sterner, son of Mrs. Elizabeth A. Sterner, of 42 North Stratton street, Gettysburg, is a member of the oldest fighter group in the VIII Fighter Command, the high-scoring P-51 Mustang group commanded by Col. Don Blakeslee, of Fairport Harbor, Ohio, which celebrated its second anniversary recently by destroying 24 enemy planes in two days.

The group was formed September 12, 1942, when the three Eagle Squadrons of the Royal Air Force transferred to the USAAF and became the first fighter group in the Eighth Air Force.

In the two-year period the ex-Eagles, complemented by U. S. trained pilots, have flown Spitfires, Thunderbolts and Mustangs. They have destroyed 687 enemy aircraft, 222 while on hazardous ground strafing operations.

The group's list of famous firsts include: First Allied fighters to penetrate Germany from Britain; first Allied single-engine fighters over Berlin; providing the fighter escort for the first Britain-to-Russia shuttle raid; and the first fighter group in the European Theater of Operations to pass the 400,500, and 600 marks in enemy planes destroyed.

Corp. Sterner is a clerk with a squadron in the group. The 23-year-old soldier has served in England since November, 1942.

STATE POLICE CAPTURE MEN, STOLEN COUPE

Two young men driving a stolen New Jersey car were captured at gunpoint by state police on Carlisle street on Saturday at 8 a. m., after they crashed and abandoned their machine in an effort to avoid the officers.

Spotted on Carlisle street by Officers C. F. Renz and Harold Sheads of the local substation of the state police a few minutes after a telephone call informed the officers the men had driven off from Walter's garage at Biglerville without paying for five gallons of gasoline, the pair was nabbed after a chase around the John W. McIlhenny property at the corner of Carlisle and East Water street.

The men gave their names as Edward Francis Kelly, 21, Jersey City, and Kenneth Garry, 25, Little Ferry, N. J. They have admitted the theft of the car, a Buick coupe, and two sets of license plates, the officers said. They are being held in the county jail and likely will be turned over to the FBI for driving a stolen car across a state line.

Phones Description

A few minutes before 8 o'clock Saturday R. H. Himes, employe at the Blaine Walter garage at Biglerville, telephoned the state police substation in the Hotel Gettysburg annex a description and license number of a car that had driven off as Himes was taking the hose out of their gas tank after pumping five gallons of gas.

Renz and Sheads left the substation immediately. As they walked across Carlisle street toward the police car which was parked in front of The Times office, they saw the car coming in Carlisle street. The fugitives also saw the police. They stopped and started to back out Carlisle street at such a high speed that the driver lost control, crossed the street and struck the curb at the McIlhenny home.

One rear tire blew out as the car bounded onto the pavement and came to rest. The two men fled back of the McIlhenny home as the police arrived with guns drawn. Renz left the police car and gave chase on foot while Sheads turned into Water street and started up an alley at the rear of the home.

Then Sheads spotted the pair, who had dived over a hedge, heading toward the street again and he reversed his course coming upon the pair between the McIlhenny and Bupp properties on the Tiber bridge. They offered no resistance.

A crowd quickly gathered attracted by the sound of the crash and the sight of fleeing men and police giving chase with guns ready for action. Several pedestrians are reported to have been close to the car as it plunged onto the pavement.

Had Money, Rings

Kelly and Garry admitted driving "up to 70 miles an hour" on the way to Gettysburg from Biglerville.

They said they stole the car from a used car lot in Jersey City Monday evening and started for the west coast. They had a set of stolen Jersey license plates in the car and were using stolen plates of B. B. Lord, Wernersville, Pa., when they were captured.

Garry said he is a Merchant Seaman and has made several voyages. He said he expected soon to enter officers' school. Kelly was a checker for a Jersey trucking company.

The officers said the pair had several dollars in their pockets. The officers also expect to make a check on the ownership of clothing and a diamond ring the men said were their property.

HAS OLD BOOK

Mrs. Jacob Snyder, 24 West Middle street, has a copy of Fisher's edition of the Shorter Catechism of the Presbyterian church which was printed in February, 1753. The volume became the property of her mother, Cynthia A. Young in 1870, and is believed to have been brought here from Ireland, Mrs. Snyder said.

S. SGT. GOLDEN IS HOME FROM MANY MISSIONS

Staff Sgt. Ray E. Golden, 23, a veteran of more than 50 missions over Europe as gunner on a B-24 Liberator bomber is spending a 25-day furlough with his wife, Mrs. Helen Golden, at the home of her parents, Mr. and Mrs. Albert Wolford, Gettysburg.

Sergeant Golden entered the Army Air Corps August 6, 1942, and after his basic training, completed courses at a gunnery school, armor school, advanced gunnery school, the AAF school of applied tactics at Orlando, Florida, and a replacement training unit school.

His bombardment group was activated at Wendover field, Utah, in July, 1943. After training at Goven field, Boise, Idaho; Orlando, Florida; Pocatello, Idaho; and North Africa, the group went to Italy.

Over Nine Countries

The Gettysburg soldier has seen most of southern Europe from the air in his 50 missions over nine different countries. The bombing runs were made to targets in Italy, Yugoslavia, Rumania, France, Austria, Germany, Hungary, Poland and Czechoslovakia.

He holds the Distinguished Flying Cross, the Air Medal with three oak leaf clusters, the Purple Heart, the European theater of operations ribbon with two battle stars for action over Italy and southern France, and the good conduct badge.

The Purple Heart was given Sergeant Golden for injuries received when his plane crashed during a take-off on his 59th mission. The plane apparently was over-loaded and crashed after failing to gain enough altitude to stay in the air, he said. Two of the crew were killed.

Awarded DFC

Sergeant Golden was awarded the Distinguished Flying Cross for participation in an air raid over the Ploesti oil works in Roumania. On that mission his bomber returned to its base a virtual wreck with 123 flak holes in all parts of the plane.

"I guess there were only two times I was really scared," he said. "One time was on the raid to Ploesti. Our 100-pound demolition bombs failed to leave the bomb bay and another gunner and I got down into the bomb bay to kick them out with our feet. The bombardier heard me jump down into the bomb bay and thought it was the bombs jarring loose so he opened the bomb bay doors. I felt them start to move and jumped as hard as I could for the cat-walk. As you can see now, I made it."

A second time when he got worried was when two racks of small bombs which hadn't been dropped worked loose from the side of the plane and dropped to the floor of the bomb bay. Sergeant Golden was detailed to re-rack the bombs—a job more perilous than it sounds because the bombs were set to explode within a few minutes of the time they were freed from the rack.

Effective Support

Sergeant Golden said the Air force fighter support which accompanied his bombers on their missions gave such effective cover that seldom were any German planes encountered. "The trouble," he said, "was too much flak. They certainly did throw it up."

The young gunner is a graduate of Gettysburg high school with the class of 1939. He was employed at the Gettysburg furniture factory before entering the service. His parents live on Keckler's hill, Gettysburg R. 3.

MOOSE LODGE BUYS PROPERTY

Sale of the former Butt's restaurant property at 17 to 21 York street, to the Gettysburg Lodge No. 1526, Loyal Order of Moose, Gettysburg, was recorded in a deed filed Tuesday at the office of Register and Recorder Winfield G. Horner at the court house.

The owners, Jay K. and Katherine Schmitt, conveyed the property through their attorneys in fact, the First National bank of Gettysburg. The purchase price was listed as $32,000.

The former restaurant and garage property was operated before the war by the Schmitts who bought the business from Ralph Butt. Butt had conducted an eating establishment and garage there for a number of years, before which C. W. Epley had operated a miniature golf course and auto and furniture show room.

The property has a frontage on the south side of York street of 60 feet and a depth of 180 feet reaching to the alley to the rear of York street. It is a one-story building of concrete block construction.

When queried on Tuesday, officials of the Moose organization said they had no plans to announce yet for the restaurant structure. The present Moose home is located to the east of the old Butt property.

WIFE, 17, TRIES TO END HER LIFE

An attempted suicide by the 17-year-old wife of a Merchant Marine seaman was thwarted Sunday afternoon about 4:30 o'clock when a bottle of iodine she was attempting to drink was knocked from her hand by her husband.

The young wife, Mrs. Betty Hughes, Hanover R. 3, had drunk only a small amount of the poisonous fluid before the container was knocked from her grasp. Her husband, W. J. Hughes, himself only 18 years old, had returned early Sunday morning to spend a brief furolugh from his station.

According to Borough Officer Charles W. Culp, Jr., "a family quarrel" had developed later in the day and Mrs. Hughes had purchased a small bottle of iodine at a Gettysburg drug store.

At the entrance-way of a dress shop she began to drink the liquid when her husband stopped her, the policeman reported. Officer Culp, who was on duty at Center square, was called by bystanders to the scene of the attempted suicide and took Mrs. Hughes to the Warner hospital in the police car.

She was admitted as a patient and given treatment. Her condition was reported as not serious and was discharged Monday afternoon.

CLUB DONATES TO WAR FUND

The Mothers' club of St. Francis Xavier parochial school met last Thursday at the school with Mrs. Edgar P. Hamilton, the president, presiding.

The club voted $5 for a vigal light to be placed on the altar for men and women in the armed forces. A similar amount was voted to the War Fund.

Plans were completed for a breakfast which was served last Friday to children following Holy Communion service. The committee in charge included Mrs. Joseph Smith, Mrs. Woodward, Mrs. George Groft and Mrs. Louis Purnell.

Arrangements were made for a rummage sale to be held November 17 and 18 in the former People's Cash store room on Baltimore street. The committee in charge will include Mrs. Robert Kenworthy, Mrs. Earl Forry, Mrs. Joseph Smith, Mrs. Groft and Mrs. Purnell.

Plans were also made for a Christmas party for school children.

The second grade students had the largest number of mothers present for the meeting for which the youngsters will each recieve lollypops.

LEGIONNAIRES MEET

Following a meeting of Harold H. Bair post, No. 14, American Legion, Hanover, last Friday evening, a session of the twenty-second district was held with J. G. Allen, district commander, presiding and with delegates from ten Legion posts in attendance. The district endorsed James Heffernan, York, for central vice commander of Pennsylvania for 1945-46.

LLOYD WISLER RESIGNS FROM POLICE FORCE

Lloyd E. Wisler, member of the borough police department for the last eight years, a part of which time he served as chief, presented his resignation Monday evening to the borough council, effective November 15.

Officer Wisler told The Gettysburg Times that he has accepted a position with a baking concern at his former home, Shenandoah, Pa., and expects to move to that community with his family about a week after he ends his police duties.

Without any applicants for the police position, council asked Burgess Fred G. Pfeffer how soon the position must be filled and that official replied that he "might be able to worry along to the end of the month" without a replacement. He pointed out that if the custom of putting on an extra officer before Christmas is followed this year, an additional officer must be employed.

York Street "Wobbly"

Reporting that openings made in York street by the Gettysburg Gas company have been patched temporarily for the winter, Borough Engineer LeRoy H. Winebrenner told council the south side of the street is "shot" and "wobbly" and may soon require a new base as a result of the damage done by the utility company. Several councilmen echoed his opinion. The street is maintained by the state.

The Gas company had asked free or reduced rate digging permits from council before the work was started on a big scale in the spring. Council insisted on cost-of-replacement fees.

The safety committee was directed to make a further study on costs of establishing regulation uniform requirements for members of the borough police force. In the past the council has allowed each officer to buy his own uniform and has given him an annual allowance of $50.

Ask Snow Removal

In reply to an inquiry from the state Department of Highways, council issued a request for the removal of snow from the town streets by the state plows with the suggestion that the plows make an effort to avoid plowing shut the sidegutters.

A safety committee meeting was suggested to study complaints aired before council Monday evening about illegal parking on the restricted north side of the first block of West Middle street. Another hazard is caused by parking on the west side of the first block of North Washington street, north of Race Horse alley, one councilman said.

A dispute which arose in council earlier in the fall about the construction of a Tiber retaining wall near the throwing company plant was reported settled today after the sewer committee decided Monday evening upon a meeting on the site today. Lack of funds in the sewer department budget was said to have brought an agreement on postponement of the work until next year when an exhaustive survey of the stream's course is to be made.

Praises Borough Workmen

Praising the work done by borough highway department workers, Mr. Winebrenner invited councilmen to inspect town streets which he said are in good shape for the winter. Purchase of another truckload of oil by the highway department was authorized. The year's street improvement program is being completed on Stevens and Barlow and a section of Water street with surface treatment of oil scheduled for North Stratton and part of North Washington street.

Council directed that the hospital be billed for the $133 worth of driveway improvement work recently completed there. No charge is being made for the use of the borough roller on that job.

The sewer committee was authorized to buy a carload of sand for the dryhouse at the disposal plant when it becomes nceessary. Councilman L. D. Shealer reported a new axle and housing has been bought as repairs for the borough roller at a cost of $78. A notice is to be sent to the Western Maryland railroad company asking repair of the North Fourth street crossing.

Praise From State

A state police request for a parking space near their Carlisle street substation door was referred to the burgess.

State Health Department officials found the local sewage disposal plant in "very good" condition on a recent inspection, council was told by Burgess Pfeffer.

The monthly report of Burgess Pfeffer showed total collections of $655, including these items: Digging permits, $8; roller rental, $6; garbage permits, $151; building permits, $6; fines, $2, and theater tax, $481.87.

FIFTEEN LEAVE FOR INDUCTION THIS MORNING

Fifteen men, the largest draft contingent in several months, left for the Harrisburg Induction station last Friday morning at 8:30 o'clock as the November call of Gettysburg Draft Board No. 2.

The group included two volunteers, both fathers and four other fathers. The nine others were not fathers before Pearl Harbor.

The volunteers were Lester Raymond Shultz, Orrtanna R. 1, and Charles Robert McNeil, Dillsburg R. 1. Other fathers in the call were William John Showers, Essex, Md.; Sterling J. Roth, Biglerville; Laverne Levere Rank, Hanover street, Biglerville; and Milton Junior Fanus, York Springs.

The non-fathers included James Oliver Sanders, Gettysburg; Edward Henry Gastley, Gettysburg; Charles Edward Woodward, of Gettysburg; Charles C. Shemon, Aspers R. 1; Thomas Henry Weaver, Arendtsville; Dale Radford Dunkinson, Gettysburg; Clair Henry Cook, Gettysburg; and Jack Raymond Taylor, Fayetteville R. 1; and James Robert Jeffcoat, a transfer from a Harrisburg draft board.

Only seven county young men were inducted in October, and the call of 15 today was a sharp jump in the local quota. McNeil, 28, a volunteer, was the only one of the group over 26—the age limit under which State Selective Service headquarters said last week, they "are trying as far as possible to fill all calls."

Treasurer John H. Basehore presented his monthly report showing a balance of $34,906 but with many departments near their budget limits on expenditures for this year. The group's list of famous firsts include: First Allied fighters to penetrate Germany from Britain; first Allied single-engine fighters over Berlin; providing the fighter escort for the first Britain-to-Russia shuttle raid; and the first fighter group in the European Theater of Operations to pass the 400,500, and 600 marks in enemy planes destroyed.

STATE POLICE CAPTURE MEN, STOLEN COUPE

Two young men driving a stolen New Jersey car were captured at gunpoint by state police on Carlisle street on Saturday at 8 a. m., after they crashed and abandoned their machine in an effort to avoid the officers.

Spotted on Carlisle street by Officers C. F. Renz and Harold Sheads of the local substation of the state police a few minutes after a telephone call informed the officers the men had driven off from Walter's garage at Biglerville without paying for five gallons of gasoline, the pair was nabbed after a chase around the John W. McIlhenny property at the corner of Carlisle and East Water street.

The men gave their names as Edward Francis Kelly, 21, Jersey City, and Kenneth Garry, 25, Little Ferry, N. J. They have admitted the theft of the car, a Buick coupe, and two sets of license plates, the officers said. They are being held in the county jail and likely will be turned over to the FBI for driving a stolen car across a state line.

Phones Description

A few minutes before 8 o'clock Saturday R. H. Himes, employe at the Blaine Walter garage at Biglerville, telephoned the state police substation in the Hotel Gettysburg annex a description and license number of a car that had driven off as Himes was taking the hose out of their gas tank after pumping five gallons of gas.

Renz and Sheads left the substation immediately. As they walked across Carlisle street toward the police car which was parked in front of The Times office, they saw the car coming in Carlisle street. The fugitives also saw the police. They stopped and started to back out Carlisle street at such a high speed that the driver lost control, crossed the street and struck the curb at the McIlhenny home.

One rear tire blew out as the car bounded onto the pavement and came to rest. The two men fled back of the McIlhenny home as the police arrived with guns drawn. Renz left the police car and gave chase on foot while Sheads turned into Water street and started up an alley at the rear of the home.

Then Sheads spotted the pair, who had dived over a hedge, heading toward the street again and he reversed his course coming upon the pair between the McIlhenny and Bupp properties on the Tiber bridge. They offered no resistance.

A crowd quickly gathered attracted by the sound of the crash and the sight of fleeing men and police giving chase with guns ready for action. Several pedestrians are reported to have been close to the car as it plunged onto the pavement.

Had Money, Rings

Kelly and Garry admitted driving "up to 70 miles an hour" on the way to Gettysburg from Biglerville.

They said they stole the car from a used car lot in Jersey City Monday evening and started for the west coast. They had a set of stolen Jersey license plates in the car and were using stolen plates of B. B. Lord, Wernersville, Pa., when they were captured.

Garry said he is a Merchant Seaman and has made several voyages. He said he expected soon to enter officers' school. Kelly was a checker for a Jersey trucking company.

The officers said the pair had several dollars in their pockets. The officers also expect to make a check on the ownership of clothing and a diamond ring the men said were their property.

HAS OLD BOOK

Mrs. Jacob Snyder, 24 West Middle street, has a copy of Fisher's edition of the Shorter Catechism of the Presbyterian church which was printed in February, 1753. The volume became the property of her mother, Cynthia A. Young in 1870, and is believed to have been brought here from Ireland, Mrs. Snyder said.

S. SGT. GOLDEN IS HOME FROM MANY MISSIONS

Staff Sgt. Ray E. Golden, 23, a veteran of more than 50 missions over Europe as gunner on a B-24 Liberator bomber is spending a 25-day furlough with his wife, Mrs. Helen Golden, at the home of her parents, Mr. and Mrs. Albert Wolford, Gettysburg.

Sergeant Golden entered the Army Air Corps August 6, 1942, and after his basic training, completed courses at a gunnery school, armor school, advanced gunnery school, the AAF school of applied tactics at Orlando, Florida, and a replacement training unit school.

His bombardment group was activated at Wendover field, Utah, in July, 1943. After training at Goven field, Boise, Idaho; Orlando, Florida; Pocatello, Idaho; and North Africa, the group went to Italy.

Over Nine Countries

The Gettysburg soldier has seen most of southern Europe from the air in his 50 missions over nine different countries. The bombing runs were made to targets in Italy, Yugoslavia, Rumania, France, Austria, Germany, Hungary, Poland and Czechoslovakia.

He holds the Distinguished Flying Cross, the Air Medal with three oak leaf clusters, the Purple Heart, the European theater of operations ribbon with two battle stars for action over Italy and southern France, and the good conduct badge.

The Purple Heart was given Sergeant Golden for injuries received when his plane crashed during a take-off on his 59th mission. The plane apparently was over-loaded and crashed after failing to gain enough altitude to stay in the air, he said. Two of the crew were killed.

Awarded DFC

Sergeant Golden was awarded the Distinguished Flying Cross for participation in an air raid over the Ploesti oil works in Roumania. On that mission his bomber returned to its base a virtual wreck with 123 flak holes in all parts of the plane.

"I guess there were only two times I was really scared," he said. "One time was on the raid to Ploesti. Our 100-pound demolition bombs failed to leave the bomb bay and another gunner and I got down into the bomb bay to kick them out with our feet. The bombardier heard me jump down into the bomb bay and thought it was the bombs jarring loose so he opened the bomb bay doors. I felt them start to move and jumped as hard as I could for the cat-walk. As you can see now, I made it."

A second time when he got worried was when two racks of small bombs which hadn't been dropped worked loose from the side of the plane and dropped to the floor of the bomb bay. Sergeant Golden was detailed to re-rack the bombs—a job more perilous than it sounds because the bombs were set to explode within a few minutes of the time they were freed from the rack.

Effective Support

Sergeant Golden said the Air force fighter support which accompanied his bombers on their missions gave such effective cover that seldom were any German planes encountered. "The trouble," he said, "was too much flak. They certainly did throw it up."

The young gunner is a graduate of Gettysburg high school with the class of 1939. He was employed at the Gettysburg furniture factory before entering the service. His parents live on Keckler's hill, Gettysburg R. 3.

MOOSE LODGE BUYS PROPERTY

Sale of the former Butt's restaurant property at 17 to 21 York street, to the Gettysburg Lodge No. 1526, Loyal Order of Moose, Gettysburg, was recorded in a deed filed Tuesday at the office of Register and Recorder Winfield G. Horner at the court house.

The owners, Jay K. and Katherine Schmitt, conveyed the property through their attorneys in fact, the First National bank of Gettysburg. The purchase price was listed as $32,000.

The former restaurant and garage property was operated before the war by the Schmitts who bought the business from Ralph Butt. Butt had conducted an eating establishment and garage there for a number of years, before which C. W. Epley had operated a miniature golf course and auto and furniture show room.

The property has a frontage on the south side of York street of 60 feet and a depth of 180 feet reaching to the alley to the rear of York street. It is a one-story building of concrete block construction.

When queried on Tuesday, officials of the Moose organization said they had no plans to announce yet for the restaurant structure. The present Moose home is located to the east of the old Butt property.

Terry shouted, "Come and see the iceberg! It's simply huge, and Rory says it's the very latest one of all!"

Cherry left the bunk she was making up and ran out on deck with him. It was an exhilirating morning in early March, with the sun shining palely golden from a crisp blue sky trimmed with white fleecy clouds. The Coromandel hummed along under the chirrying of a stiff wind, and the sea reflected the deep, clear blue of the sky. The decks were thronged with people in gay woollens.

Now and then all heads craned upward as a big flying boat zoomed across the sky, serenading the ship with signals and passing on her way. They were not far from Iceland, and under air cover from the big American airport. It was a day when it was good to be alive. A day when one could imagine daffodils thrusting green swords through the softening earth, and the song of birds. The ship was closed no longer. The sweet tingling air swept her from stem to stern, banishing the extreme cold and fog and horror.

The voyage was not over. Danger still lurked in that bright blue sea; it could descend on them out of those fleecy, gamboling clouds. But this was weather when one could bear danger. The ship—all the fleet of ships spread about them—were under Allied air protection; in a few days they would be home. If anything happened now, there was every chance of launching boats, of being rescued. It was a completely different picture from that horror of a week ago, which was already fading from their minds like a nightmare. And while the crew relaxed none of its vigilance, there mounted through the length and breadth of the ship the expectant joy of spring and homecoming.

Ever since the night of the alarm Rory had been avoiding her. She had never seen much of him, but lately he had taken extra care to avoid those little accidental moments together. By rights, Cherry told herself, she should have been glad. That was what she wanted, not to see Rory, so that she could forget her madness. But now that the voyage was so nearly over she knew she could not forget. If she never saw Rory again, she would not forget.

Douglas, seeing her, detached himself from a group of men and came over with his binoculars. "Have a look through these. That iceberg's a magnificent specimen. Looks a bit like the Taj Mahal."

"Oh—" Cherry thought of the ice fields they had come through, of the bergs scattered in those frozen waters, of the sudden death that had waited for them through night after night of darkness.

Looking around at the widespread convoy it was almost impossible to believe that it had come through almost intact—not quite, though. Cherry knew about the three ships now. It was heart-breaking to think of them on a morning like this. She thought humbly, How good God has been to us. What a miracle it is to be alive! It was the feeling they had had during the worst days of the blitz, when each morning it had been a miracle to see the dawn. Douglas smiled at her suddenly, as if reading her thoughts, and said, "It is good, isn't it?"

She thought, looking at his clean-cut face beside her, Only one thing matters—and that is the truth. Life isn't worth having if one can't face that.

Douglas said, "Come for a walk—just a few minutes. It will do you good." He was pleased to see her looking fresher, less tired. Most of her patients were up and about again.

"Five minutes, then. I haven't finished my cabins." She fell into step beside him.

The far end of the deck was comparatively deserted. Douglas said gently, "Well, Cherry? Have you any news for me, or must I wait until we are docking?"

They stood by the rail and she gripped the good solid teak in her hands. It gave her courage. She said steadily, "No, Douglas. I wanted to tell you this morning. I'm sorry—my dear."

He read the answer in her eyes and leaned against the rail. For a few minutes he looked his age, tired and worn. Then he smiled, and Cherry thought that smile was the dearest thing he had ever given her. "The same reason?"

"The same reason," she said softly, with a shining light in her eyes and gentle mouth. "I'm sorry, Douglas. I hate hurting you. You've been so much kinder to me than I deserve. But I can't help it. I knew the truth just now. Whatever happens, I just can't marry anyone else."

He turned to Cherry, and she was grateful for his dignity and reticence.

He said quietly, "Very well, my dear. It is only another lovely dream over, at my age. I have a certain philosophy, too. And maybe you are right. You're the sort of person to love very deeply, and if you had been unable to forget, we might have been very unhappy." He sighed, and caught the sigh up in a little smile. "I can only hope you find happiness, darling, somehow, in your own way. You deserve that."

R. C. TO HELP SEND MESSAGES TO INTERNEES

Plans have been completed by the American Red Cross for the expedited delivery of special Red Cross messages to United States prisoners of war and U. S. civilian internees in the Philippines, Miss Margaret McMillan, executive secretary of the local chapter announced Tuesday.

The information was received Monday in a telegram from the national director of home service, Mrs. Kathryn N. Ellis, Arlington, Virginia, to the local office.

Mrs. Ellis said that one Red Cross message form, which may be obtained at the chapter offices on Baltimore street, may be accepted through November 13 from any person in the United States wishing to send it to relatives and friends now held as U. S. prisoners of war or U. S. civilian internees in the Philippines, but only when their address is known.

Subject To Censorship

The messages will be subject to regular Army overseas mail censorship, the national home service director said, but will not be limited to 25 words. They may be continued on the reverse side of the form, number 1616, and should be forwarded by air mail to the home service national headquarters at Arlington.

Mrs. Ellis cautioned that the Red Cross cannot guarantee delivery but every effort will be made to reach the addressees so they may establish contact with their families as soon as possible after the islands are liberated.

She said she hoped arrangements may be made for the addressee to reply directly to families and she urged that families should also continue to write to prisoners of war and civilian internees by regular mail, in addition to the special message.

None To Filipinos

The Red Cross can not accept messages for U. S. free civilians and Filipinos under this plan because of the special government channels to be used for the delivery of the messages, Mrs. Ellis stated.

She said that the Relief for Americans in the Philippines organization was sending a mimeographed letter to persons in this country whose names they have on file suggesting they call at local Red Cross chapters and complete form number 1616.

R. C. TO HELP SEND MESSAGES TO INTERNEES

Plans have been completed by the American Red Cross for the expedited delivery of special Red Cross messages to United States prisoners of war and U. S. civilian internees in the Philippines, Miss Margaret McMillan, executive secretary of the local chapter announced Tuesday.

The information was received Monday in a telegram from the national director of home service, Mrs. Kathryn N. Ellis, Arlington, Virginia, to the local office.

Mrs. Ellis said that one Red Cross message form, which may be obtained at the chapter offices on Baltimore street, may be accepted through November 13 from any person in the United States wishing to send it to relatives and friends now held as U. S. prisoners of war or U. S. civilian internees in the Philippines, but only when their address is known.

Subject To Censorship

The messages will be subject to regular Army overseas mail censorship, the national home service director said, but will not be limited to 25 words. They may be continued on the reverse side of the form, number 1616, and should be forwarded by air mail to the home service national headquarters at Arlington.

Mrs. Ellis cautioned that the Red Cross cannot guarantee delivery but every effort will be made to reach the addressees so they may establish contact with their families as soon as possible after the islands are liberated.

She said she hoped arrangements may be made for the addressee to reply directly to families and she urged that families should also continue to write to prisoners of war and civilian internees by regular mail, in addition to the special message.

None To Filipinos

The Red Cross can not accept messages for U. S. free civilians and Filipinos under this plan because of the special government channels to be used for the delivery of the messages, Mrs. Ellis stated.

She said that the Relief for Americans in the Philippines organization was sending a mimeographed letter to persons in this country whose names they have on file suggesting they call at local Red Cross chapters and complete form number 1616.

CANNERS DROP 20-0 DECISION TO CAMP HILL

Camp Hill's unbeaten football team proved too much for the Biglerville high gridders Thursday evening and the Canners submitted to a 20-0 setback in their final game of the season which was played on the Biglerville field.

Approximately 800 fans, the largest crowd of the home season, witnessed the game.

After battling to a scoreless tie in the first period the ice was broken in the second period when Murray broke through the line and zigzagged down the field for 30 yards and a score. He added the extra point on a placement boot.

Early in the second quarter Snover talked for the visitors when he raced 20 yards and again Murray booted the extra point.

8th Straight

The final touchdown came later in the same quarter when Murray heaved a pass to Denison for a tally. The try for the extra point failed.

The victory marked the eighth in a row for Camp Hill and its seventh in the Lower Susquehanna conference.

For Biglerville it marked the third setback as against as many victories.

Despite being outweighed by a good margin in both the line and backfield, Coach "Hen" Bream's boys put up a good battle throughout.

The lineups:

Pos.	Biglerville	Camp Hill
L.E.	Dixon	Slike
L.T.	Hykes	Meck
L.G.	Miller	Funk
C.	Heller	Stoner
R.G.	Brough	Snyder
L.T.	Jester	Christiansen
R.E.	Ebbert	Elfreth
Q.B.	Utz	Denison
L.H.	Ogden	Shover
R.H.	Bucher	Knerr
F.B.	Pitzer	Murray

Score by periods:

Biglerville	0	0	0	0	0
Camp Hill	0	7	13	0	20

Touchdowns: Murray, Shover, Denison. Points after touchdowns: Murray 2 (place-kicks).

Substitutions: Biglerville, Rice, Sandoe, Sternat, Camp Hill, E. Hower, Brown, Bordlemay, McCarter, McClemans, White, Fry, Farner, Kime, Holland, Buttler, Gage, Housh.

CADETS TO USE SHOCK TROOPS

By HAROLD CLAASSEN

West Point, N. Y., Nov. 10 (AP)—The shock-troop system, an idea that helped Knute Rockne guide Notre Dame to the gridiron heights, comes back to haunt the Irish in tomorrow's annual clash with Army in New York city's Yankee stadium.

Lt. Col. Earl Blaik, head coach of the all-winning Cadets, said today he would continue his two-team plan and that the upper classmen's varsity with Doug Kenna at quarterback would start against the Irish. In the Second quarter an entire new team, mostly plebes, will take the field.

The Cadets leave at noon today and will work out in Yankee stadium at 2 p. m. The civilian members of Notre Dame's squad will arrive in Gotham sometime today and will spend the night at Bear Mountain, N. Y. The Irish V-12 players, whose absence from their campus is restricted to 48 hours, won't reach New York until Saturday morning.

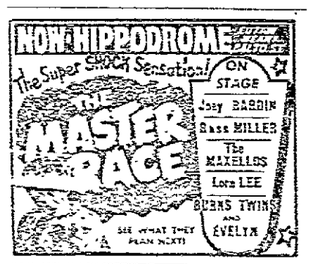

Pittsburgh, Nov. 10 (AP) — Only Donora and Ellwood City today remained in the WPIAL class AA football race, after Scott high scored a 7-0 upset victory over undefeated Turtle Creek high before 8,500 on Wednesday.

The victory was the seventh of the season for Scott and Turtle Creek's setback followed a string of seven straight conquests.

End Season Tonight At Mechanicsburg

This evening at 8 o'clock the Gettysburg high Maroons will close their football season by meeting Mechanicsburg high on the latter's field.

Both teams have had disastrous seasons. The Maroons have won one game in seven starts while the Wildcats have dropped seven in a row without a victory.

The outcome of tonight's tilt is important to both teams as the winner will probably be able to escape the bottom position in the Southern Pennsylvania conference standings.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Nov. 10 (AP)—Croton, Ohio, high has only a 13-man squad, including 71-pound Gilbert Duncan and 94-pound Jack Clayton, but has played eight games this fall. Naturally, it's lost them all.

ONE-MINUTE SPORTS PAGE

Bob Fenimore, star Oklahoma Aggies back, was rejected for Army service because a football injury suffered last year keeps him from bending one knee more than one third of the way. Still he ran and placed in the Texas and Drake relays sprints last spring though his inability to crouch left him at the post in every start. . . . Sgt. Turf historian Alex Robb supplies the information that in the old days each Epsom Derby was followed by an unofficial "press derby." . . . When Iowa Seahawks trounced Tulsa U. last week, three former Tulsa players were in the lineup for the Navy . . . Naturally, they wanted to make a good showing . . . late in the game Don Samuel broke loose and Dell Taylor, last year's Tulsa captain, went along to look after the blocking . . . As they reached the 20-yard line, with no one to block, Dell asked: "Hey, Don, isn't that ball getting kind of heavy?" . . . Samuel didn't hesitate, but handed the ball to Taylor, who went the rest of the way for a score.

Bisons Hit Stride In Hockey League

(By The Associated Press).

After a dismal opening, the Buffalo Bisons have come back strong and loom today as the club to watch in the American hockey league.

The Bisons lost four of their first five and looked like perspective cellar-dwellers. However, they began to roll a week ago, handing the St. Louis flyers their first defeat. Since then they've won three straight.

Their success is due to Left-winger Doug Lewis, a veteran of last season's championship team. Lewis, with Center Len Halderson, was responsible for Buffalo's 4-2 victory over Providence last night. Each scored once and assisted in the other two scores.

Philadelphia, Nov. 10 (AP)—Willie Joyce, who meets Ike Williams in a feature boxing bout here on Monday, may open a food market in Los Angeles after Jan. 1. He says it is his biggest ambition.

ARMY, NAVY, OHIO STATE ARE FAVORED

By ORLO ROBERTSON

New York, Nov. 10 (AP)—Returning to the football guessing game this week, we wish we could point with pride to the selections of sub Fritz Howell last week but he picked Notre Dame to beat Navy. At that he turned in a performance of only 11 defeats and one tie against 35 victories.

We give you:

Notre Dame-Army — Notre Dame never has been defeated by both Navy and Army the same year. Army hasn't scored against the Irish since 1938. The Cadets will break both traditions this year.

Cornell-Navy—Just a breeze for those hard-hitting Middies. Navy over Cornell.

Michigan over Illinois.
Georgia Tech over Tulane.
Ohio State over Pittsburgh.
Duke over Wake Forest.
Pennsylvania over Columbia
Indiana over Minnesota
Miss. State over Auburn.
Holy Cross over Colgate.
Yale over Brown.
Muhlenberg over Princeton, Michigan State over Maryland, Penn State over Temple, USS Coast Guard over Dartmouth, Clemson over VMI, Virginia over Richmond, North Carolina over William and Mary, Swarthmore over New York Univ., West Virginia over Lehigh, Lafayette over Rutgers, and Bucknell over New York City college.

SPORT SHORTS

New York, Nov. 10 (AP)—Tickets for Saturday's Army-Notre Dame clash, worth $4.80 when the two schools sold their last seats on Sept 7, are bringing $25 each on the speculator market today.

New York, Nov. 10 (AP)—Sammy Angott of Washington, Pa., is favored to whip Jimmy McDaniels of Washington, D. C., tonight in a 10-round feature bout at Madison Square Garden.

McDaniels will weigh about 145 to Angott's 142.

New York, Nov. 10 (AP)—Gus Mancuso, veteran catcher who was handed his unconditional release by the New York Giants, is reported to be in line for a coaching job with the Philadelphia Phillies.

New York, Nov. 10 (AP)—Lausanne, Switzerland, or Stockholm may be the site of the 1948 Olympic games, according to J. Sigfrid Edstrom of Stockholm, acting president of the International Olympic committee. Cities in Spain and Finland also were mentioned.

Philadelphia, Nov. 10 (AP)—Sgt. Joe Louis, world heavyweight boxing champion, makes his initial appearance as a wrestling referee in a match here tonight between Ernie Dusek and George Becker.

Joe is on a 30-day Army furlough.

Penn Wynne, Pa., Nov. 10 (AP)—The man in the business suit watched some boys practicing football. Without introducing himself, he outlined several plays for the boys.

The youngsters later discovered their visitor was Howie Odell, football coach at Yale.

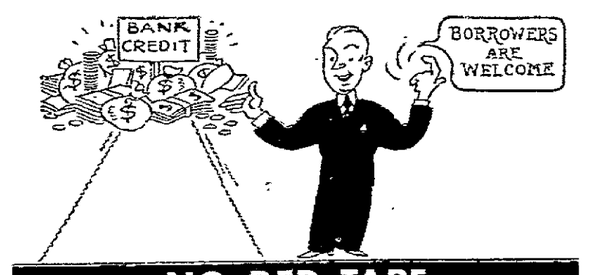

Philadelphia, Nov. 10 (AP)—Mayor Bernard Samuel has endorsed a suggestion that Philadelphia sponsor a postseason Army-Navy football game between Bainbridge (Md.) Naval training station and the Randolph Army air force.

He said high ranking Army and Navy officials have been asked to sanction the game which would be played for benefit of wounded war veterans.

Pittsburgh, Nov. 10 (AP) — Don Matthews, Pitt's hard-running right halfback, will captain the Panthers against unbeaten Ohio State at Columbus Saturday, Coach Clark Shaughnessey said Matthews will start in the game against the Buckeyes, along with Johnny Lazar, Bernie Sniscak and Paul Rickards, as the other backs.

MAROONS MEET MECHANICSBURG IN FINAL TILT

Gettysburg high school will wind up its 1944 football season this evening by meeting Mechanicsburg high in a Southern Pennsylvania conference game at Mechanicsburg.

The game holds much importance for both teams as it will probably decide which team will be forced into the cellar position of the circuit.

Based on the season's records alone it would appear the Maroons hold a slight advantage but Mechanicsburg's time-honored ability to upset the locals makes the outcome appear as a toss-up.

While the Maroons have won one game in seven played, Mechanicsburg has dropped seven tilts in as many starts. The Dry-men tripped Waynesboro 12-0 while the Tornado downed Mechanicsburg 19-0. Last week Mechanicsburg showed signs of gaining strength by holding Shippensburg to an 18-14 decision. The Greyhounds upset the Maroons 14-0 in the opening tilt of the season.

Alters Lineup

Coach Mel Dry announced that a vastly changed lineup will take the field against the Wildcats.

Starting in the backfield for the first time will be Fred Heatwole. Heatwole, who packs plenty of speed, has seen action in relief roles. A newcomer on the line will be Robert Heyser at guard.

The remainder of the starting lineup will be Sachs and Rasmussen, ends; Sanders and McDonnell, tackles; Shealer, guard; Sperry, center; Haehnlen, quarterback; Fidler, right halfback, and Hess, fullback.

Only four of the starters are seniors. They are Fidler, Haehnlen, Shealer and Sperry. Richard Epley, who has been out of action practically the whole season with a leg injury, and Joseph Stevenson and George Thrush, members of the varsity until recently, are also seniors.

Other Tilts

Tony Cernugel is expected to use the following lineup: Sheely and Powell, ends; Corbe and E. Stoner, tackles; L. Rider and Gerber, guards; Sunday, center; K. Rider, quarterback; F. House and G. Forry, halfbacks, and Hertzler, fullback.

The conference game holding the greatest interest tonight will be the Hershey-Hanover contest at Hanover which will determine the temporary and perhaps the permanent leader of the loop.

Chambersburg and Carlisle clash at Carlisle in another title-bearing conflict.

BIGLER SCRUBS TIE MAROONS

Scoring a touchdown on the final play of the game, the Biglerville high reserves gained a 6-6 deadlock with the Gettysburg high jayvee football team in a hard fought contest played here last Thursday afternoon.

The scoring was confined to the final period. Coach Fred Haehnlen's outfit tallied early in the quarter. Bucher intercepted a Biglerville pass and ran to the 15-yard stripe before being downed. After two line smashes Wolfgang hurled a pass to Rodgers for the score. A pass for the extra point failed.

Biglerville came back to tally after a 60-yard drive. The kickoff was returned to the 40-yard line. A mixture of passes and running plays advanced the ball to the Maroon 15 and then a first down was made on the two. The Haehnlen-men braced and threw Biglerville back to the 8-yard mark but a pass to Walters in the end zone in the last 15 seconds produced the tally. A line plunge for the point was halted as the game ended.

The play of the Biglerville forward wall in the first half was outstanding. Sheffer, Cole and Rodgers turned in nice performances for the locals.

Military ballots continued to arrive at the commissioners' office Thursday where eight were received in the morning mail, Clarence C. Smith, chief clerk to the county commissioners, reported.

The military votes will be counted November 22 but are not expected to have any effect on the final outcome of the election in this district because of the wide margins with which all local candidates carried the county.

WRITES OF HIS APPRECIATION FOR USO WORK

"I have learned to really appreciate the USO," Pvt. Frederick Harmon Furney, former local postal employe, now in the Infantry Replacement Training center at Camp Hood, Texas, wrote to The Gettysburg Times recently.

"I understand there is a drive on now for money for the United War Fund, which includes the USO. I visited a USO center in St. Louis, Mo., and one in Temple, Texas, and was impressed by this friendly link of the civilian with the serviceman. I urge anyone who can to give to this worthy cause."

Stating that he has been in the Army nearly two months, he writes that period has been long enough to "make me appreciate the news from home in the Service Edition of The Times. I wish to take time now to thank all of you on the staff for the time and work which I know is put into this edition.

"Invaluable" Training

"Here in Texas, I am receiving basic infantry training in an IRTC, that is, Infantry Replacement Training Center. They are giving us physical training that is really hardening the body, I know. The Army is educating me in the use and care of weapons that will be invaluable. They are giving us all a confidence in our weapons for we know we have the best equipment in the world.

"One of our officers here told us, 'You will probably learn more in three days of combat than we can teach you here in 17 weeks, but you will need these 17 weeks of training to stay alive those three days! I certainly would pity the person in combat without any training, but of course, the army does not do that.

"There is one other fellow from our local board No. 2 in my company. He was inducted at Harrisburg on September 1, also. He is Franklin (Pete) Pryor. He also has asked me to give you his thanks for the paper. He has lived in Harrisburg for the last three years but has many friends in Gettysburg.

In closing may I thank you again for the paper and may it keep on coming.

Sincerely,
Pvt. Frederick H. Furney,
Co. A 151st Bn 91st Reg.,

Worley Lead Is Increased To 3,010

Assemblyman Francis Worley's lead over his Democratic opponent, George E. Little, increased to 3,010 on the basis of unofficial figures with the discovery of an error in the entry of the legislative vote in Hamiltonban No. 1 on the record sheet brought to the court house late on election night.

The first figures showed Little received 72 votes and Worley 41. The figures did not compare with the vote given in that district to other candidates. A checkup showed the figures were wrong and that the right totals, appearing on the return sheet posted at the voting place, are: Little, 123, and Worley, 258.

The correct unofficial totals for the men are: Little, 5,279 and Worley, 8,289. Worley's total was second only to Dewey's in the county and his margin over his opponent was larger than that in any other county result.

Gettysburg high school will wind up its 1944 football season this evening by meeting Mechanicsburg high in a Southern Pennsylvania conference game at Mechanicsburg.

The game holds much importance for both teams as it will probably decide which team will be forced into the cellar position of the circuit.

Based on the season's records alone it would appear the Maroons hold a slight advantage but Mechanicsburg's time-honored ability to upset the locals makes the outcome appear as a toss-up.

While the Maroons have won one game in seven played, Mechanicsburg has dropped seven tilts in as many starts. The Dry-men tripped Waynesboro 12-0 while the Tornado downed Mechanicsburg 19-0. Last week Mechanicsburg showed signs of gaining strength by holding Shippensburg to an 18-14 decision. The Greyhounds upset the Maroons 14-0 in the opening tilt of the season.

Alters Lineup

Coach Mel Dry announced that a vastly changed lineup will take the field against the Wildcats.

Starting in the backfield for the first time will be Fred Heatwole. Heatwole, who packs plenty of speed, has seen action in relief roles. A newcomer on the line will be Robert Heyser at guard.

The remainder of the starting lineup will be Sachs and Rasmussen, ends; Sanders and McDonnell, tackles; Shealer, guard; Sperry, center; Haehnlen, quarterback; Fidler, right halfback, and Hess, fullback.

Only four of the starters are seniors. They are Fidler, Haehnlen, Shealer and Sperry. Richard Epley, who has been out of action practically the whole season with a leg injury, and Joseph Stevenson and George Thrush, members of the varsity until recently, are also seniors.

Other Tilts

Tony Cernugel is expected to use the following lineup: Sheely and Powell, ends; Corbe and E. Stoner, tackles; L. Rider and Gerber, guards; Sunday, center; K. Rider, quarterback; F. House and G. Forry, halfbacks, and Hertzler, fullback.

The conference game holding the greatest interest tonight will be the Hershey-Hanover contest at Hanover which will determine the temporary and perhaps the permanent leader of the loop.

Chambersburg and Carlisle clash at Carlisle in another title-bearing conflict.

BIGLER SCRUBS TIE MAROONS

Scoring a touchdown on the final play of the game, the Biglerville high reserves gained a 6-6 deadlock with the Gettysburg high jayvee football team in a hard fought contest played here last Thursday afternoon.

The scoring was confined to the final period. Coach Fred Haehnlen's outfit tallied early in the quarter. Bucher intercepted a Biglerville pass and ran to the 15-yard stripe before being downed. After two line smashes Wolfgang hurled a pass to Rodgers for the score. A pass for the extra point failed.

Biglerville came back to tally after a 60-yard drive. The kickoff was returned to the 40-yard line. A mixture of passes and running plays advanced the ball to the Maroon 15 and then a first down was made on the two. The Haehnlen-men braced and threw Biglerville back to the 8-yard mark but a pass to Walters in the end zone in the last 15 seconds produced the tally. A line plunge for the point was halted as the game ended.

The play of the Biglerville forward wall in the first half was outstanding. Sheffer, Cole and Rodgers turned in nice performances for the locals.

Military ballots continued to arrive at the commissioners' office Thursday where eight were received in the morning mail, Clarence C. Smith, chief clerk to the county commissioners, reported.

The ballots returned Thursday brought to 886 the total received from the 2,526 mailed to the Adams county men and women in the armed forces. The military votes will be counted November 22 but are not expected to have any effect on the final outcome of the election in this district because of the wide margins with which all local candidates carried the county.

WRITES OF HIS APPRECIATION FOR USO WORK

"I have learned to really appreciate the USO," Pvt. Frederick Harmon Furney, former local postal employe, now in the Infantry Replacement Training center at Camp Hood, Texas, wrote to The Gettysburg Times recently.

"I understand there is a drive on now for money for the United War Fund, which includes the USO. I visited a USO center in St. Louis, Mo., and one in Temple, Texas, and was impressed by this friendly link of the civilian with the serviceman. I urge anyone who can to give to this worthy cause."

Stating that he has been in the Army nearly two months, he writes that period has been long enough to "make me appreciate the news from home in the Service Edition of The Times. I wish to take time now to thank all of you on the staff for the time and work which I know is put into this edition.

"Invaluable" Training

"Here in Texas, I am receiving basic infantry training in an IRTC, that is, Infantry Replacement Training Center. They are giving us physical training that is really hardening the body. I know. The Army is educating me in the use and care of weapons that will be invaluable. They are giving us all a confidence in our weapons for we know we have the best equipment in the world.

"One of our officers here told us, 'You will probably learn more in three days of combat than we can teach you here in 17 weeks, but you will need these 17 weeks of training to stay alive those three days! I certainly would pity the person in combat without any training, but of course, the army does not do that.

"There is one other fellow from our local board No. 2 in my company. He was inducted at Harrisburg on September 1, also. He is Franklin (Pete) Pryor. He also has asked me to give you his thanks for the paper. He has lived in Harrisburg for the last three years but has many friends in Gettysburg.

In closing may I thank you again for the paper and may it keep on coming.

Sincerely,
Pvt. Frederick H. Furney,
Co. A 151st Bn 91st Reg.,

Worley Lead Is Increased To 3,010

Assemblyman Francis Worley's lead over his Democratic opponent, George E. Little, increased to 3,010 on the basis of unofficial figures with the discovery of an error in the entry of the legislative vote in Hamiltonban No. 1 on the record sheet brought to the court house late on election night.

The first figures showed Little received 72 votes and Worley 41. The figures did not compare with the vote given in that district to other candidates. A checkup showed the figures were wrong and that the right totals, appearing on the return sheet posted at the voting place, are: Little, 123, and Worley, 258.

The correct unofficial totals for the men are: Little, 5,279 and Worley, 8,289. Worley's total was second only to Dewey's in the county and his margin over his opponent was larger than that in any other county result.
